Accident and Health Claims Provisions

Your right to make a claim for any *accident and health* benefits provided by this *plan,* is governed as follows:

Notice You must send us written notice of an *injury* or *sickness* for which a claim is being made within 20 days of the date the *injury* occurs or the *sickness* starts. This notice should include your name and *plan* number. If the claim is being made for one of your *covered dependents,* his or her name should also be noted.

Proof of Loss We'll furnish you with forms for filing proof of loss within 15 days of receipt of notice. But if we don't furnish the forms on time, we'll accept a written description and adequate documentation of the *injury* or *sickness* that is the basis of the claim as proof of loss. You must detail the nature and extent of the loss for which the claim is being made. You must send us written proof within 90 days of the loss.

If this plan provides weekly loss-of-time insurance, you must send us written proof of loss within 90 days of the end of each period for which we're liable. If this plan provides long term disability income insurance, you must send us written proof of loss within 90 days of the date we request it. For any other loss, you must send us written proof within 90 days of the loss.

Late Notice of Proof We won't void or reduce your claim if you can't send us notice and proof of loss within the required time. But you must send us notice and proof as soon as reasonably possible.

Payment of Benefits We'll pay benefits for loss of income once every 30 days for as long as we're liable, provided you submit periodic written proof of loss as stated above. We'll pay all other *accident and health* benefits to which you're entitled as soon as we receive written proof of loss.

We pay all *accident and health* benefits to you, if you're living. If you're not living, we have the right to pay all *accident and health* benefits, except dismemberment benefits, to one of the following: (a) your estate; (b) your spouse; (c) your parents; (d) your children; (e) your brothers and sisters; and (f) any unpaid provider of health care services. See "Your Accidental Death and Dismemberment Benefits" for how dismemberment benefits are paid.

When you file proof of loss, you may direct us, in writing, to pay health care benefits to the recognized provider of health care who provided the covered service for which benefits became payable. We may honor such direction at our option. But we can't tell you that a particular provider must provide such care. And you may not assign your right to take legal action under this *plan* to such provider.

Limitations of Actions

You can't bring a legal action against this *plan* until 60 days from the date you file proof of loss. And you can't bring legal action against this *plan* after three years from the date you file proof of loss.

An Important Notice About Continuation Rights

The following "Federal Continuation Rights" section may not apply to the employer's plan. The employee must contact his employer to find out if: (a) the employer is subject to the "Federal Continuation Rights" section, and therefore; (b) the section applies to the employee.

YOUR CONTINUATION RIGHTS

Federal Continuation Rights

Important Notice

This notice contains important information about the right to continue group dental coverage. In addition to the continuation rights described below, other health coverage alternatives may be available through states' Health Insurance Marketplaces. Please read the information contained in this notice very carefully.

This section applies only to any dental, out-of-network point-of-service medical, major medical, prescription drug or vision coverages which are part of this plan. In this section, these coverages are referred to as "group health benefits."

This section does not apply to any coverages which apply to loss of life, or to loss of income due to disability. These coverages can not be continued under this section.

Under this section, "qualified continuee" means any person who, on the day before any event which would qualify him or her for continuation under this section, is covered for group health benefits under this plan as: (a) an active, covered employee; (b) the spouse of an active covered employee; or (c) the dependent child of an active, covered employee. A child born to, or adopted by, the covered employee during a continuation period is also a qualified continuee. Any other person who becomes covered under this plan during a continuation provided by this section is not a qualified continuee.

Conversion

Continuing the group health benefits does not stop a qualified continuee from converting some of these benefits when continuation ends. But, conversion will be based on any applicable conversion privilege provisions of this plan in force at the time the continuation ends.

If Your Group Health Benefits End

If your group health benefits end due to your termination of employment or reduction of work hours, you may elect to continue such benefits for up to 18 months, if you were not terminated due to gross misconduct.

The continuation: (a) may cover you or any other qualified continuee; and (b) is subject to "When Continuation Ends".

Extra Continuation for Disabled Qualified Continuees

If a qualified continuee is determined to be disabled under Title II or Title XVI of the Social Security Act on or during the first 60 days after the date his or her group health benefits would otherwise end due to your termination of employment or reduction of work hours, and such disability lasts at least until the end of the 18 month period of continuation coverage, he or she or any member of that person's family who is a qualified continuee may elect to extend his or her 18 month continuation period explained above for up to an extra 11 months.

To elect the extra 11 months of continuation, a qualified continuee must give your employer written proof of Social Security's determination of the disabled qualified continuee's disability as described in "The Qualified Continuee's Responsibilities". If, during this extra 11 month continuation period, the qualified continuee is determined to be no longer disabled under the Social Security Act, he or she must notify your employer within 30 days of such determination, and continuation will end, as explained in "When Continuation Ends."

This extra 11 month continuation is subject to "When Continuation Ends".

An additional 50% of the total premium charge also may be required from all qualified continuees who are members of the disabled qualified continuee's family by your employer during this extra 11 month continuation period, provided the disabled qualified continuee has extended coverage.

If You Die While Insured

If you die while insured, any qualified continuee whose group health benefits would otherwise end may elect to continue such benefits. The continuation can last for up to 36 months, subject to "When Continuation Ends".

All Options

If Your Marriage Ends

If your marriage ends due to legal divorce or legal separation, any qualified continuee whose group health benefits would otherwise end may elect to continue such benefits. The continuation can last for up to 36 months, subject to "When Continuation Ends".

If a Dependent Child Loses Eligibility

If a dependent child's group health benefits end due to his or her loss of dependent eligibility as defined in this plan, other than your coverage ending, he or she may elect to continue such benefits. However, such dependent child must be a qualified continuee. The continuation can last for up to 36 months, subject to "When Continuation Ends".

Concurrent Continuations

If a dependent elects to continue his or her group health benefits due to your termination of employment or reduction of work hours, the dependent may elect to extend his or her 18 month or 29 month continuation period to up to 36 months, if during the 18 month or 29 month continuation period, the dependent becomes eligible for 36 months of continuation due to any of the reasons stated above.

The 36 month continuation period starts on the date the 18 month continuation period started, and the two continuation periods will be deemed to have run concurrently.

Special Medicare Rule

If you become entitled to Medicare before a termination of employment or reduction of work hours, a special rule applies for a dependent. The continuation period for a dependent, after your later termination of employment or reduction of work hours, will be the longer of: (a) 18 months (29 months if there is a disability extension) from your termination of employment or reduction of work hours; or (b) 36 months from the date of your earlier entitlement to Medicare. If Medicare entitlement occurs more than 18 months before termination of employment or reduction of work hours, this special Medicare rule does not apply.

The Qualified Continuee's Responsibilities

A person eligible for continuation under this section must notify your employer, in writing, of: (a) your legal divorce or legal separation from your spouse; (b) the loss of dependent eligibility, as defined in this plan, of an insured dependent child; (c) a second event that would qualify a person for continuation coverage after a qualified continuee has become entitled to continuation with a maximum of 18 or 29 months; (d) a determination by the Social Security Administration that a qualified continuee entitled to receive continuation with a maximum of 18 months has become disabled during the first 60 days of such continuation; and (e) a determination by the Social Security Administration that a qualified continuee is no longer disabled.

Notice of an event that would qualify a person for continuation under this section must be given to your employer by a qualified continuee within 60 days of the latest of: (a) the date on which an event that would qualify a person for continuation under this section occurs; (b) the date on which the qualified continuee loses (or would lose) coverage under this plan as a result of the event; or (c) the date the qualified continuee is informed of the responsibility to provide notice to your employer and this plan's procedures for providing such notice.

Notice of a disability determination must be given to your employer by a qualified continuee within 60 days of the latest of: (a) the date of the Social Security Administration determination; (b) the date of the event that would qualify a person for continuation; (c) the date the qualified continuee loses or would lose coverage; or (d) the date the qualified continuee is informed of the responsibility to provide notice to your employer and this plan's procedures for providing such notice. But such notice must be given before the end of the first 18 months of continuation coverage.

All Options

Your Employer's Responsibilities

A qualified continuee must be notified, in writing, of: (a) his or her right to continue this plan's group health benefits; (b) the premium he or she must pay to continue such benefits; and (c) the times and manner in which such payments must be made.

Your employer must give notice of the following qualifying events to the plan administrator within 30 days of the event: (a) your death; (b) termination of employment (other than for gross misconduct) or reduction in hours of employment; (c) Medicare entitlement; or (d) if you are a retired employee, a bankruptcy proceeding under Title 11 of the United States Code with respect to the employer. Upon receipt of notice of a qualifying event from your employer or from a qualified continuee, the plan administrator must notify a qualified continuee of the right to continue this plan's group health benefits no later than 14 days after receipt of notice.

If your employer is also the plan administrator, in the case of a qualifying event for which an employer must give notice to a plan administrator, your employer must provide notice to a qualified continuee of the right to continue this plan's group health benefits within 44 days of the qualifying event.

If your employer determines that an individual is not eligible for continued group health benefits under this plan, they must notify the individual with an explanation of why such coverage is not available. This notice must be provided within the time frame described above.

If a qualified continuee's continued group health benefits under this plan are cancelled prior to the maximum continuation period, your employer must notify the qualified continuee as soon as practical following determination that the continued group health benefits shall terminate.

Your Employer's Liability

Your employer will be liable for the qualified continuee's continued group health benefits to the same extent as, and in place of, us, if: (a) he or she fails to remit a qualified continuee's timely premium payment to us on time, thereby causing the qualified continuee's continued group health benefits to end; or (b) he or she fails to notify the qualified continuee of his or her continuation rights, as described above.

Election of Continuation

To continue his or her group health benefits, the qualified continuee must give your employer written notice that he or she elects to continue. This must be done by the later of: (a) 60 days from the date a qualified continuee receives notice of his or her continuation rights from your employer as described above; or (b) the date coverage would otherwise end. And the qualified continuee must pay his or her first premium in a timely manner.

The subsequent premiums must be paid to your employer, by the qualified continuee, in advance, at the times and in the manner specified by your employer. No further notice of when premiums are due will be given.

The premium will be the total rate which would have been charged for the group health benefits had the qualified continuee stayed insured under the group plan on a regular basis. It includes any amount that would have been paid by your employer. Except as explained in "Extra Continuation for Disabled Qualified Continuees", an additional charge of two percent of the total premium charge may also be required by your employer.

If the qualified continuee fails to give your employer notice of his or her intent to continue, or fails to pay any required premiums in a timely manner, he or she waives his or her continuation rights.

Grace in Payment of Premiums

A qualified continuee's premium payment is timely if, with respect to the first payment after the qualified continuee elects to continue, such payment is made no later than 45 days after such election. In all other cases, such premium payment is timely if it is made within 31 days of the specified due date. If timely payment is made to the plan in an amount that is not significantly less than the amount the plan requires to be paid for the period of coverage, then the amount paid is deemed to satisfy the requirement for the premium that must be paid; unless your employer notifies the qualified continuee of the amount of the deficiency and grants an additional 30 days for payment of the deficiency to be made. Payment is calculated to be made on the date on which it is sent to your employer.

When Continuation Ends

A qualified continuee's continued group health benefits end on the first of the following:

(1) with respect to continuation upon your termination of employment or reduction of work hours, the end of the 18 month period which starts on the date the group health benefits would otherwise end;

(2) with respect to a qualified continuee who has an additional 11 months of continuation due to disability, the earlier of: (a) the end of the 29 month period which starts on the date the group health benefits would otherwise end; or (b) the first day of the month which coincides with or next follows the date which is 30 days after the date on which a final determination is made that the disabled qualified continuee is no longer disabled under Title II or Title XVI of the Social Security Act;

(3) with respect to continuation upon your death, your legal divorce, or legal separation, or the end of an insured dependent's eligibility, the end of the 36 month period which starts on the date the group health benefits would otherwise end;

(4) the date the employer ceases to provide any group health plan to any employee;

(5) the end of the period for which the last premium payment is made;

(6) the date, after the date of election, he or she becomes covered under any other group health plan which does not contain any pre-existing condition exclusion or limitation affecting him or her; or

(7) the date, after the date of election, he or she becomes entitled to Medicare.

Uniformed Services Continuation Rights

If you enter or return from military service, you may have special rights under this *plan* as a result of the Uniformed Services Employment and Reemployment Rights Act of 1994 ("USERRA").

If your group health benefits under this *plan* would otherwise end because you enter into active military service, this *plan* will allow you, or your dependents, to continue such coverage in accord with the provisions of USERRA. As used here, "group health benefits" means any dental, out-of-network point-of service medical, major medical, prescription drug or vision coverages which are part of this *plan.*

Coverage under this plan may be continued while you are in the military for up to a maximum period of 24 months beginning on the date of absence from work. Continued coverage will end if you fail to return to work in a timely manner after military service ends as provided under USERRA. You should contact your employer for details about this continuation provision including required premium payments.

Employee Coverage

Eligible Employees

To be eligible for *employee* coverage you must be an active *full-time employee.* And you must belong to a class of *employees* covered by this *plan.*

If you do this: (a) more than 31 days after you first become eligible; or (b) after you previously had coverage which ended because you failed to make a required payment, we consider you to be a late entrant.

If you initially waived dental coverage under this *plan* because you were covered under another group *plan,* and you now elect to enroll in the dental coverage under this *plan,* the Penalty for Late Entrants provision will not apply to you with regard to dental coverage provided your coverage under the other *plan* ends due to one of the following events: (a) termination of your spouse's employment; (b) loss of eligibility under your spouse's *plan;* (c) divorce; (d) death of your spouse; or (e) termination of the other *plan.*

When Your Coverage Starts

Employee benefits are scheduled to start on your effective date.

But you must be actively at work on a *full-time* basis on the scheduled effective date. And you must have met all of the applicable conditions explained above, and any applicable waiting period. If you are not actively at work on the date your insurance is scheduled to start, we will postpone your coverage until the date you return to active *full-time* work.

Sometimes, your effective date is not a regularly scheduled work day. But coverage will still start on that date if you were actively at work on a *full-time* basis on your last regularly scheduled work day.

When Your Coverage Ends

Your coverage ends on the date your active *full-time* service ends for any reason, other than disability. Such reasons include death, retirement, layoff, leave of absence and the end of employment.

It also ends on the date you stop being a member of a class of *employees* eligible for insurance under this *plan,* or when this *plan* ends for all *employees.* And it ends when this *plan* is changed so that benefits for the class of *employees* to which you belong ends.

If you are required to pay all or part of the cost of this coverage and you fail to do so, your coverage ends. It ends on the last day of the period for which you made the required payments, unless coverage ends earlier for other reasons.

Read this booklet carefully if your coverage ends. You may have the right to continue certain group benefits for a limited time.

Important Notice

This section may not apply. You must contact your *employer* to find out if your *employer* must allow for a leave of absence under federal law. In that case the section applies.

