

Be Financially Fit

HelloFresh 401(k) Retirement Savings Plan

We are excited to offer you a robust retirement plan with a variety of resources to guide you on the road of financial wellness. Take some time to review key features of the HelloFresh 401(k) Retirement Savings Plan (Plan) on the reverse side of this flyer.

Reasons to save in the Plan

Because the longer you save, the more potential your money has to grow!

Your before-tax contributions, as well as any returns, grow tax-deferred until withdrawn, while Roth contributions and related earnings are Federal income tax-free for qualified withdrawals.

While it's never too late to start saving, here's an example of how much more you could have by starting early:

If you start saving **\$20** a month for:

5 Years	\$1,507
10 Years	\$3,525
15 Years	\$6,225

If you start saving **\$200** a month for:

20 Years	\$92,621
30 Years	\$201,485
40 Years	\$399,710

(Potential retirement savings)

How did we come up with these numbers? These illustrations are hypothetical, are not guaranteed, and are not intended to reflect the performance of any specific investment or security. These examples assume a 6% hypothetical annual return compounded bi-weekly. There is no assurance that increasing contributions will generate investment success, as systematic investing does not ensure a profit nor guarantee against loss. You should consider your financial ability to continue investing consistently in up as well as down markets. In addition, these figures do not reflect taxes or any fees, expenses or charges of any investment product. Your results will vary.

Interactive Resources

Track your retirement progress on the Plan website or the Voya Retire Mobile App where you can:

- Get an estimate of the monthly income you may need in retirement and where you stand today.
- Use the interactive sliders to try different saving, investment and retirement-age scenarios.
- Input outside income sources, such as a prior employer's plan.
- See the impact of taking Social Security at different ages and explore how estimated healthcare costs in retirement might impact your income needs.

IMPORTANT: The illustrations or other information generated by the calculators are hypothetical in nature, do not reflect actual investment results, and are not guarantees of future results.
