As the policy builds cash value, you can achieve your financial goals or borrow against it should you need to.

Meeting Your Needs

- You choose a fully-guaranteed death benefit (premiums payable to age 95) to leave behind, or if you live to age 121, a lump-sum maturity benefit is paid
- Coverage for spouse and children available through separate certificate or rider¹
- Premiums are affordable and conveniently payroll deducted
- Coverage may be continued if you leave employment; refer to your certificate for details

With Allstate Benefits Group Whole Life, you can enjoy protection for the future while building peace of mind right now. **Practical benefits for everyday living.**[®]

DID YOU KNOW ?

Reasons for purchasing life coverage include: replace income, final expenses, wealth transfer, and mortgage payoff.²

Common financial concerns among Americans include: the ability to afford long-term care, medical and disability expenses, retirement, investments, living debt/expenses and final expenses.²

*Allstate Benefits is the marketing name used by American Heritage Life Insurance Company, a subsidiary of The Allstate Corporation. ¹Coverage for spouse and child(ren) may be limited to a percentage of the employee's face amount in some states. ²2019 Insurance Barometer Study, LIMRA

Like any adult who has emotional and financial responsibilities, we think about how our family would make ends meet if we died unexpectedly. Most importantly, we may think about the debt we leave behind.

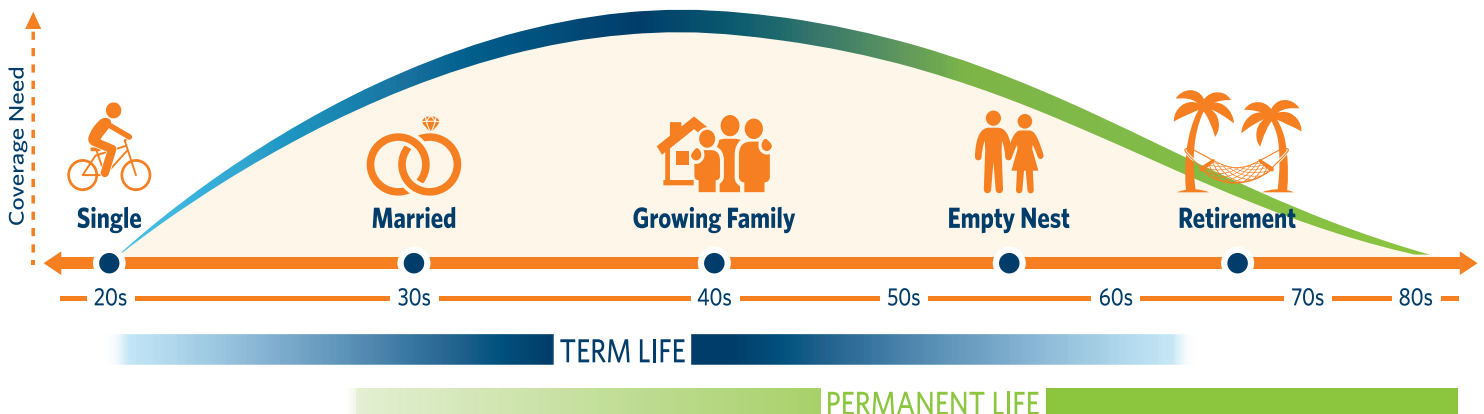

Here is what we may consider:

- The cost of funerals often leaves a financial commitment behind for surviving loved ones
- Money for day-to-day living expenses such as food, gas, and electricity will be needed
- A substantial mortgage or rental payment may still be owed
- Child care and education expenses for children

Coverage for all stages of life

As people move through the stages of life, certain factors dictate the type of life insurance they need. During working years, an employer may provide Term Life insurance, but the wraparound coverage of our Group Whole Life product can help give peace of mind because the money you spent builds cash value that you can use later in life or add to the term benefit payout. The graph below illustrates the need for term and permanent whole life insurance throughout the various stages of life.

The examples above detail fictional thought processes and needs; your individual needs and reasons for coverage may vary.

Using your cash benefits

Cash benefits provide you with options, because you or your beneficiary get to decide how to use them.

Finances

Cash benefits can help protect your HSAs, savings, retirement plans and 401ks from being depleted

Home

Your beneficiary can use the cash benefits to help pay the mortgage, continue rental payments, or perform needed home repairs

Expenses

The cash benefit can be used to help pay for medical and living expenses such as bills, electricity and gas

†With proper planning, the death benefit can pass to your beneficiaries free from state or federal estate taxes. Please consult with your tax advisor for specific information.

You may be required to answer health questions at enrollment. Coverage may be available with reduced underwriting through your employer during your initial enrollment period. If you enroll after your initial enrollment period, answers to health questions are required.

Prepare for the future today

One way you can determine if you and your family need the coverage is to review the list below and check some or all that apply to you and your family.

- You're the primary wage earner in your family
- Your family would have trouble living comfortably without your income
- You have regular debts, like mortgage, car payment or credit cards
- You have children under 18
- You want permanent, fully guaranteed coverage
- You'd like to offer a tax-free death benefit to your beneficiary†

Here's how Whole Life works

Premiums are payable to age 95 and are conveniently payroll deducted. The longer the policy coverage continues and premiums are paid, the more the cash value builds.

Cash values and payments

As premiums are paid, the policy is building cash value over time. Premiums are guaranteed at issue and the coverage becomes fully paid-up at age 95 if all premiums have been paid.

If the decision is made to stop paying premiums after the coverage is effective and has developed cash value, various non-forfeiture options are available.

Extended Term Insurance (ETI) is the default non-forfeiture option when premium payments stop and there is no active selection made to continue coverage. ETI reduces the duration of coverage (now a shorter term instead of whole life), but provides the same amount of death benefit.

Benefits

Whole Life Insurance provides either:

- Death Benefit - pays a lump-sum cash benefit when the insured dies; or
- Maturity Benefit - pays a lump-sum cash benefit if the insured is still living at age 121

OPTIONAL/ADDITIONAL RIDER BENEFITS³

Accelerated Death Benefit for Terminal Illness or Condition* - an advance of the death benefit, up to 75% of the certificate face amount, when certified terminally ill

Children's Term⁴ - level term insurance for each covered dependent child under age 26

Accelerated Death Benefit for Long Term Care** - a monthly advance of up to 4% of the death benefit for up to 25 full months while receiving qualified long-term care services after a 90-day elimination period when certified chronically ill by a licensed health care practitioner

³The riders have exclusions and limitations, may vary in availability by issue or termination age, and may not be available to all covered dependents or in all states. Additional premiums may be required for riders added to coverage.

⁴Subject to state limits on dependent life coverage. *Premiums are waived after payment of benefit. **Premiums are waived for the months when the benefit is payable.