Group coverage may normally end for an *employee* because he or she ceases work due to an approved leave of absence. But, the *employee* may continue his or her group coverage if the leave of absence has been granted: (a) to allow the *employee* to care for a seriously injured or ill spouse, child, or parent; (b) after the birth or adoption of a child; (c) due to the *employee's* own serious health condition; or (d) because of any serious injury or illness arising out of the fact that a spouse, child, parent, or next of kin, who is a covered servicemember, of the *employee* is on active duty (or has been notified of an impending call or order to active duty) in the Armed Forces in support of a contingency operation. The *employee* will be required to pay the same share of the premium as he or she paid before the leave of absence.

When Continuation Ends

Coverage may continue until the earliest of the following:

When Dependent Coverage Starts

In order for your dependent coverage to begin you must already be insured for employee coverage or enroll for employee and dependent coverage at the same time. Subject to the "Exception" stated below and to all of the terms of this plan , the date your dependent coverage starts depends on when you elect to enroll your initial *dependents* and agree to make any required payments.

If you do this on or before your eligibility *date,* the dependent's coverage is scheduled to start on the later of your eligibility *date* and the date you become insured for employee coverage.

If you do this within the *enrollment period,* the coverage is scheduled to start on the date you become insured for employee coverage.

If you do this after the enrollment *period* ends, each of your initial *dependents* is a late entrant and is subject to any applicable late entrant penalties. The dependent's coverage is scheduled to start on the date you sign the enrollment form.

Once you have dependent coverage for your initial *dependents,* you must notify us when you acquire any new dependents and agree to make any additional payments required for their coverage.

If you do this within 31 days of the date the newly *acquired dependent* becomes eligible, the dependent's coverage will start on the date the dependent first becomes eligible. If you fail to notify us on time, the newly *acquired dependent,* when enrolled, is a late entrant and is subject to any applicable late entrant penalties. If you do not have dependent coverage when the child is born, we cover the child for the first 31 days from the moment of birth. To continue the child's coverage past the 31 days, you must enroll the child and agree to make any required premium payments within 31 days of the date the child is born. If you fail to do this, the child's coverage will end at the end of the 31 days, and once the child is enrolled, the child is a late entrant, is subject to any applicable late entrant penalties, and will be covered as of the date you sign the enrollment form.

When Dependent Coverage Ends Dependent coverage ends for all of your dependents when your coverage ends. But if you die while insured, we'll automatically continue dependent benefits for those of your dependents who were insured when you died. We'll do this for six months at no cost, provided: (a) the group plan remains in force; (b) the dependents remain *eligible dependents;* and (c) in the case of a spouse, the spouse does not remarry.

If a surviving dependent elects to continue his or her dependent benefits under this *plan's* "Federal Continuation Rights" provision, or under any other continuation provision of this *plan,* if any, this free continuation period will be provided as the first six months of such continuation. Premiums required to be paid by, or on behalf of a surviving dependent will be waived for the first six months of continuation, subject to restrictions (a), (b) and (c) above. After the first six months of continuation, the remainder of the continuation period, if any, will be subject to the premium requirements, and all of the terms of the "Federal Continuation Rights" or other continuation provisions.

Dependent coverage also ends for all of your dependents when you stop being a member of a class of *employees* eligible for such coverage. And it ends when this *plan* ends, or when dependent coverage is dropped from this *plan* for all *employees* or for an *employee's* class.

If you are required to pay all or part of the cost of dependent coverage, and you fail to do so, your dependent coverage ends. It ends on the last day of the period for which you made the required payments, unless coverage ends earlier for other reasons.

An individual dependent's coverage ends when he or she stops being an *eligible dependent.* This happens to a child at 12:01 a.m. on the date the child attains this coverage's age limit. It happens to a spouse when a marriage ends in legal divorce or annulment.

Read this *plan* carefully if dependent coverage ends for any reason. Dependents may have the right to continue certain group benefits for a limited time.

DENTAL EXPENSE INSURANCE

DentalGuard Preferred - This Plan's Dental Preferred Provider Organization

This *plan* is designed to provide high quality dental care while controlling the cost of such care. To do this, the *plan* encourages a *covered person* to seek dental care from *dentists* and dental care facilities that are under contract with *Guardian's dental preferred provider organization (PPO),* which is called DentalGuard Preferred.

The dental PPO is made up of *preferred providers* in a covered person's geographic area. Use of the dental PPO is voluntary. A *covered person* may receive dental treatment from any dental provider he or she chooses. And he or she is free to change providers anytime.

This *plan* usually pays a higher level of benefits for covered treatment furnished by a *preferred provider.* Conversely, it usually pays less for covered treatment furnished by a *non-preferred provider.*

When an *employee* enrolls in this *plan,* he or she and his or her dependents receive a dental plan ID card and information about current *preferred providers.*

A *covered person* must present his or her ID card when he or she uses a *preferred provider.* Most *preferred providers* prepare necessary claim forms for the *covered person,* and submit the forms to *us.* We send the *covered person* an explanation of this *plan's* benefit payments, but any benefit payable by us is sent directly to the *preferred provider.*

What *we* pay is based on all of the terms of this *plan.* Please read this *plan* carefully for specific benefit levels, deductibles, *payment rates* and *payment limits.*

A *covered person* may call the Guardian at the number shown on his or her ID card should he or she have any questions about this *plan.*

CGP-3-DGY2K-PPO B498.0151

Covered Charges

Whether a *covered person* uses the services of a *preferred provider* or a *non-preferred provider,* covered charges are the charges listed in the fee schedule the *preferred provider* has agreed to accept as payment in full, for the dental services listed in this *plan's* List of Covered Dental Services.

To be covered by this *plan,* a service must be: (a) necessary; (b) appropriate for a given condition; and (c) included in the List of Covered Dental Services.

We may use the professional review of a *dentist* to determine the appropriate benefit for a dental procedure or course of treatment.

When certain comprehensive dental procedures are performed, other less extensive procedures may be performed prior to, at the same time or at a later date. For benefit purposes under this *plan,* these less extensive procedures are considered to be part of the more comprehensive procedure. Even if the *dentist* submits separate bills, the total benefit payable for all related charges will be limited to the maximum benefit payable for the more comprehensive procedure. For example, osseous surgery includes the procedure scaling and root planing. If the scaling and root planing is performed one or two weeks prior to the osseous surgery, we may only pay benefits for the osseous surgery.

We only pay benefits for covered charges incurred by a *covered person* while he or she is insured by this *plan.* A covered charge for a crown, bridge or cast restoration is incurred on the date the tooth is initially prepared. A covered charge for any other *dental prosthesis* is incurred on the date the first master impression is made. A covered charge for root canal treatment is incurred on the date the pulp chamber is opened. A covered charge for *orthodontic treatment* is incurred on the date the *active orthodontic appliance* is first placed. All other covered charges are incurred on the date the services are furnished. If a service is started while a *covered person* is insured, *we'll* only pay benefits for services which are completed within 31 days of the date his or her coverage under this *plan* ends.

Alternate Treatment

If more than one type of service can be used to treat a dental condition, *we* have the right to base benefits on the least expensive service which is within the range of professionally accepted standards of dental practice as determined by *us.* For example, in the case of bilateral multiple adjacent teeth, or multiple missing teeth in both quadrants of an arch, the benefit will be based on a removable partial denture. In the case of a composite filling on a *posterior tooth*, the benefit will be based on the corresponding amalgam filling benefit.

Proof Of Claim

So that *we* may pay benefits accurately, the *covered person* or his or her *dentist* must provide *us* with information that is acceptable to *us.* This information may, at *our* discretion, consist of radiographs, study models, periodontal charting, narratives or other diagnostic materials that document *proof of claim* and support the necessity of the proposed treatment. If *we* don't receive the necessary information, *we* may pay no benefits, or minimum benefits. However, if *we* receive the necessary information within 15 months of the date of service, *we* will redetermine the *covered person's* benefits based on the new information.

Pre-Treatment Review

When the expected cost of a proposed course of treatment is $300.00 or more, the *covered person's dentist* should send us a treatment plan before he or she starts. This must be done on a form acceptable to *Guardian.* The treatment plan must include: (a) a list of the services to be done, using the American Dental Association Nomenclature and codes; (b) the itemized cost of each service; and (c) the estimated length of treatment. In order to evaluate the treatment plan, dental radiographs, study models and whatever else will document the necessity of the proposed course of treatment, must be sent to *us.*

A treatment plan should always be sent to us before orthodontic treatment starts.

We review the treatment plan and estimate what we will pay. We will send the estimate to the covered person and/or the covered person's dentist. If the treatment plan is not consistent with accepted standards of dental practice, or if one is not sent to us, we have the right to base our benefit payments on treatment appropriate to the covered person's condition using accepted standards of dental practice.

The covered person and his or her dentist have the opportunity to have services or a treatment plan reviewed before treatment begins. Pre-treatment review is not a guarantee of what we will pay. It tells the covered person, and his or her dentist, in advance, what we would pay for the covered dental services listed in the treatment plan. But, payment is conditioned on: (a) the services being performed as proposed and while the covered person is insured; and (b) the deductible, payment rate and payment limits provisions, and all of the other terms of this plan.

Emergency treatment, oral examinations, evaluations, dental radiographs and teeth cleaning are part of a course of treatment, but may be done before the pre-treatment review is made.

We won't deny or reduce benefits if pre-treatment review is not done. But what we pay will be based on the availability and submission of proof of claim.

Benefits From Other Sources

Other plans may furnish benefits similar to the benefits provided by this *plan.* For instance, you may be covered by this *plan* and a similar plan through your spouse's employer. You may also be covered by this *plan* and a medical plan. In such instances, we coordinate *our* benefits with the benefits from that other plan. *We* do this so that no one gets more in benefits than the charges he or she incurs. Penalty For Late Entrants

During the first 6 months that a late entrant is covered by this *plan, we* won't pay for the following services:

- All Group II Services.

During the first 12 months a late entrant is covered by this *plan, we* won't pay for the following services:

- All Group III Services.

During the first 24 months a late entrant is covered by this *plan, we* won't pay for the following services:

- All Group IV Services.

Charges for the services we don't cover under this provision are not considered to be covered charges under this *plan,* and therefore can't be used to meet this *plan's* deductibles.

We don't apply a late entrant penalty to covered charges incurred for services needed solely due to an *injury* suffered by a *covered person* while insured by this *plan.*

A late entrant is a person who: (a) becomes covered by this dental *plan* more than 31 days after he or she is eligible; or (b) becomes covered again, after his or her coverage lapsed because he or she did not make required payments.

How We Pay Benefits For Group I, II And III Non-Orthodontic Services

There is no deductible for Group I services and for Group II and III services provided by a *preferred provider. We* pay for all Group I and for Group II and III PPO covered charges at the applicable *payment rate.*

A *benefit year* deductible of $50.00 applies to Group II and III services provided by a *non-preferred provider.* Each *covered person* must have covered charges from these service groups which exceed the applicable deductible before *we* pay him or her any benefits for such charges. These charges must be incurred while the *covered person* is insured.

Once a *covered person* meets the deductible, *we* pay for his or her Group II and III Non-PPO covered charges above that amount at the applicable *payment rate* for the rest of that *benefit year.*

The Benefit Provision - Qualifying For Benefits

Rollover of Benefit Year Payment Limit for Group I, II and III Non-Orthodontic Services

A *covered person* may be eligible for a rollover of a portion of his or her unused *benefit year* payment limit for Group I, II and III Non-Orthodontic Services, as follows:

If a *covered person* submits at least one claim for covered charges during a *benefit year* and, in that *benefit year,* receives benefits that are in excess of any deductible or co-pay fees, and that, in total, do not exceed the *Rollover Threshold,* he or she may be entitled to a Reward.

Note: If all of the benefits that a *covered person* receives in a *benefit year* are for services provided by a *preferred provider,* he or she may be entitled to a greater *Reward* than if any of the benefits are for services of a *non-preferred provider.*

Rewards can accrue and are stored in the *covered person's Bank.* If a *covered person* reaches his or her *benefit year* payment limit for Group I, II and III Non-Orthodontic Services, we pay benefits up to the amount stored in the *covered person's Bank.* The amount of *Reward* stored in the *Bank* may not be greater than the *Bank Maximum.*

A *covered person's Bank* may be eliminated, and the accrued *Reward* lost, if he or she has a break in coverage of any length of time, for any reason.

The amounts of this *plan's Rollover Threshold, Reward,* and *Bank Maximum* are:

- *Rollover Threshold* $700.00
- *Reward* (if all benefits are for services provided by a *preferred provider)* $500.00
- *Reward* (if any benefits are for services provided by a *non-preferred provider)* $350.00
- *Bank Maximum* $1,250.00

If this *plan's* dental coverage first becomes effective in October, November or December, this rollover provision will not apply until January 1 of the first full *benefit year.* And, if the effective date of a *covered person's* dental coverage is in October, November or December, this rollover provision will not apply to the covered person until January 1 of the next full *benefit year.* In either case:

- only claims incurred on or after January 1 will count toward the *Rollover Threshold;* and
- *Rewards* will not be applied to a *covered person's Bank* until the *benefit year* that starts one year from the date the rollover provision first applies.

If charges for any dental services are not payable for a *covered person* for a period set forth in the provision of this *plan* called Penalty for Late Entrants, this rollover provision will not apply to the *covered person* until the end of such period. And, if such period ends within the three months prior to the start of this plan's next *benefit year,* this rollover provision will not apply to the *covered person* until the next *benefit year,* and:

- only claims incurred on or after the start of the next *benefit year* will count toward the *Rollover Threshold;* and
- *Rewards* will not be applied to a *covered person's Bank* until the *benefit year* that starts one year from the date the rollover provision first applies.

Definitions of terms used in this provision:

"Bank" means the amount of a *covered person's* accrued *Reward* .

"Bank Maximum" means the maximum amount of *Reward* that a *covered person* can store in his or her *Bank.*

"Reward" means the dollar amount which may be added to a *covered person's Bank* when he or she receives benefits in a *benefit year* that do not exceed the *Rollover Threshold.*

"Rollover Threshold" means the maximum amount of benefits that a *covered person* can receive during a *benefit year* and still be entitled to receive a *Reward.*

How We Pay Benefits For Group IV Orthodontic Services

This *plan* provides benefits for Group IV orthodontic services only for covered dependent children who are less than 19 years old when the *active orthodontic appliance* is first placed.

We pay for Group IV covered charges at the applicable *payment rate.* There may be different *payment rates* which apply to covered charges for services from a *preferred provider* and a *non-preferred provider.*

Using the *covered person's* original treatment *plan, we* calculate the total benefit *we* will pay. *We* divide the benefit into equal payments, which *we* will spread out over the shorter of: (a) the proposed length of treatment; or (b) two years.

We make the initial payment when the *active orthodontic appliance* is first placed. *We* make further payments at the end of each subsequent three month period, upon receipt of verification of ongoing treatment. But, treatment must continue and the *covered person* must remain covered by this *plan. We* limit what *we* pay for orthodontic services to the lifetime payment of $1,000.00. What *we* pay is based on all of the terms of this *plan.*

We don't pay for orthodontic charges incurred by a *covered person* prior to being covered by this *plan. We* limit what *we* pay for *orthodontic treatment* started prior to a *covered person* being covered by this *plan* to charges determined to be incurred by the *covered person* while covered by this *plan.* Based on the original treatment *plan, we* determine the portion of charges incurred by the *covered person* prior to being covered by this *plan,* and deduct them from the total charges. What *we* pay is based on the remaining charges. *We* limit what *we* consider of the proposed treatment *plan* to the shorter of the proposed length of treatment, or two years from the date the *orthodontic treatment* started.

The benefits *we* pay for *orthodontic treatment* won't be charged against a *covered person's benefit year* payment limits that apply to all other services.

The negotiated discounted fees for orthodontics performed by a *preferred provider* include: (a) treatment *plan* and records, including initial, interim and final records; (b) orthodontic retention, including any and all necessary fixed and removable *appliances* and related visits; and (c) limited, interceptive and comprehensive *orthodontic treatment,* with associated: (i) fabrication and insertion of any and all fixed *appliances;* and (ii) periodic visits.

There is a separate negotiated discounted fee for *orthodontic treatment* which extends beyond 24 consecutive months.

The negotiated discounted fee for orthodontics performed by a *preferred provider* does not include: (a) any incremental charges for orthodontic *appliances* made with clear, ceramic, white lingual brackets or other optional material; (b) procedures, *appliances* or devices to guide minor tooth movement or to correct harmful habits; (c) retreatment of orthodontic cases, or changes in *orthodontic treatment* necessitated by any kind of accident; (d) replacement or repair of orthodontic *appliances* damaged due to the neglect of the patient; (e) orthognathic surgery and associated incremental charges; (f) extractions performed solely to facilitate *orthodontic treatment;* and (g) *orthodontic treatment* started before the member was eligible for orthodontic benefits under this *plan.*

Whether or not a charge is based on a discounted fee, it will be counted toward a *covered person's* orthodontic lifetime payment limit under this *plan.*

Employee Vision Care Expense Coverage

Eligible Employees

To be eligible for employee coverage under this *plan,* you must be an active *full-time employee.* And you must belong to a class of employees covered by this *plan.*

Other Conditions

You must enroll and agree to make required payments within 31 days of your *eligibility date.* If you fail to do so, you can't enroll until this *plan's* next vision open enrollment period.

This *plan's* vision open enrollment period occurs from February 1st to the last day of February of each year.

Once you enroll in this *plan,* you can't drop your vision coverage until this *plan's* next vision open enrollment period. And if you drop your vision coverage, you can't enroll again until the next vision open enrollment period.

If you initially waived vision coverage under this *plan* because you were covered for vision care benefits under another group plan, and you wish to enroll in this *plan* because your coverage under the other plan ends, you may do so without waiting until the next vision open enrollment period. However, your coverage under the other plan must have ended due to one of the following events: (a) termination of your spouse's employment; (b) loss of eligibility under your spouse's plan; (c) divorce; (d) death of your spouse; or (e) termination of the other plan. But you must enroll in this *plan* within 30 days of the date that any of these events occur.

When Your Coverage Starts

Your coverage under this *plan* is scheduled to start on your effective date. But you must be actively at work on a *full-time* basis on that date. And you must have met all of the applicable conditions explained above, and any applicable waiting period. If you are not actively at work on that date, we will postpone your coverage until the date you return to active *full-time* work.

Sometimes, your effective date is not a regularly scheduled work day. But your coverage will still start on that date if you were actively at work on your last regularly scheduled work day.

CGP-3-EC-90-2.0 B505.1681

When Your Coverage Ends

Your coverage under this *plan* ends on the date your active *full-time* service ends for any reason. Such reasons include disability, death, retirement, layoff, leave of absence and the end of employment.

It also ends on the date you stop being a member of a class of employees eligible for insurance under this plan, or when this plan ends for all *employees.* And it ends when this *plan* is changed so that benefits for the class of *employees* to which you belong ends.

If you are required to pay part of the cost of this *plan* and you fail to do so, your coverage ends. It ends on the last day of the period for which you made the required payments, unless coverage ends earlier for other reasons.

Read this booklet carefully if your coverage ends. You may have the right to continue vision care benefits for a limited time.

Your Right To Continue Group Coverage During A Family Leave Of Absence

Important Notice

This section may not apply. You must contact your *employer* to find out if your *employer* must allow for a leave of absence under federal law. In that case the section applies.

If Your Group Coverage Would End

Group coverage may normally end for an *employee* because he or she ceases work due to an approved leave of absence. But, the *employee* may continue his or her group coverage if the leave of absence has been granted: (a) to allow the *employee* to care for a seriously injured or ill spouse, child, or parent; (b) after the birth or adoption of a child; (c) due to the *employee's* own serious health condition; or (d) because of any serious injury or illness arising out of the fact that a spouse, child, parent, or next of kin, who is a covered servicemember, of the *employee* is on active duty (or has been notified of an impending call or order to active duty) in the Armed Forces in support of a contingency operation. The *employee* will be required to pay the same share of the premium as he or she paid before the leave of absence.

When Continuation Ends

Coverage may continue until the earliest of the following:

- The date you return to active work.
- The end of a total leave period of 26 weeks in one 12 month period, in the case of an *employee* who cares for a covered servicemember. This 26 week total leave period applies to all leaves granted to the *employee* under this section for all reasons.
- The end of a total leave period of 12 weeks in: (a) any 12 month period, in the case of any other *employee;* or (b) any later 12 month period in the case of an *employee* who cares for a covered servicemember.

- The date on which your coverage would have ended had you not been on leave.
- The end of the period for which the premium has been paid.

Definitions As used in this section, the terms listed below have the meanings shown below:

- **Active Duty:** This term means duty under a call or order to active duty in the Armed Forces of the United States.

- **Covered Servicemember:** This term means a member of the Armed Forces, including a member of the National Guard or Reserves, who for a serious injury or illness: (a) is undergoing medical treatment, recuperation, or therapy; (b) is otherwise in outpatient status; or (c) is otherwise on the temporary disability retired list.

Eligible Dependents For Dependent Vision Care Benefits

Your *eligible dependents* are: (a) your legal spouse; (b) your unmarried dependent children who are under age 24; and (c) your unmarried dependent children from age 24 until their 26 birthday, who are enrolled as full-time students at accredited schools.

An unmarried dependent child who is not able to remain enrolled as a full-time student due to a *medically necessary* leave of absence may continue to be an *eligible dependent* until the earlier of: (a) the date that is one year after the first day of the *medically necessary* leave of absence; or (b) the date on which coverage would otherwise end under this *plan.* You must provide written certification by a treating physician which states that the child is suffering from a serious illness or injury and that the leave of absence is *medically necessary.*

Adopted Children And Step-Children

Your "unmarried dependent children" include your legally adopted children and, if they depend on you for most of their support and maintenance, your step-children. We treat a child as legally adopted from the time the child is placed in your home for the purpose of adoption. We treat such a child this way whether or not a final adoption order is ever issued.

We exclude any dependent who is insured by this *plan* as an *employee.* And we exclude any dependent who is on active duty in any armed force.

Handicapped Children

You may have an unmarried child with a mental or physical handicap, or developmental disability, who can't support himself. Subject to all of the terms of this section and the *plan,* such a child may stay eligible for dependent vision care benefits past this *plan's* age limit.

The child will stay eligible as long as he stays unmarried and unable to support himself, if: (a) his conditions started before he reached this *plan's* age limit; (b) he became insured by this *plan* before he reached the age limit, and stayed continuously insured until he reached such limit; and (c) he depends on you for most of his support and maintenance.

But, for the child to stay eligible, you must send us written proof that the child is handicapped and depends on you for most of his support and maintenance. You have 31 days from the date the child reaches the age limit to do this. We can ask for periodic proof that the child's condition continues. But, after two years, we can't ask for this proof more than once a year.

The child's coverage ends when yours does.

When Dependent Coverage Starts

In order for your dependent coverage to begin, you must already be insured for employee coverage, or enroll for employee and dependent coverage at the same time. Subject to the "Exception" stated below and to all of the terms of this plan , the date your dependent coverage starts depends on when you elect to enroll all of your initial *dependents* and agree to make any required payments.

If you do this on or before your *eligibility date,* date, your dependent coverage is scheduled to start on the later of the date you sign the enrollment form and the date you become covered for employee coverage.

If you do this within 31 days of your *eligibility date,* date, your dependent coverage is scheduled to start on the date you become covered for employee coverage.

If you do this after the enrollment *period* ends, you can't enroll your initial *dependents* until the next vision open enrollment period.

Once you have coverage for your initial *dependents,* you must notify us when you acquire any new dependents, and agree to make any additional payments required for the coverage. If you do this within 31 days of the date the newly *acquired dependent* becomes eligible, the dependent's coverage will start on the date the dependent becomes eligible. If you fail to notify us on time, you can't enroll the newly *acquired dependent* until the next vision open enrollment period.

Once a dependent is enrolled for vision care expense insurance, the coverage can't be dropped until the next vision open enrollment period. And once coverage is dropped for a dependent, the dependent can't be enrolled again until the next vision open enrollment period.

Newborn Children

We cover your newborn child from the moment of birth if you're already insured for dependent vision coverage, and you notify us within 31 days of the child's birth. If you fail to notify us on time, you can't enroll the child until the next vision open enrollment period.

If the newborn child is your first *eligible dependent,* we cover the child from the moment of birth if you enroll for dependent coverage and agree to make any required payments within 31 days of the child's birth. If you fail to enroll on time, you can't enroll the child until the next vision open enrollment period.

If the newborn child is not your first *eligible dependent,* but you did not previously enroll your other *eligible dependents* for vision care expense coverage, you can enroll the child during the next vision open enrollment period, if you also enroll all of your other *eligible dependents* at this time.

When Dependent Coverage Ends

Dependent coverage ends for all of your dependents when your employee coverage ends. But if you die while insured, we'll automatically continue dependent vision care benefits for those of your dependents who are insured when you die. We'll do this for six months at no cost, provided: (a) the group *plan* remains in force; (b) the dependents remain *eligible dependents;* and (c) in the case of a spouse, the spouse does not remarry.

If a surviving dependent elects to continue his dependent vision care benefits under this *plan's* "Federal Continuation Rights" provision, or under any other continuation provision of this *plan,* if any, this free continuation period will be provided as the first six months of such continuation. Premiums required to be paid by, or on behalf of a surviving dependent will be waived for the first six months of continuation, subject to restrictions (a), (b) and (c) above. After the first six months of continuation, the remainder of the continuation period, if any, will be subject to the premium requirements, and all of the terms of the "Federal Continuation Rights" or other continuation provisions.

Dependent coverage also ends for all of your dependents when you stop being a member of a class of employees eligible for such coverage. And it ends when this *plan* ends, or when dependent coverage is dropped from this *plan* for all employees or for an *employee's* class.

If you are required to pay part of the cost of dependent coverage, and you fail to do so, your dependent coverage ends. It ends on the last day of the period for which you made the required payments, unless coverage ends earlier for other reasons.

An individual dependent's coverage ends when he stops being an *eligible dependent.* This happens to a child at 12:01 a.m. on the date the child attains this *plan's* age limit, when he marries, or when a step-child is no longer dependent on the *employee* for support and maintenance. It happens to a spouse when a marriage ends in legal divorce or annulment.

Read this *plan* carefully if dependent coverage ends for any reason. Dependents may have the right to continue vision care benefits for a limited time.

This Plan's Vision Care Preferred Provider Organization

Davis Vision: This *plan* is designed to provide a high quality vision care benefit while controlling the cost of such care. To do this, the *plan* encourages a *covered person* to seek vision care from doctors and vision care facilities that belong to Davis Vision's Preferred Provider Network.

This vision care *preferred provider* organization (PPO) is made up of *preferred providers* in a *covered person's* geographic area. A vision care *preferred provider* is a vision care practitioner or a vision care facility that: (a) is a credentialed provider in Davis Vision's network; and (b) has a current participatory agreement in force with Davis Vision.

Use of the vision care PPO is voluntary. A *covered person* may receive vision care from either a *preferred provider* or a *non-preferred provider.* And, he or she is free to change providers at any time. But, this *plan* usually pays more in benefits for covered services furnished by a vision care *preferred provider.* Conversely, it usually pays less for covered services not furnished by a vision care *preferred provider.*

When an *employee* and his or her dependents enroll in this *plan,* they will get an enrollment packet which will tell them how to obtain benefits and information about current vision care *preferred providers.*

What we pay is based on all of the terms of this *plan.* The *covered person* should read this material with care and have it available when seeking vision care. Read this *plan* carefully for specific benefit levels, frequencies, *copayments* and payment limits.

The *covered person* can call Davis Vision if he or she has any questions after reading this material.

Choice of Preferred Providers

When a person becomes enrolled in this *plan,* he or she will receive information about Davis Vision *preferred providers* in his or her area. A *covered person* may receive vision services from any current Davis Vision *preferred provider.*

When a *covered person* wants to receive services from a *preferred provider,* he or she must contact the *preferred provider* before receiving treatment. The *preferred provider* will contact Davis Vision to verify the *covered person's* eligibility before any treatment takes place.

It is not necessary to submit a claim for services or supplies from a *preferred provider.*

Non-Preferred Providers

If a *covered person* receives services or supplies from a *non-preferred provider,* he or she must submit a claim form along with the itemized bill to Davis for claims payment. All claims must be sent to Davis within 90 days of the date services are completed or supplies are received.

Claims for services or supplies from a *non-preferred provider* must be sent to:

Appeals Process

In the event that a claim is denied, Davis Vision will consult with the provider involved with the *covered person's* vision care treatment. If the issue cannot be resolved, the provider or patient has the right to request a review of the adverse determination. The provider, *covered person* or patient may appeal denied authorizations or claim decisions. Should a *covered person* request a review of an authorization or claim decision, Davis Vision must notify the *covered person,* or his or her designee, within five (5) business days of receipt of the request and the review must be conducted by a clinical peer who was not involved in the original vision care determination. Pre-service review decisions are to be completed within fifteen (15) days and post-service review decisions are to be completed within thirty (30) days, or as required by state statute, from the date that Davis Vision receives notification from the *covered person* or his or her designee and be mailed within five (5) days of the date of decision. Denials can be appealed through Davis Vision's Grievance Resolution Process or as per plan contract. A *covered person* has the right to appeal through an external review organization at any time during the grievance process. A *covered person* has the right to designate a representative, including his or her provider, to act on his or her behalf with regard to review of a vision care claim determination. Use of the Appeals Process does not waive the *covered person's* legal rights.

Grievance Process

Registering a Complaint or Grievance

A *covered person* has the right to file a grievance or make an appeal to any claim decision at any time. The *covered person* has the right to designate a representative to file complaints and appeals on his or her behalf.

A *covered person* is entitled to a copy of the Grievance Resolution process upon request and a copy will be provided to a *covered person* should the determination be made that vision care benefits are not available.

Davis Vision defines a "grievance" as a complaint that may or may not require specific corrective action and is made:

1. via the telephone;
2. in writing to Davis Vision;
3. via the Davis Vision website.

A grievance or complaint can arise from and includes but is not limited to the following:

1. benefit denials.
2. an adverse determination as to whether a service is covered pursuant to the terms of the contract.
3. difficulty accessing or utilizing a benefit, and issues regarding the quality of vision care services.
4. challenges with vision care services or products received.
5. dissatisfaction with the resolution of a complaint/grievance or appeal.

Verbal Grievances and Telephone Communication

A *covered person* may file a verbal grievance by contacting Davis Vision. Registering a grievance by telephone will be considered filing a "formal grievance". A Davis Vision associate will acknowledge receipt of all complaints in writing within five (5) business days from the date the grievance or appeal is received.

A *covered person* has access to the Davis Vision toll free number twenty-four (24) hours a day seven (7) days a week to voice any concern or grievance and also has the right to contact their Human Resources Department or Benefits Administration Department. The Davis Vision Toll Free number is: **1 (800) 584-1487.**

Written notice of grievances received via e-mail, U.S. Mail or other written correspondence will be acknowledged within five (5) business days. All written correspondence should be addressed to:

Davis Vision

Attention: Quality Assurance/Patient Advocate Department

A *covered person* can register any concern or grievance by logging on to Davis' website: www.davisvision.com and entering the "Contact Davis Vision" area.

Appeal Level 1 Upon receipt of a concern or grievance by a Davis Vision associate, the *covered person* is contacted by telephone, or in writing, within five (5) business days to confirm that the concern or grievance was received and is being investigated. Every attempt is made to contact the *covered person* or his or her designated representative. Contact may include but is not limited to telephone contact, e-mail or U.S. Mail. A designated Davis Vision associate reviews the appeal with the *covered person* and may request additional information. Details of the complaint are documented in the *covered person's* file. The *covered person* is given the Associate's name, phone number, department and the estimated time needed to perform the research. The *covered person* is informed of their right to have a representative, including their provider, present during the review of the concern and final outcome of the investigation. The *covered person* is informed of their right to appeal to an external review organization at any time during the grievance procedure or as required by state statute.

The review committee will include a licensed (peer) health care professional when grievances pertain to clinical decisions. All decisions are reviewed and approved by the Vice President of Professional Affairs, a licensed optometrist.

The investigation may involve contacting the provider or the point of service location to determine the cause of the concern. If necessary, the Regional Quality Assurance Representative (RQAR) or Professional Field Consultant (PFC) will be contacted and a site visit may be scheduled. Davis Vision will contact the *covered person* when further information is required and inform them of the status of the investigation or the need for more information.

The determination will be communicated to the *covered person* within fifteen (15) days for pre-service review decisions and within thirty (30) days for post-service review decisions, or as required by state statute. An additional ten (10) days may be requested in order to complete further research. The written decision will be mailed to the *covered person* within five (5) days of the decision. The appeal determination will include the following:

- the decision, and will include a summary of the facts related to the issue,
- the criteria that was used, summary of the evidence, including the documentation supporting the decision,
- a statement indicating that the decision will be final and binding unless the *covered person* appeals in writing to the Quality Assurance/Patient Advocate Department within fifteen (15) business days of the date of the notice of the decision,
- a copy of the appeals process, if applicable, and
- the name, position, phone number, and department of the person(s) responsible for the decision.

The decision of the Quality Assurance/Patient Advocate Department shall be final and binding unless appealed by the *covered person* to Davis Vision within fifteen (15) business days of the date of notice of the decision.

Appeal Level 2 Should Davis Vision uphold a denial, as the result of a Level 1 review, the *covered person* has the right to request a Level 2 appeal.

A Level 2 appeal will not include associate(s) or licensed (peer) health care professional(s) that were involved in the Level 1 review.

A Level 2 appeal requires the *covered person* to contact Davis Vision in writing or by telephone within fifteen (15) days following receipt of the Level 1 summary statement. The *covered person* requesting a Level 2 appeal must indicate the reason they believe the denial of coverage was incorrect. Davis Vision reserves the right to request further information from the *covered person* or provider.

Davis Vision has thirty (30) days, or as required by state statue, from the date the requested information is received, to respond to the Level 2 pre-service review. Davis Vision has thirty (30) days, or as required by state statute, from the date the requested information is received, to respond to the Level 2 post-service review. The Vice President of Professional Affairs will review all clinical appeals. A Davis Vision Associate(s) and a Regional Quality Assurance Representative(s) (RQAR), a licensed optometrist, not involved in the initial determination will review the Level 1 decision. If the Level 2 appeal upholds the Level 1 determination the *covered person* will be notified in writing of this decision. Notification will include, but not be limited to:

- the decision, and contain a summary stating the nature of the concern and the facts related to the issue,
- the criteria that was used, summary of the evidence, including documentation that was used to support the decision,
- a statement indicating that the decision will be final and binding unless the *covered person* appeals in writing or by telephone to the Quality Assurance/Patient Advocacy Department within forty-five (45) days of the date of the notice of the Level 2 decision,
- a copy of the appeals process, if applicable, and
- the name, position, phone number, and department of person(s) responsible for the decision.

External Grievance Procedure

External Review A *covered person,* as required by state statute, has the right to request an impartial review of concerns that resulted in a denial of coverage. A *covered person* who has exhausted the internal appeals process may appeal the final decision if the denial for services was not deemed medically necessary or the requested service was deemed Investigational or Experimental.

An external review organization will refer the case for review by a neutral, independent practitioner experienced in vision care. Davis Vision will provide all requested documentation to the external review organization. The external review organizations will have up to thirty (30) days, or as required by state statute, to make their determination.

External Review Process

A *covered person* has the right to an external review of a denial of coverage. A *covered person* has the right to an external review of a final adverse decision under the following circumstances:

- the *covered person* has been denied a vision care service, which should have been covered under the terms of the contract.
- services were denied on the basis that requested services were not medically necessary.
- a treatment or service that will have a significant positive impact on the *covered person* has been denied and any alternative service or treatment will not affect the *Covered person's* ocular health and/or produce a negative outcome.
- services denied are related to a current illness or injury.
- the cost of the requested services will not exceed that of any equally effective treatment.
- the denied service, procedure or treatment is a covered benefit under the *Covered person's* policy.
- the *covered person* has exhausted all internal appeal processes with an adverse determination upheld at each level.

Investigational or Experimental Treatment means an approved ocular diagnostic procedure warranted by the ocular health of the *covered person* and the subsequent diagnostic findings could alter the *covered person's* treatment plan. The risk of a negative outcome utilizing the approved treatment would be no greater than utilizing an alternative treatment.

The vision care provider may contact the appropriate State Agency to determine if other documentation may be required for the appeal process.

Once the determination is made, notification is made, in writing, within two (2) business days. This notification will include an explanation and the clinical criteria used in the decision.

How This Plan Works

CERTIFICATE AMENDMENT

Effective on the latter of (i) the original effective date of the Policy; or (ii) the effective date of any applicable amendment requested by the Policyholder and approved by the Insurance Company, this rider amends the Dental Expense Insurance provisions of the Group Policy as follows:

The Alternate Treatment provision is changed to read as follows when titanium or high noble metal (gold) is used in a *dental prosthesis.*

If more than one type of service can be used to treat a dental condition, we have the right to base benefits on the least expensive service which is within the range of professionally accepted standards of dental practice as determined by us. For example, in the case of bilateral multiple adjacent missing teeth, or multiple missing teeth in both quadrants of an arch the benefit will be based on a removable partial denture. In the case of titanium or high noble metal (gold) used in a *dental prosthesis,* the benefit will be based on the noble metal benefit. In the case of a composite filling on a posterior tooth, the benefit will be based on the corresponding covered amalgam filling benefit.

This rider is part of the Policy. Except as stated in this rider, nothing contained in this rider changes or affects any other terms of this Policy.

COORDINATION OF BENEFITS

Important Notice This section applies to all group dental benefits under this plan. It does not apply to any death, dismemberment, or loss of income benefits that may be provided under this plan.

Purpose When a covered person has dental coverage under more than one plan, this section allows this plan to coordinate what it pays with what other plans pay. This is done so that the covered person does not collect more in benefits than he or she incurs in charges.

Definitions

Allowable Expense This term means a dental care or expense that is covered, at least in part, by any of the plans which cover the person. This includes: (a) deductibles; (b) coinsurance; and (c) copayments. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an allowable expense and a benefit paid

An expense or service that is not covered by any of the plans is **not** an allowable expense. Examples of other expenses or services that are **not** allowable expenses are:

(1) If a person is covered by two or more plans that compute their benefit payments on the basis of reasonable and customary charges, any amount in excess of the primary plan's reasonable and customary charges for a specific benefit is **not** an allowable expense.

(2) If a person is covered by two or more plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the primary plan's negotiated fees for a specific benefit is **not** an allowable expense.

If a person is covered by one plan that computes its benefits or services on the basis of reasonable and customary charges and another plan that provides its benefits or services on the basis of negotiated fees, the primary plan's payment arrangements will be the allowable expense for all plans. However, if the provider has contracted with the secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the primary plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the allowable expense used by the secondary plan to determine its benefit.

Claim This term means a request that benefits of a plan be provided or paid.

Claim Determination Period This term means a calendar year. It does not include any part of a year during which a person has no coverage under this plan, or before the date this section takes effect.

Coordination Of Benefits This term means a provision which determines an order in which plans pay their benefits, and which permits secondary plans to reduce their benefits so that the combined benefits of all plans do not exceed total allowable expenses.

Custodial Parent This term means a parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.

Group-Type Contracts This term means contracts: (a) which are not available to the general public; and (b) can be obtained and maintained only because of membership in or connection with a particular organization or group. This includes, but is not limited to, franchise and blanket coverage.

Hospital Indemnity Benefits This term means benefits that are not related to expenses incurred. This term does not include reimbursement-type benefits even if they are designed or administered to give the insured the right to elect indemnity-type benefits at the time of claim.

Plan This term means any of the following that provides benefits or services for dental care or treatment: (1) group insurance and group subscriber contracts; (2) uninsured arrangements of group or group-type coverage; (3) group or group-type coverage through health maintenance organizations (HMOs) and other prepayment, group practice and individual practice plans; (4) group-type contracts; (5) amounts of group or group-type hospital indemnity benefits in excess of $100.00 per day; (6) medical benefits under group, group-type, and individual automobile contracts; and (7) governmental benefits, except Medicare, as permitted by law.

This term does not include individual or family: (a) insurance contracts; (b) subscriber contracts; (c) coverage through HMOs; or (d) coverage under other prepayment, group practice and individual practice plans. This term also does not include: (i) amounts of group or group-type hospital indemnity benefits of $100.00 or less per day; (ii) school accident type coverage; or (iii) Medicare, Medicaid, and coverage under other governmental plans, unless permitted by law.

This term also does not include any plan that this plan supplements. Plans that this plan supplements are named in the benefit description.

Each type of coverage listed above is treated separately. If a plan has two parts and coordination of benefits applies only to one of the two, each of the parts is treated separately.

Primary Plan This term means a plan that pays first without regard that another plan may cover some expenses. A plan is a primary plan if either of the following is true: (1) the plan either has no order of benefit determination rules, or its rules differ from those explained in this section; or (2) all plans that cover the person use the order of benefit determination rules explained in this section, and under those rules the plan pays its benefits first.

Secondary Plan This term means a plan that is not a primary plan.

This Plan This term means the group dental benefits provided under this group plan.

Order Of Benefit Determination

The primary plan pays or provides its benefits as if the secondary plan or plans did not exist.

A plan may consider the benefits paid or provided by another plan to determine its benefits only when it is secondary to that other plan. If a person is covered by more than one secondary plan, the rules explained below decide the order in which secondary plan benefits are determined in relation to each other.

A plan that does not contain a coordination of benefits provision is always primary.

When all plans have coordination of benefits provisions, the rules to determine the order of payment are listed below. The first of the following rules that applies is the rule to use.

Non-Dependent Or Dependent

The plan that covers the person other than as a dependent (for example, as an employee, member, subscriber, or retiree) is primary. The plan that covers the person as a dependent is secondary.

Child Covered Under More Than One Plan

The order of benefit determination when a child is covered by more than one plan is:

(1) If the parents are married, or are not separated (whether or not they ever have been married), or a court decree awards joint custody without specifying that one party must provide coverage, the plan of the parent whose birthday is earlier in the year is primary. If both parents have the same birthday, the plan that covered either of the parents longer is primary. If a plan does not have this birthday rule, then that plan's coordination of benefits provision will determine which plan is primary.

(2) If the specific terms of a court decree state that one of the parents must provide coverage and the plan of the parent has actual knowledge of those terms, that plan is primary. This rule applies to claim determination periods that start after the plan is given notice of the court decree.

(3) In the absence of a court decree, if the parents are not married, or are Separated (whether or not they ever have been married), or are divorced, the order of benefit determination is: (a) the plan of the custodial parent; (b) the plan of the spouse of the custodial parent; and (c) the plan of the noncustodial parent.

Active Or Inactive Employee

The plan that covers a person as an active employee, or as that person's dependent, is primary. An active employee is one who is neither laid off nor retired. The plan that covers a person as a laid off or retired employee, or as that person's dependent, is secondary. If a plan does not have this rule and as a result the plans do not agree on the order of benefit determination, this rule is ignored.

Continuation Coverage The plan that covers a person as an active employee, member, subscriber, or retired employee, or as that person's dependent, is primary. The plan that covers a person under a right of continuation provided by federal or state law is secondary. If a plan does not have this rule and as a result the plans do not agree on the order of benefit determination, this rule is ignored.

Length Of Coverage The plan that covered the person longer is primary.

Other If the above rules do not determine the primary plan, the allowable expenses will be shared equally between the plans that meet the definition of plan under this section. But, this plan will not pay more than it would have had it been the primary plan.

Effect On The Benefits Of This Plan

When This Plan Is Primary When this plan is primary, its benefits are determined before those of any other plan and without considering any other plan's benefits.

When This Plan Is Secondary When this plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all plans during a claim determination period are not more than 100% of total allowable expenses. When the benefits of this plan are reduced, each benefit is reduced in proportion. It is then charged against the applicable benefit limit of this plan.

Right To Receive And Release Needed Information

Certain facts about dental care coverage and services are needed to apply these rules and to determine benefits payable under this plan and other plans. This plan may get the facts it needs from, or give them to, other organizations or persons to apply these rules and determine benefits payable under this plan and other plans which cover the person claiming benefits. This plan need not tell, or get the consent of, any person to do this. Each person claiming benefits under this plan must provide any facts it needs to apply these rules and determine benefits payable.

Facility Of Payment

A payment made under another plan may include an amount that should have been paid by this plan. If it does, this plan may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid by this plan. This plan will not have to pay that amount again.

As used here, the term "payment made" includes the reasonable cash value of any benefits provided in the form of services.

If the amount of the payments made by this plan is more than it should have paid under this section, it may recover the excess: (a) from one or more of the persons it has paid or for whom it has paid; or (b) from any other person or organization that may be responsible for benefits or services provided for the covered person.

As used here, the term "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

The following notice applies if your plan is governed by the Employee Retirement Income Security Act of 1974 and its amendments. This notice is not part of the Guardian plan of insurance or any employer funded benefits, not insured by Guardian.

STATEMENT OF ERISA RIGHTS

As a participant, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all plan participants shall be entitled to:

Receive Information About Your Plan and Benefits

(a) Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

(b) Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.

(c) Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

Continue Group Health Plan Coverage

Continue health care coverage for yourself, spouse or dependents if there is a loss of coverage under the plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. You should review this summary plan description and the documents governing the plan on the rules governing your COBRA continuation coverage rights.

Prudent Actions By Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforcement Of Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a state or Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to $110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

Assistance with Questions

If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Qualified Medical Child Support Order

Federal law requires that group health plans provide medical care coverage of a dependent child pursuant to a qualified medical child support order (QMCSO). A "qualified medical child support order" is a judgment or decree issued by a state court that requires a group medical plan to provide coverage to the named dependent child(ren) of an employee pursuant to a state domestic relations order. For the order to be qualified it must include:

- The name of the group health plan to which it applies.
- The name and last known address of the employee and the child(ren).
- A reasonable description of the type of coverage or benefits to be provided by the plan to the child(ren).
- The time period to which the order applies.

A dependent enrolled due to a QMCSO will not be considered a late enrollee in the plan.

Note: A QMCSO cannot require a group health plan to provide any type or form of benefit or option not otherwise available under the plan except to the extent necessary to meet medical child support laws described in Section 90 of the Social Security Act.

If you have questions about this statement, see the plan administrator.

Group Health Benefits Claims Procedure

If you seek benefits under the plan you should complete, execute and submit a claim form. Claim forms and instructions for filing claims may be obtained from the Plan Administrator.

Guardian is the Claims Fiduciary with discretionary authority to determine eligibility for benefits and to construe the terms of the plan with respect to claims. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

In addition to the basic claim procedure explained in your certificate, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of the Employee Retirement Income Security Act of 1974 ("ERISA").

Definitions

"Adverse determination" means any denial, reduction or termination of a benefit or failure to provide or make payment (in whole or in part) for a benefit. A failure to cover an item or service: (a) due to the application of any utilization review; or (b) because the item or service is determined to be experimental or investigational, or not medically necessary or appropriate, is also considered an adverse determination.

"Group Health Benefits" means any dental, out-of-network point-of-service medical, major medical, vision care or prescription drug coverages which are a part of this plan.

"Pre-service claim" means a claim for a medical care benefit with respect to which the plan conditions receipt of the benefit, in whole or in part, on approval of the benefit in advance of receipt of care.

"Post-service claim" means a claim for payment for medical care that already has been provided.

"Urgent care claim" means a claim for medical care or treatment where making a non-urgent care decision: (a) could seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function, as determined by an individual acting on behalf of the plan applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine; or (b) in the opinion of a physician with knowledge of the claimant's medical condition, would subject the claimant to severe pain that cannot be adequately managed without the care.

Note: Any claim that a physician with knowledge of the claimant's medical condition determines is a claim involving urgent care will be treated as an urgent care claim for purposes of this section.

Timing For Initial Benefit Determination

The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

Urgent Care Claims. Guardian will make a benefit determination within 72 hours after receipt of an urgent care claim.

If a claimant fails to provide all information needed to make a benefit determination, Guardian will notify the claimant of the specific information that is needed as soon as possible but no later than 24 hours after receipt of the claim. The claimant will be given not less than 48 hours to provide the specified information.

Guardian will notify the claimant of the benefit determination as soon as possible but not later than the earlier of:

- the date the requested information is received; or
- the end of the period given to the claimant to provide the specified additional information.

The required notice may be provided to the claimant orally within the required time frame provided that a written or electronic notification is furnished to the claimant not later than 3 days after the oral notification.

Pre-Service Claims. Guardian will provide a benefit determination not later than 15 days after receipt of a pre-service claim. If a claimant fails to provide all information needed to make a benefit determination, Guardian will notify the claimant of the specific information that is needed as soon as possible but no later than 5 days after receipt of the claim. A notification of a failure to follow proper procedures for pre-service claims may be oral, unless a written notification is requested by the claimant.

The time period for providing a benefit determination may be extended by up to 15 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 15-day period.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

Post-Service Claims. Guardian will provide a benefit determination not later than 30 days after receipt of a post-service claim. If a claimant fails to provide all information needed to make a benefit determination, Guardian will notify the claimant of the specific information that is needed as soon as possible but no later than 30 days after receipt of the claim.

The time period for completing a benefit determination may be extended by up to 15 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 30-day period.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

Concurrent Care Decisions. A reduction or termination of an approved ongoing course of treatment (other than by plan amendment or termination) will be regarded as an adverse benefit determination. This is true whether the treatment is to be provided(a) over a period of time; (b) for a certain number of treatments; or (c) without a finite end date. Guardian will notify a claimant at a time sufficiently in advance of the reduction or termination to allow the claimant to appeal.

In the case of a request by a claimant to extend an ongoing course of treatment involving urgent care, Guardian will make a benefit determination as soon as possible but no later than 24 hours after receipt of the claim.

Adverse Benefit Determination

If a claim is denied, Guardian will provide a notice that will set forth:

- the specific reason(s) for the adverse determination;
- reference to the specific plan provision(s) on which the determination is based;
- a description of any additional material or information necessary to make the claim valid and an explanation of why such material or information is needed;
- a description of the plan's claim review procedures and the time limits applicable to such procedures, including a statement indicating that the claimant has the right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination;
- identification and description of any specific internal rule, guideline or protocol that was relied upon in making an adverse benefit determination, or a statement that a copy of such information will be provided to the claimant free of charge upon request;
- in the case of an adverse benefit determination based on medical necessity or experimental treatment, notice will either include an explanation of the scientific or clinical basis for the determination, or a statement that such explanation will be provided free of charge upon request; and
- in the case of an urgent care adverse determination, a description of the expedited review process.

Appeal of Adverse Benefit Determinations

If a claim is wholly or partially denied, the claimant will have up to 180 days to make an appeal.

A request for an appeal of an adverse benefit determination involving an urgent care claim may be submitted orally or in writing. Necessary information and communication regarding an urgent care claim may be sent to Guardian by telephone, facsimile or similar expeditious manner.

Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- the opportunity to submit written comments, documents, records and other information relating to the claim;

- the opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relating to the claim; and
- a review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- provide for a review conducted by a named fiduciary who is neither the person who made the initial adverse determination nor that person's subordinate;
- in deciding an appeal based upon a medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- identify medical or vocational experts whose advice was obtained in connection with an adverse benefit determination; and
- ensure that a health care professional engaged for consultation regarding an appeal based upon a medical judgment shall be neither the person who was consulted in connection with the adverse benefit determination, nor that person's subordinate.

Guardian will notify the claimant of its decision regarding review of an appeal as follows:

Urgent Care Claims. Guardian will notify the claimant of its decision as soon as possible but not later than 72 hours after receipt of the request for review of the adverse determination.

Pre-Service Claims. Guardian will notify the claimant of its decision not later than 30 days after receipt of the request for review of the adverse determination.

Post-Service Claims. Guardian will notify the claimant of its decision not later than 60 days after receipt of the request for review of the adverse determination.

Alternative Dispute Options

The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S Department of Labor Office and the State insurance regulatory agency.

If You enroll Your Initial Dependents on or before Your Eligibility Date, the dependents' coverage begins on the later of Your Eligibility Date and the date You become covered for Employee coverage.

If You enroll Your Initial Dependents within the Enrollment Period, their coverage begins on the later of Your Eligibility Date and the date You become covered for Employee coverage.

If You are required to pay part of the cost of dependent coverage, and You fail to do so, Your dependent coverage ends. It ends on the last day of the period for which You made the required payments, unless coverage ends earlier for other reasons.

And, We pay no increased voluntary term life insurance benefit amount if Your death is due to suicide, and if such death occurs within 2 years from the effective date of the increase.

You can change Your beneficiary at any time by providing written notice; unless You have assigned this insurance. But, the change will not take effect until We or the Employer records the change.

We will not be liable for any amounts paid before receiving notice of a beneficiary change.

If You named more than one person as a primary beneficiary, but You do not specify what shares each such primary beneficiary is entitled to receive, We will divide the benefits equally among all such named primary beneficiaries who survive You. If someone You named as a primary beneficiary dies before You, that person's share will be divided equally by the primary beneficiaries still alive; unless You have specified otherwise.

If You have named a contingent beneficiary or contingent beneficiaries, We will pay Your contingent beneficiary or contingent beneficiaries, if no primary beneficiary survives You. If there is more than one contingent beneficiary who is eligible for benefits, We will divide the benefits equally among all such named contingent beneficiaries who survive You; unless You have specified otherwise.

If there is no primary or contingent beneficiary or beneficiaries eligible for benefits when You die, We will pay this benefit as follows:

- To Your Spouse;

- If Your Spouse does not survive You, then to Your children who survive You in equal shares;
- If no Spouse or children survive You, then to Your parents who survive You in equal shares;

CONVERTING THIS EMPLOYEE BASIC AND VOLUNTARY TERM LIFE INSURANCE

If Employment Or Eligibility Ends

Your group life insurance ends on the date:

- Your active Full-Time employment ends; or
- You stop being a member of an eligible class.

If Your group life insurance ends, Your Employer is responsible for providing You Notice of Your Right to Convert.

If You are not Totally Disabled, You can apply to convert Your Employee group basic and voluntary life insurance to a permanent life insurance policy.

You can apply to convert up to the full amount of basic and voluntary life insurance for which You were insured under this Certificate on the date Your insurance ended, less any group life insurance for which You become eligible in the 31 days after Your insurance under this Certificate ends.

If This Certificate Ends Or Group Life Insurance Is Discontinued

Your group life insurance also ends:

- If this Certificate ends; or
- Life insurance is discontinued from this Certificate for all Employees or for Your class.

If Your group life insurance ends for either of these reasons, You may apply to convert Your Employee group basic and voluntary life insurance to a Converted Policy.

You can apply to convert to a permanent life insurance policy, if

- You are not Totally Disabled; and
- You have been insured by a Guardian group life insurance plan or a group plan it replaces for at least five consecutive years.

However, the amount of life insurance that You can convert in either scenario is limited to the lesser of:

- $2,000, or
- The amount of Your basic and voluntary life insurance under this Certificate, less any group life insurance for which You become eligible in the 31 days after Your insurance under this Certificate ends.

If You Are Totally Disabled

Your group life insurance ends on the date:

- Your active Full-Time employment ends;
- You stop being a member of an eligible class;
- This Certificate ends; or

- Life insurance is discontinued from this Certificate for all Employees or for Your class;

and

- You are Totally Disabled; and
- You are eligible for Waiver of Premium Benefits pursuant to the Waiver of Premium Benefit Rider, but You have not yet been approved for the Waiver of Premium of Benefit,

You can apply to convert Your group term life insurance to:

- A permanent life insurance policy; or
- Interim term life insurance coverage.

You can apply to convert up to the full amount of basic and voluntary life insurance for which You are insured under this Certificate on the date Your insurance ends, less any group life insurance for which You become eligible in the 31 days after Your insurance under this Certificate ends.

However, if You have coverage under this Certificate's Exception to When Employee Coverage Starts, You may not convert if You are eligible or could become eligible under the prior plan's waiver of premium provision.

If You have converted and are later approved for this Certificate's Waiver of Premium Benefit, the Converted Policy will be cancelled as of the date You are approved for the Waiver of Premium Benefit. In this instance, Your coverage under this Certificate will continue subject to its terms, provided You remain eligible for the Waiver of Premium Benefit.

Interim Term Life Insurance

You may choose to apply to convert to interim term life insurance coverage if:

- You are Totally Disabled; and
- You may be eligible for Waiver of Premium Benefits based upon Your age, but You have not yet been approved for the Waiver of Premium Benefit.

If interim term life insurance coverage is issued to You, it can remain in force for up to one year from the date the interim term life insurance coverage goes into force and effect.

If You are approved for this Certificate's basic and voluntary Waiver of Premium Benefit during this year, the interim term life insurance coverage will be cancelled as of the date that You are approved for the Waiver of Premium Benefit. In this instance, Your coverage under this Certificate will continue subject to its terms, provided You remain eligible for the Waiver of Premium Benefit. If You have not been approved for this Certificate's basic and voluntary Waiver of Premium Benefit, the interim term life insurance coverage will end exactly one year from the first day said coverage goes into force and effect, and Your life insurance will be converted to a permanent life insurance policy. Premiums for the permanent life insurance policy will be based on Your age as of the date You convert from the interim term life insurance coverage.

If You are Totally Disabled, but You are not eligible for the Waiver of Premium Benefit based on Your age, You can apply to convert to a permanent life insurance policy.

Proof of Insurability

Depending on the coverage selected, or as otherwise required in this Certificate, You, Your Spouse and/or Dependents may be required to supply proof that the person applying for coverage is insurable for the amount and type of coverage selected. This requirement is called Proof of Insurability. For purposes of this section, any person applying for coverage requiring Proof of Insurability is referred to as "Applicant."

To determine if the Applicant is required to submit Proof of Insurability for the type and amount of coverage sought, please see below.

Any applicant required to submit Proof of Insurability is required to complete and submit to Us an Enrollment/Change form. We may also require the completion of additional forms so that We may determine whether the Applicant is insurable, according to Our underwriting standards for the amount and type of coverage applied for. To determine if the Applicant is insurable, We may also need to obtain and review the Applicant’s

- Health and medical history;
- Prescription history;
- Records relating to treatment, diagnostic testing, hospitalization, and
- Records pertaining to Applicant’s driving and motor vehicle history.

No coverage requiring Proof of Insurability will become effective unless and until it is approved by Us in writing. Our receipt of any premiums associated with coverage requiring Proof of Insurability does not waive or modify any requirement that must be satisfied for coverage to begin, including but not limited to the requirement that the Applicant submit Proof of Insurability. In the event that any premiums are overpaid, Our only obligation is to return the amount of overpaid premiums.

The Policyholder, or its designee, must give Us complete and accurate information so that we may determine:

- Who is insured;
- The type and amount of coverage for which someone is insured; and
- Any other information required so that Guardian may meet its obligations under the Policy.

Proof Of Insurability Requirements

Proof Of Insurability requirements apply to Basic Term Life Insurance. Such requirements may apply to the full insurance amount, or just part of it, as outlined below. When Proof Of Insurability requirements apply, it means You must submit to Us Proof that You are insurable, and We must approve the Proof in writing before the insurance, or the specified part becomes effective.

We require Proof of Insurability as follows:

If You:

- Do not meet this Policy's enrollment requirement within 30 days after You first become eligible; or
- Enroll after You previously had coverage which ended because You failed to make a required payment,

We will require that You provide Proof Of Insurability. And, You will not be covered until We approve that proof in writing.

If Your Active Full-Time Work ends before You meet any Proof Of Insurability requirements that apply You will still have to meet those requirements if You are later re-employed by the Employer or an associated company.

SUPPLEMENTAL RIDER - Accelerated Life Benefit

This Rider is effective as of the effective date of the Employee's Certificate. If this Rider is added to an inforce Certificate, the Rider becomes effective on its issue date. This Rider amends the Certificate by the addition of the following:

Note: This benefit is not available for retirees.

Employee Accelerated Basic and Voluntary Life Benefit

IMPORTANT NOTICE: USE OF THIS BENEFIT MAY HAVE TAX IMPLICATIONS. IT MAY ALSO AFFECT GOVERNMENT BENEFITS OR CLAIMS OF CREDITORS. YOU SHOULD CONSULT YOUR TAX OR FINANCIAL ADVISOR BEFORE YOU APPLY FOR THIS BENEFIT.

THE AMOUNT OF YOUR GROUP TERM LIFE INSURANCE IS PERMANENTLY REDUCED BY THE GROSS AMOUNT OF THE ACCELERATED LIFE BENEFIT.

Accelerated Life Benefit

You may be eligible for an Accelerated Life Benefit if you meet the following conditions:

- You have a Terminal Condition;
- You supply the required written proof of Your Terminal Condition (see "How To Apply");
- You apply for this benefit in writing while living and before You attain age 60. If You are unable to request this benefit yourself, Your legal representative may request it on Your behalf.

This benefit is a payment of part of Your Group Term Life Insurance made to You before death. You may use this benefit in any way You choose, subject to the restrictions stated below.

If You qualify for the Accelerated Life Benefit, We will subtract the Gross Amount paid to You as an Accelerated Life Benefit from the amount of Your Group Term Life Insurance under the Certificate. The remaining amount of Group Term Life Insurance is permanently reduced by the Gross Amount of this benefit.

You may only receive one Employee Accelerated Life Benefit during Your lifetime. This benefit does not have to be repaid, even if You:

- Live longer than 6 months from the date We receive Your application for this benefit; or
- Recover from the Terminal Condition.

However, the amount of this benefit will not be restored to Your remaining Group Term Life Insurance. And, You may not receive another Accelerated Life Benefit under any circumstances and even if You:

- Have a relapse; or

- You are subsequently diagnosed as having another Terminal Condition.

Benefit Amount For The Accelerated Life Benefit

The amount of the Accelerated Life Benefit for which You may apply is based on the amount of group term life insurance for which You are insured on the day before You apply for the benefit subject to the following minimum and maximum amounts.

The minimum benefit amount is the lesser of: (1) $10,000.00; or (2) 75% of Your amount of Group Term Life Insurance.

The maximum benefit amount is the lesser of: (1) $250,000.00; or (2) 75% of Your amount of Group Term Life Insurance.

Discount

The amount of the Accelerated Life Benefit which is available to You is discounted to the present value in 6 months from the date this benefit is paid. The discount is based on the maximum adjustable policy loan interest rate permitted in the state in which the group policy is delivered.

A detailed statement of the method of computing the amount of the Accelerated Life Benefit is available from Us on request.

Payment Of The Accelerated Life Benefit

If We approve Your application for this benefit, We pay the amount You have elected, less the present value discount. We pay this benefit to You in one lump sum. This payment is subject to all of the other terms of the Certificate.

How To Apply

You must send Us written proof from a Doctor who is operating within the scope of his or her license that You have a Terminal Condition. We must approve such proof in writing before this benefit is paid.

We may have You examined by a Doctor of Our choice to determine whether the Terminal Condition exists. We will pay the cost of such exam.

If We approve Your application to receive this benefit, We will provide You with a statement along with Your benefit payment which shows:

- The amount of the Accelerated Life Benefit You requested;
- The amount of the present value discount;
- The amount of Your Accelerated Life Benefit check; and
- The remaining amount of Your Basic and Voluntary Life Insurance coverage.

Even if You have been approved for a waiver of premium benefit under this Certificate, You may still apply for an Accelerated Life Benefit. But, if You convert Your Group Term Life Insurance, the terms of the converted life policy will apply. Any amount to which You could otherwise convert is permanently reduced by the gross amount of Your Accelerated Life Benefit.

If You Have Assigned Your Group Term Life Insurance

If You have already assigned Your Group Term Life Insurance, or any portion thereof, You cannot apply for an Accelerated Life Benefit.

If You Are Legally Incompetent

If You are not legally competent, Your lawful guardian, conservator, legal representative, or any person or fiduciary with the lawful authority to act on Your behalf or handle Your affairs may apply for the Accelerated Life Benefit on Your behalf.

Your Remaining Group Term Life Insurance

The remaining amount of Your Group Term Life Insurance after You receive an Accelerated Life Benefit payment is subject to any increases or reductions that would otherwise apply to Your insurance. Applicable reductions are applied to the amount of Group Term Life Insurance for which You were insured on the day before the date You applied for the Accelerated Life Benefit.

If Your Life Benefit is scheduled to reduce within 6 months of the date You apply for the Accelerated Life Benefit, any applicable reduction will also be applied to Your Accelerated Benefit amount.

The premium cost of Your remaining insurance is based on the amount of Group Term Life Insurance for which You were insured on the day before the date You applied for the Accelerated Life Benefit.

The total amount of Group Term Life Insurance Your beneficiary would otherwise receive on Your death is reduced by the Gross Amount of the Accelerated Life Benefit.

If You die after applying, and were eligible, for the Accelerated Life Benefit, but before We send You the benefit, Your beneficiary will receive the full amount of Group Term Life Insurance for which You were insured on the day before the date You applied for the Accelerated Life Benefit.

Restrictions

We will not pay an Accelerated Life Benefit if:

- Your coverage under the Certificate ends for any reason after You apply for the Accelerated Life Benefit, but before We pay such benefit;
- You are required by law to use the proceeds of the Group Term Life Insurance from the Certificate to meet the claims of creditors, whether or not You are in bankruptcy;
- You are required by court order to pay all or part of the proceeds of the Group Term Life Insurance from the Certificate to another person; or
- You are required by a government agency to use the payment to apply for, receive or maintain a governmental benefit or entitlement.

SUPPLEMENTAL RIDER - Waiver of Premium Benefit

This Rider is effective as of the effective date of the Employee's Certificate. If this Rider is added to an inforce Certificate, the Rider becomes effective on its issue date. This Rider amends the Certificate by the addition of the following:

Employee Basic Term Life Insurance
Waiver Of Premium Benefit

Important Notice

This rider applies to Your Basic term life insurance. It does not apply to any of Your dependent life insurance under the Certificate. To continue dependent life insurance, You must convert Your dependent coverage. See "Converting This Dependent Term Life Insurance" for details.

If You Are Disabled

If You are Totally Disabled, and meet the requirements in "How And When To Apply," We will extend Your Basic life insurance without payment of premiums from You or the Employer in an amount equal to the amount of Basic life insurance for which You are insured on Your last day of Active Work.

How And When To Apply

To apply for this benefit, You must submit, while living, written medical proof of Your Total Disability satisfactory to Us within one year of the start of that disability. Any claim filed after one year from the start of Total Disability will be denied, unless We receive written proof that:

- You lacked the legal capacity to file the claim; or
- It was not reasonably possible for You to file the claim within the required period of time.

To be approved for this benefit, You must:

- Become Totally Disabled before You reach age 60 and while insured by the Certificate; and
- Remain Totally Disabled for at least 9 months in a row.

You should apply for this benefit immediately at the start of Your Total Disability.

Continued Proof For Waiver of Premium Benefit

We may require written proof that You remain Totally Disabled and receive regular Doctor's care to maintain this benefit. This proof must be given to Us within 30 days of the date We request it.

We can also require that You take part in a medical assessment by a medical professional of Our choice as often as We feel is reasonably necessary during the first 2 years We have waived Your life insurance premiums pursuant to the Rider. After 2 years, We cannot have You examined more than once a year.

Until You Have Been Approved For This Benefit

If Your life insurance under the Certificate ends after You have become Totally Disabled and applied for Waiver of Premium Benefits, but before We have approved You for this benefit, You may:

- Continue to pay your group premium payments, including any part which would have been paid by the Employer, until You are approved or declined for this benefit; or
- Apply to convert to an individual permanent or term life insurance policy.

Please read "Converting This Employee Basic Term Life Insurance" for details on how to convert.

Converting Your life insurance does not stop You from claiming Your rights under this section. But, if You apply to convert and obtain a policy, and We later approve You for this benefit, We will cancel the converted policy on the date We approve You for this Benefit. See "Converting This Employee Basic Term Life Insurance" for details on how We do this. Once You are approved for this benefit, Your insurance under the Certificate will be reinstated at no further cost to You or the Employer.

If You are declined for the Waiver of Premium benefit, You will have the option to apply to convert to an individual permanent or term life insurance policy. If You do not convert within 31 days of the date You are declined for the Waiver of Premium benefit, and You have not returned to Active Work, Your coverage will end.

If the Certificate terminates before You are approved

If this group Certificate terminates and You are Totally Disabled and eligible, but not yet approved, for this Waiver of Premium benefit, You must apply to convert to an individual permanent or term policy, and remain insured under such policy until You are approved by Us for the Waiver of Premium benefit.

When This Waiver Begins

Once approved by Us, Your Waiver of Premium benefit will be effective on the date following the day You have been Totally Disabled for 9 months in a row.

When This Waiver Ends

Your Waiver of Premium benefit will end on the earliest of:

- The date You are no longer Totally Disabled;
- The date We ask You to be examined by Our Doctor, and You refuse;
- The date You do not give Us the proof of Total Disability We require;
- the date you have been out of the United States and/or Canada or a country or region approved by Us for more than 2 months in a 12 month period;
- The date You are no longer receiving regular Doctor’s care appropriate to the cause of Your claimed Total Disability;
- The day before the date You reach age 65.

If Your Waiver of Premium Benefit ends and You do not return to Active Work, You will have the option to convert the Employee Basic life insurance that was in effect on the date the Waiver of Premium Benefit ends.

Please read "Converting This Employee Basic Term Life Insurance" for details on how to convert.

If You Die While Covered By This Waiver of Premium Benefit

If You die while covered for this benefit, We will pay Your beneficiary the amount of Basic life insurance for which You were insured as of Your last day of Active Full-Time Work. This payment is subject to all the terms of the Certificate and all reductions which would have applied had You remained an Active at Work Employee.

If You Die Prior to Approval for This Waiver of Premium Benefit

If You die prior to being approved for the Waiver of Premium Benefit and within 12 months of the onset date of Total Disability We'll pay Your beneficiary the amount for which You were covered as of Your last day of Active Full-Time Work, subject to all reductions which would have applied had You stayed an active Employee provided You:

SUPPLEMENTAL RIDER - Waiver of Premium Benefit

This Rider is effective as of the effective date of the Employee's Certificate. If this Rider is added to an inforce Certificate, the Rider becomes effective on its issue date. This Rider amends the Certificate by the addition of the following:

Employee Voluntary Term Life Insurance
Waiver Of Premium Benefit

Important Notice This rider applies to Your Voluntary term life insurance. It does not apply to any of Your dependent life insurance under the Certificate. To continue dependent life insurance, You must convert Your dependent coverage. See "Converting This Dependent Term Life Insurance" for details.

If You Are Disabled If You are Totally Disabled, and meet the requirements in "How And When To Apply," We will extend Your Voluntary life insurance without payment of premiums from You or the Employer in an amount equal to the amount of Voluntary life insurance for which You are insured on Your last day of Active Work.

How And When To Apply To apply for this benefit, You must submit, while living, written medical proof of Your Total Disability satisfactory to Us within one year of the start of that disability. Any claim filed after one year from the start of Total Disability will be denied, unless We receive written proof that:

- You lacked the legal capacity to file the claim; or
- It was not reasonably possible for You to file the claim within the required period of time.

To be approved for this benefit, You must:

- Become Totally Disabled before You reach age 60 and while insured by the Certificate; and
- Remain Totally Disabled for at least 9 months in a row.

You should apply for this benefit immediately at the start of Your Total Disability.

We can also require that You take part in a medical assessment by a medical professional of Our choice as often as We feel is reasonably necessary during the first 2 years We have waived Your life insurance premiums pursuant to the Rider. After 2 years, We cannot have You examined more than once a year.

Until You Have Been Approved For This Benefit If Your life insurance under the Certificate ends after You have become Totally Disabled and applied for Waiver of Premium Benefits, but before We have approved You for this benefit, You may:

- Continue to pay your group premium payments, including any part which would have been paid by the Employer, until You are approved or declined for this benefit; or
- Apply to convert to an individual permanent or term life insurance policy.

Please read "Converting This Employee Voluntary Term Life Insurance" for details on how to convert.

Converting Your life insurance does not stop You from claiming Your rights under this section. But, if You apply to convert and obtain a policy, and We later approve You for this benefit, We will cancel the converted policy on the date We approve You for this Benefit. See "Converting This Employee Voluntary Term Life Insurance" for details on how We do this. Once You are approved for this benefit, Your insurance under the Certificate will be reinstated at no further cost to You or the Employer.

If You are declined for the Waiver of Premium benefit, You will have the option to apply to convert to an individual permanent or term life insurance policy. If You do not convert within 31 days of the date You are declined for the Waiver of Premium benefit, and You have not returned to Active Work, Your coverage will end.

If the Certificate terminates before You are approved

If this group Certificate terminates and You are Totally Disabled and eligible, but not yet approved, for this Waiver of Premium benefit, You must apply to convert to an individual permanent or term policy, and remain insured under such policy until You are approved by Us for the Waiver of Premium benefit.

When This Waiver Begins

Please read "Converting This Employee Voluntary Term Life Insurance" for details on how to convert.

STATEMENT OF ERISA RIGHTS

The Guardian Life Insurance Company of America
10 Hudson Yards
New York, New York 10001
(212) 598-8000

Your group term life insurance benefits may be covered by the Employee Retirement Income Security Act of 1974 (ERISA). If so, you are entitled to certain rights and protections under ERISA.

ERISA provides that all plan participants shall be entitled to:

Receive Information about Your Plan and Benefits

- Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforcement of Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules (see Claims Procedures below).

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a state or Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to $110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

Assistance with Questions

If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Life Insurance Claims Procedure

If you seek benefits under the plan you should complete, execute and submit a claim form. Claim forms and instructions for filing claims may be obtained from the Guardian Life Insurance Company of America (hereinafter referenced as Guardian.)

Guardian is the Claims Fiduciary with discretionary authority to interpret and construe the terms of the Policy, the Certificate, the Schedule of Benefits, and any riders, or other documents or forms that may be attached to the Certificate or the Policy, and any other plan documents. Guardian has discretionary authority to determine eligibility for benefits and coverage under those documents. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

In addition to the basic claim procedure explained in your certificate, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of ERISA.

Definitions

"Adverse determination" means any denial, reduction or termination of a benefit or failure to provide or make payment (in whole or in part) for a benefit.

Timing for Initial Benefit Determination of Life Insurance Claims

The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

Guardian will provide a benefit determination not later than 90 days from the date of receipt of a claim. This period may be extended by up to 90 days if Guardian determines that an extension is necessary due to special circumstances, and so notifies the claimant before the end of the initial 90-day period. Such notification will include the reason for the special circumstances requiring the extension and a date by which the determination l is expected to be made.

A notification of an extension to the time period in which a benefit determination will be made will include an explanation of the standards upon which entitlement to a benefit is based, any unresolved issues that prevent a decision of the claim, and the additional information needed to resolve those issues.

Adverse Benefit Determination of Life Insurance Claims

If a claim is denied, Guardian will provide notice that will set forth:

- The specific reason(s) for the adverse determination;
- References to the specific provisions in the Policy, Certificate, plan or other documents, on which the determination is based;
- A description of any additional material or information needed to perfect the claim, and an explanation of why such material or information is necessary;
- A description of the plan's claim review procedures which a claimant may follow to have a claim for benefits reviewed and the time limits applicable to such procedures; and
- A description of the plan's review procedures and the time limits applicable to such procedures, including a statement of the claimant's right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination.

Appeals of Adverse Determinations of Life Insurance Claims

If a claim is wholly or partially denied, you will have up to 60 days to make an appeal. Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- The opportunity to submit written comments, documents, records and other information relating to the claim;
- The opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relevant to the claim; and
- A review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

Guardian will notify the claimant of its decision not later than 60 days after receipt of the request for review of the adverse determination. This period may be extended by an additional period of up to 60 days if Guardian determines that special circumstances require an extension of the time period for processing and so notifies the claimant before the end of the initial 60-day period.

A notification with respect to an extension will indicate the special circumstances requiring an extension of the time period for review, and the date by which the final determination will be made.

In the event Guardian denies the appeal of an adverse benefit determination, it will:

- Provide the specific reason or reasons why the appeal was denied;
- Refer to the specific provisions in the Policy, Certificate, plan, or other documents on which the benefit determination is based;
- Provide a statement that the claimant is entitled to receive, upon request and free of charge, reasonably access to, and copies of all documents, records, and other information relevant to the claimant's claim for benefits; and
- Provide a statement describing any voluntary appeal procedures offered by the Plan, the claimant's right to obtain information about such procedures, and a statement that the claimant's right to bring an action under ERISA section 502(a).

Waiver of Premium

If you apply for an extension of life insurance benefits due to Total Disability under the Waiver of Premium benefit under this plan, these claim procedures will apply to such request:

Timing For Initial Benefit Determination for Waiver of Premium

The benefit determination period begins when claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the time period shown below. A written or electronic notification of any adverse determination must be provided.

Guardian will make a determination of whether the claimant meets the plan's standard for total disability not later than 45 days from the date of receipt of a claim. This period may be extended by up to 30 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 45-day period. Such notification will include the reason for the extension and a date by which the determination will be made. If prior to the end of the 30-day period Guardian determines that an additional extension is necessary due to matters beyond the control of the plan, and so notifies the claimant, the time period for making a benefit determination may be extended for up to an additional period of up to 30 days. Such notification will include the special circumstances requiring the extension and a date by which the final determination will be made.

A notification of an extension to the time period in which a benefit determination will be made will include an explanation of the standards upon which entitlement to a benefit is based, any unresolved issues that prevent a decision of the claim, and the additional information needed to resolve those issues.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit the information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

Adverse Benefit Determination

If a claim for an extension of benefits is denied, Guardian will provide a notice that will set forth:

- The specific reason(s) for the adverse determination;
- References to the specific provisions in the Policy, Certificate, plan or other documents, on which the determination is based;
- A description of any additional material or information needed to perfect the claim, and an explanation of why such material or information is necessary;
- A description of the plan's claim review procedures which a claimant may follow to have a claim for benefits reviewed and the time limits applicable to such procedures;
- A description of the plan's review procedures and the time limits applicable to such procedures, including a statement of the claimant's right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination; and
- In the case of adverse benefit determination based on medical necessity or experimental treatment, notice will either include an explanation of the scientific or clinical basis for the determination, or a statement that such explanation will be provided free of charge upon request.

Appeals of Adverse Determinations for Waiver of Premium

If a claim for Waiver of Premium is denied, the claimant will have up to 180 days to make an appeal. Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- The opportunity to submit written comments, documents, records and other information relating to the claim;
- The opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relevant to the claim; and
- A review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- Provide for a review conducted by a named fiduciary who is neither the person who made the initial adverse determination nor that person's subordinate;

- In deciding an appeal based upon a medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- Identify medical or vocational experts whose advice was obtained in connection with an adverse benefit determination; and
- Ensure that a health care professional engaged for consultation regarding an appeal based upon a medical judgment shall be neither the person who was consulted in connection with the adverse benefit determination, nor that person's subordinate.

Guardian will notify the claimant of its decision not later than 45 days after receipt of the request for review of the adverse determination. This period may be extended by an additional period of up to 45 days if Guardian determines that special circumstances require an extension of the time period for processing and so notifies the claimant before the end of the initial 45-day period.

A notification with respect to an extension will indicate the special circumstances requiring an extension of the time period for review, and the date by which the final determination will be made.

In the event Guardian denies the appeal of an adverse benefit determination, it will:

- Provide the specific reason or reasons why the appeal was denied;
- Refer to the specific provisions in the Policy, Certificate, plan, or other documents on which the benefit determination is based;
- Provide a statement that the claimant is entitled to receive, upon request and free of charge, reasonably access to, and copies of all documents, records, and other information relevant to the claimant's claim for benefits;
- Provide a statement disclosing any internal rule, guideline, protocol or similar criterion relied on in making the adverse benefit determination (or a statement that such information will be provided free of charge upon request); or a statement that no internal rule, guideline, protocol or similar criterion was relied upon in making the adverse benefit determination;
- If applicable, provide an explanation of the basis of disagreement with or not following the views presented by you, of health care professionals who treated you, and vocational professionals who evaluated you;
- If applicable, provide an explanation of the basis for disagreeing with or not following the views of any medical or vocational expert whose advice was obtained on our behalf in connection with the adverse benefit determination, without regard to whether the advice was relied upon in making the determination;
- If applicable, provide an explanation of the basis for disagreeing with or not following a disability determination made by the Social Security Administration that you present to us;

- Provide a statement describing the claimants right to bring a civil suit under Section 502(a) of the Employee Retirement Income Security Act of 1974 which shall also describe any applicable contractual limitations period that applies the claimant's right to bring such an action, including the calendar date on which the contractual limitations period expires for the claim, and;
- In the event the adverse benefit determination is based on a medical necessity or experimental treatment or similar exclusion or limit, provide either an explanation of the scientific or clinical judgment for the determination, applying the terms of the plan to the claimant's medical circumstances, or a statement that such explanation will be provided free of charge upon request.

Alternative Dispute Options

The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S Department of Labor Office and the State insurance regulatory agency.

In addition to any legal rights you may have under section 502(a), if you believe that we have violated ERISA's procedural requirements, you may request that we review any claimed violation(s) and we will respond to you within ten days.

This requirement is called Proof of Insurability. For purposes of this section, any person apply for coverage requiring Proof of Insurability is referred to as "Applicant."

Any applicant required to submit Proof of Insurability is required to complete and submit to Us an Enrollment/Change form. - Prescription history;
- Records relating to treatment, diagnostic testing, hospitalization; and

No coverage requiring Proof of Insurability will become effective unless and until it is approved by Us in writing. In the event that any premiums are overpaid, Our only obligation is to return the amount of overpaid premiums.

The Policyholder, or its designee, must give Us complete and accurate information so that We may determine:

STATEMENT OF ERISA RIGHTS

The Guardian Life Insurance Company of America
10 Hudson Yards
New York, New York 10001
(212) 598-8000

Your group term accidental death and dismemberment insurance benefits may be covered by the Employee Retirement Income Security Act of 1974 (ERISA). If so, you are entitled to certain rights and protections under ERISA.

ERISA provides that all plan participants shall be entitled to:

Receive Information about Your Plan and Benefits

- Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforcement of Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules (see Claims Procedures below).

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a state or Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to $110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

Assistance with Questions

If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Accidental Death and Dismemberment Insurance Claims Procedure

If you seek benefits under the plan you should complete, execute and submit a claim form. Claim forms and instructions for filing claims may be obtained from the Guardian Life Insurance Company of America (hereinafter referenced as Guardian.)

Guardian is the Claims Fiduciary with discretionary authority to interpret and construe the terms of the Policy, the Certificate, the Schedule of Benefits, and any riders, or other documents or forms that may be attached to the Certificate or the Policy, and any other plan documents. Guardian has discretionary authority to determine eligibility for benefits and coverage under those documents. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

In addition to the basic claim procedure explained in your certificate, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of ERISA.

Definitions

"Adverse determination" means any denial, reduction or termination of a benefit or failure to provide or make payment (in whole or in part) for a benefit.

Timing for Initial Benefit Determination of Accidental Death and Dismemberment Insurance Claims

The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

Guardian will provide a benefit determination not later than 90 days from the date of receipt of a claim. This period may be extended by up to 90 days if Guardian determines that an extension is necessary due to special circumstances, and so notifies the claimant before the end of the initial 90-day period. Such notification will include the reason for the special circumstances requiring the extension and a date by which the determination is expected to be made.

A notification of an extension to the time period in which a benefit determination will be made will include an explanation of the standards upon which entitlement to a benefit is based, any unresolved issues that prevent a decision of the claim, and the additional information needed to resolve those issues.

Adverse Benefit Determination of Accidental Death and Dismemberment Insurance Claims

If a claim is denied, Guardian will provide notice that will set forth:

- The specific reason(s) for the adverse determination;
- References to the specific provisions in the Policy, Certificate, plan or other documents, on which the determination is based;
- A description of any additional material or information needed to perfect the claim, and an explanation of why such material or information is necessary;
- A description of the plan's claim review procedures which a claimant may follow to have a claim for benefits reviewed and the time limits applicable to such procedures;
- Identification and description of any specific internal rule, guideline or protocol that was relied upon in making an adverse benefit determination, or a statement, that a copy of such information will be provided to the claimant free of charge upon request;
- A description of the plan's review procedures and the time limits applicable to such procedures, including a statement of the claimant's right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination; and
- In the case of adverse benefit determination based on medical necessity or experimental treatment, notice will either include an explanation of the scientific or clinical basis for the determination, or a statement that such explanation will be provided free of charge upon request.

B997.0227

Appeals of Adverse Determinations of Accidental Death and Dismemberment Insurance Claims

If a claim is wholly or partially denied, you will have up to 60 days to make an appeal. Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- The opportunity to submit written comments, documents, records and other information relating to the claim;
- The opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relevant to the claim; and
- A review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- Provide for a review conducted by a named fiduciary who is neither the person who made the initial adverse determination nor that person's subordinate;
- In deciding an appeal based upon a medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- Identify medical or vocational experts whose advice was obtained in connection with an adverse benefit determination; and
- Ensure that a health care professional engaged for consultation regarding an appeal based upon a medical judgment shall be neither the person who was consulted in connection with the adverse benefit determination, nor that person's subordinate.

Guardian will notify the claimant of its decision not later than 60 days after receipt of the request for review of the adverse determination. This period may be extended by an additional period of up to 60 days if Guardian determines that special circumstances require an extension of the time period for processing and so notifies the claimant before the end of the initial 60-day period.

A notification with respect to an extension will indicate the special circumstances requiring an extension of the time period for review, and the date by which the final determination will be made.

In the event Guardian denies the appeal of an adverse benefit determination, it will:

- Provide the specific reason or reasons why the appeal was denied;
- Refer to the specific provisions in the Policy, Certificate, plan, or other documents on which the benefit determination is based;
- Provide a statement that the claimant is entitled to receive, upon request and free of charge, reasonably access to, and copies of all documents, records, and other information relevant to the claimant's claim for benefits;

- In the event the adverse benefit determination is based on a medical necessity or experimental treatment or similar exclusion or limit, provide either an explanation of the scientific or clinical judgment for the determination, applying the terms of the plan to the claimant's medical circumstances, or a statement that such explanation will be provided free of charge upon request.

Waiver of Premium

If you apply for an extension of accidental death and dismemberment insurance benefits due to Total Disability under the Waiver of Premium benefit under this plan, these claim procedures will apply to such request:

Timing For Initial Benefit Determination for Waiver of Premium

The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the time period shown below. A written or electronic notification of any adverse determination must be provided.

Guardian will make a determination of whether the claimant meets the plan's standard for total disability not later than 45 days from the date of receipt of a claim. This period may be extended by up to 30 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 45-day period. Such notification will include the reason for the extension and a date by which the determination will be made. If prior to the end of the 30-day period Guardian determines that an additional extension is necessary due to matters beyond the control of the plan, and so notifies the claimant, the time period for making a benefit determination may be extended for up to an additional period of up to 30 days. Such notification will include the special circumstances requiring the extension and a date by which the final determination will be made.

A notification of an extension to the time period in which a benefit determination will be made will include an explanation of the standards upon which entitlement to a benefit is based, any unresolved issues that prevent a decision on the claim, and the additional information needed to resolve those issues.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit the information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

Adverse Benefit Determination

If a claim for an extension of benefits is denied, Guardian will provide a notice that will set forth:

- The specific reason(s) for the adverse determination;
- References to the specific provisions in the Policy, Certificate, plan or other documents, on which the determination is based;
- A description of any additional material or information needed to perfect the claim, and an explanation of why such material or information is necessary;
- A description of the plan's claim review procedures which a claimant may follow to have a claim for benefits reviewed and the time limits applicable to such procedures;

- A statement disclosing any internal rule, guideline, protocol or similar criterion relied on in making the adverse benefit determination (or a statement that such information will be provided free of charge upon request); or a statement that no internal rule, guideline, protocol or similar criterion was relied upon in making the adverse benefit determination;
- If applicable, an explanation of the basis of disagreement with or not following the views presented by you, of health care professionals who treated you and vocational professionals who evaluated you;
- If applicable, an explanation of the basis for disagreeing with or not following the views of any medical or vocational expert whose advice was obtained on our behalf in connection with the adverse benefit determination, without regard to whether the advice was relied upon in making the determination;
- If applicable, an explanation of the basis for disagreeing with or not following a disability determination made by the Social Security Administration that you present to us;
- A description of the plan's review procedures and the time limits applicable to such procedures, including a statement of the claimant's right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination; and
- In the case of adverse benefit determination based on medical necessity or experimental treatment, notice will either include an explanation of the scientific or clinical basis for the determination, or a statement that such explanation will be provided free of charge upon request.

When Coverage Starts

For coverage to start, You must be fully capable of performing the major duties of Your Own Job for the Employer working the minimum required number of hours of an Employee in Your eligible class at 12:01 A.M. Standard Time for Your place of residence on Your scheduled Eligibility Date. And, for coverage to start, You must meet all of the Conditions of Eligibility described above and the conditions shown below which apply to You. If You are not fully capable of performing the major duties of Your Own Job on Your scheduled Eligibility Date, We will postpone the start of Your coverage while this Certificate is in force. We will postpone coverage until You are so capable and working the minimum required number of hours of an Employee in Your eligible class for one full day, with the capacity to do so for one full week.

Whether You must pay all or part of the cost of Your coverage, You must elect to enroll and agree to make the required payments before Your coverage will start. If You do this on or before Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You do this within 31 days after Your Eligibility Date, Your coverage is scheduled to start on the date You sign Your enrollment form. If You elect to enroll and agree to make the required payments more than 31 days after Your Eligibility Date, Your coverage will not start until You send Us Proof of Insurability. Once We have approved such proof, Your coverage is scheduled to start on Your approved Eligibility Date.

Exception to When Coverage Starts

Sometimes a scheduled Eligibility Date is not a regularly scheduled work day. If the scheduled Eligibility Date falls on:

- A holiday;
- A vacation day;
- A non-scheduled work day;
- A day during an approved leave of absence not due to Sickness or Injury, of 90 days or less; or
- A day during a period of absence that is less than 7 days in duration;

and if:

- You were fully capable of performing the major duties of Your Own Job for the Employer for the minimum number of hours of an Employee in Your eligible class at 12:01 AM Standard Time for Your place of residence on the scheduled Eligibility Date; and
- You were performing the major duties of Your Own Job and working the minimum number of hours of an Employee in Your eligible class on Your last regularly scheduled work day.

Your coverage will start on the scheduled Eligibility Date. However, any coverage or part of coverage for which You must elect and pay all or part of the cost, will not start if You are on an approved leave and such coverage or part of coverage was not previously in force for You under a prior plan which this Certificate replaced.

Any part of Your coverage which is subject to Proof of Insurability will not start unless You send such proof to Us, and We approve it in writing. Once We have approved it, that part of Your coverage is scheduled to start on Your approved Eligibility Date.

Delayed Effective Date For Short Term Disability Income Coverage: If, due to Sickness or Injury, You are not Actively At Work and working the minimum required number of hours of an Employee in Your eligible class, on Your scheduled Eligibility Date for Short Term Disability, We will postpone coverage for any condition(s) that prevent you from meeting the Active Work requirement. We will postpone such coverage until You complete one full day of Active Work working Your regular number of hours, with the capacity to do so for one full week, and without missing a work day due to the same condition(s). Coverage for an otherwise covered loss due to all other conditions will start on the date You return to Active Work working the minimum required number of hours of Your eligible class and performing the regular duties of Your job.

B400.0067

When Coverage Ends

Your coverage will end on the first of the following dates:

- The date Your Active Full-Time Work ends for any reason, except as shown below under Continuation Of Coverage.
- The date You stop being an eligible Employee under this Certificate.
- The date You are no longer working in the United States and/or Canada, or no longer working outside of the United States for a United States based employer in a country or region approved by Us. Any incidental business or personal travel outside of the United States and/or Canada, or outside of a country or region approved by Us, is covered. Such travel will be considered incidental if it is for a period not to exceed 30 consecutive days.
- The date the group Certificate ends, or is discontinued for a class of Employees to which You belong.
- The last day of the period for which required payments are made for You.
- The date You die.

You may have the right to continue certain group benefits for a limited time after Your coverage would otherwise end. Read this Certificate carefully for details and discuss with your Employer or administrator. Any provisions that allow continuation of such group benefits must be offered and administered on a fair and equitable basis.

CONTINUATION OF COVERAGE

Coverage During Disability

You may be Disabled when Your Active Full-Time Work ends due to a non-job related Injury or Sickness for which benefits are not payable. In that case, Your coverage will remain in force during the:

- Elimination Period, subject to payment of required premiums; and
- The period of time for which benefits are payable by this Certificate.

But, in order for Your coverage to continue, the Disability:

- Must be covered by this Certificate;
- And benefits must not be excluded due to this Certificate's Pre-Existing Conditions provision, or any other exclusion.

If You're Disabled when Your Active Full-Time Work ends due to a job-related Injury or Sickness for which benefits are not payable, Your coverage will remain in force until the earlier of the date:

- You are terminated from employment with the Employer; or
- You have been Disabled for 6 Months.

B440.0065

Maximum Payment Period: The Maximum Payment Period is shown in the Schedule Of Benefits. But, it may be less than that shown due to:

- The date You were first treated for the cause of Your Disability; and
- The length of time You have been covered by this Certificate. See Pre-Existing Conditions.

Benefits payable during the Maximum Payment Period will not be affected by the termination of the Certificate, subject to all the terms and conditions of the Certificate that were in effect on the first date of Your Disability. Any change to the Certificate with an Effective Date after the first date of Your Disability will not apply to benefits payable during the Maximum Payment Period.

B400.0144

All Options

Recurring Disability: Benefits from this Certificate end if You cease to be Disabled. But, a later Disability may be treated as a Recurring Disability, if all of the conditions listed below are met:

- You must return to Active Work right after Your benefits end.
- The Disability must recur less than two weeks after You were last entitled to benefits.
- The later Disability must be due to the same or related cause of Your earlier Disability.
- This Certificate must not end during Your return to Active Work.
- You must not become covered under any other similar group income replacement plan during the time You return to Active Work.
- When You return to Active Work after being disabled, You must be covered by this Certificate and all required premium must be paid.
- A subsequent Disability will not be considered a Recurring Disability if Your benefits for the prior Disability ended because Your prior Disability had been paid for the Maximum Payment Period.

If the later Disability is a Recurring Disability, You will not need to satisfy a new Elimination Period. The Recurring Disability will be subject to all the terms of this Certificate in effect on the date the earlier Disability began.

If all of the conditions listed above are not met, the later Disability will be treated as a new period of Disability. You will be required to satisfy a new Elimination Period. The new period of Disability will be subject to all the terms of this Certificate in effect on the date the new period of Disability starts.

Calculation of Weekly Benefit: Your benefit is governed by the terms of this Certificate in effect on the date Disability starts. Any changes to this Certificate that take place as follows are inapplicable to, and will not affect, Your benefit:

- While You are Disabled; or
- During a period of Active Work that occurs between an initial period of Disability and a Recurring Disability.

We calculate Your Gross Weekly Benefit according to the Schedule of Benefits.

From Your Gross Weekly Benefit, subtract the amount of any income listed in Other Income Benefits that You receive or are entitled to receive. The result is Your Weekly Benefit.

B400.0148

All Options

Redetermination: This Certificate redetermines Your Insured Earnings on each March 1st, the Employer must report current Insured Earnings for all Employees under this Certificate. Changes to Your Insured Earnings are subject to any Proof of Insurability requirements that may apply to this Certificate. As of this Certificate s redetermination date, We use Your Insured Earnings on record with Us to:

- Set rates;
- Project benefit amounts and limits; and
- Calculate premium payable under this Certificate.

You must be Actively at Work on a Full-Time basis on that date. If You are not, We do not do this until the date You return to Active Work on a Full-Time basis. But, changes in earnings will not apply to a Recurring Disability.

B400.0158

All Options

Other Income Benefits: You may receive, or be entitled to receive, income shown in the list below. We will reduce Your Gross Weekly Benefit by such other income benefits to determine Your Weekly Benefit from this Certificate.

- Commissions or monies received, payable but not deferred, or paid after Disability benefits start.

  This includes:

  - Vested and nonvested renewal commissions;

- Bonuses;
- Royalties; and
- Other distributions.

- Disability benefits from any mandated benefit act or law. This includes all temporary disability or state disability benefits required by law.
- Disability benefits from all group policies or plans of the Employer. This includes payments made by a group life insurance plan due to Your Disability. This does not include payments made from a group life insurance plan's:
  - Accelerated death benefit; or
  - Like provision that allows payment of such plan's proceeds due to terminal illness.
- Disability benefits from any other group policy or plan; but, if the other group plan was in force prior to this Certificate, and the other group plan also deducts for Disability benefits from any other group plan, or if the other group plan was from another plan sponsor or Employer and benefits received do not total 100% of Your previous income, We will not deduct these other group Disability benefits.
- Income received from partnership distributions but only to the extent that such income plus the amount of Your Gross Weekly Benefit is more than 100% of Your Insured Earnings.
- Benefits from: The United States Social Security Act; The Railroad Retirement Act; or any other like U.S. or Canadian plan or act.

  This includes:

  (a) All Disability benefits for which: (i) You are entitled; and (ii) Your Spouse and children are entitled due to Your Disability;

  (b) All unreduced retirement benefits for which: (i) You are entitled and awarded; and (ii) Your Spouse and children are entitled and awarded due to Your entitlement; and

  (c) All reduced retirement benefits paid to: (i) You; and (ii) Your Spouse and children due to Your receipt of such benefits.

  We do not reduce Your Gross Weekly Benefit by the retirement benefits described in (b) and (c) above, to the extent that You and Your dependents were entitled and awarded to receive such income prior to the start of Disability. We will reduce the Gross Weekly Benefit by marginal increases in such income You and Your dependents were entitled and awarded after Disability begins.

We will reduce Your Gross Weekly Benefit by Your dependent's benefits described in (a), (b) and (c) above if: (i) the dependent's benefits are provided to You by the Social Security Administration; (ii) at the time that the Social Security Administration makes its first payment of the dependent benefits described in (a), (b), and (c) above, the dependent child remains a minor dependent or an adult Disabled dependent; and (iii) the dependent benefits You are entitled to are greater than any dependent benefit being received by another person. Under these circumstances, We will reduce Your Gross Weekly Benefit by the difference between the amount the dependent was awarded under the prior recipient and the amount awarded the dependent under Your benefits.

We do not reduce Your Gross Weekly Benefit by the benefits to which You are entitled, as described in (a), (b), and (c) above unless such benefits are greater than any widow/widower benefit You are receiving. And then We reduce Your Gross Weekly Benefit by the difference.

- Income of the type that is included in Your Insured Earnings for purposes of determining Your Gross Weekly Benefit under this Certificate.
- That portion of Retirement Plan retirement benefits which the Employer funds.
- That portion of Retirement Plan Disability benefits which the Employer funds.
- Retirement benefits or Retirement Plan disability benefits, due to Your Disability, from any Government Plan other than those shown above.
- Disability benefits from any:
  - No-Fault Motor Vehicle Coverage;
  - Motor vehicle financial responsibility act; or
  - Like law.
- Payment or settlement, with or without admission of liability, from: A Workers' Compensation law; an occupational disease law; or any other act or law of like intent.

  This includes:
  - The Jones' Act;
  - The Longshoreman's and Harbor Workers' Compensation Act; or
  - Any Maritime doctrine of Maintenance, Wages or Cure.

  If You receive a payment net of attorney fees approved by the Workers' Compensation Board or similar authority, We reduce Our benefit by the net payment.
- Disability benefits from any third party when Your Disability is the result of the negligence or intentional tort liability of that third party.
- Unemployment compensation benefits.

- Payment from Your Employer as part of a termination or severance agreement.

We reduce Your Gross Weekly Benefit with income shown above that You are entitled to receive without regard to the reason You are entitled to receive it.

Our right to reduce Your benefit by such income shall not be negated by a transfer of claim liability to a third party. Payment by such third party by law, settlement, judgment, waiver or otherwise shall not negate Our right.

Lump Sum Payments Of Other Income: Income with which We integrate may be paid in a lump sum. In this case, We take the equivalent weekly rate stated in the award into account when We determine Your Weekly Benefit. If no weekly rate is given, We divide the lump sum payment by the number of calendar days in the period for which it was awarded. This will determine the daily rate. Then, multiply the daily rate by 7. The result is the prorated weekly rate.

Cost of Living Freeze: You may receive a cost of living increase in other income with which We integrate. In this case, We do not further reduce Your Weekly Benefit by the amount of such increase.

Application For Other Income:

If We determine there is a reasonable expectation that You are entitled to receive such other income benefits, We will estimate the amount due to You and Your Spouse and children. We will take this estimated amount into account when We determine Your Weekly Benefit.

However, We will not reduce your Monthly Benefit by the estimated amount if You:

- Apply for any benefits for which You may be eligible;
- Appeal any denial of such benefits until all reasonable appeals have been made.

But, We will not estimate the amount due to You if You and We agree in writing in an agreement provided to You by Us that You will:

- Apply for any benefits for which You may be eligible;
- Appeal any denial of such benefits until all reasonable appeals have been made; and
- Repay any amount We overpaid due to an award of such benefits.

If We do reduce Your Gross Weekly Benefit by an estimated amount, We will adjust Your Weekly Benefit when We receive written proof:

- Of the amount awarded; or
- That the other income benefits have been denied, and no further appeals are possible.

If We underpay You, We will pay the full amount of the underpayment in a lump sum.

We will assist You in applying for other income benefits.

Adjustment Of Weekly Benefit For Disability Earnings: We adjust the Weekly Benefit for Disability Earnings as follows:

We pay the greater of the amount calculated under Method 1 or Method 2.

Method 1:

- If your Disability Earnings are less than 20% of Your Insured Earnings, We do not reduce your Weekly Benefit.
- If your Disability Earnings are 20% or more of Your Insured Earnings, We reduce Your Weekly Benefit by 50% of Your Disability Earnings.

Method 2:

(1) Subtract Your Disability Earnings from Your Insured Earnings.

(2) Divide the result in (1) above by Your Insured Earnings.

(3) Multiply the result in (2) above by Your Weekly Benefit. This is the amount We pay.

If Your Disability Earnings fluctuate widely from week to week, We may adjust Your Weekly Benefit using an average Disability Earnings amount. The average Disability Earnings amount will be computed using Your most current week's Disability Earnings and the prior two weeks Disability Earnings.

Maximum Allowable Disability Earnings: This Certificate limits the amount of income You may earn, or may be able to earn, and still be considered Disabled.

If Your Disability Earnings are more than 80% of Your Insured Earnings, payments from this Certificate will end. Payments from this Certificate will also end if You are able to earn more than 80% of Your Insured Earnings.

Limitations And Exclusions

Pre-Existing Conditions: A pre-existing condition is an Injury or Sickness, whether diagnosed or misdiagnosed, and any symptoms of it, for which, in the "look back period", You:

- Receive advice or treatment from a Doctor;
- Underwent diagnostic procedures other than routine screening in the absence of symptoms or suspicion of disease process by a Doctor;
- Were prescribed or took prescription drugs; or
- Receive other medical care or treatment, including consultation with a Doctor.

The "look back period" is the 3 Months before the latest of:

- Your Eligibility Date for coverage under this Certificate;
- The Effective Date of a change that increases the benefits payable by this Certificate; and
- The Eligibility Date of a change in Your benefit election that increases the benefit payable by this Certificate.

For any Disability caused by, contributed to, by, or resulting from a Pre-Existing Condition, We limit the Maximum Payment Period to 2 weeks, unless the Disability starts after You complete at least one full day of Active Work after the date You have been covered under this Certificate for 12 Months in a row.

Your Disability caused by, contributed to, by, or resulting from a Pre- Existing Condition may begin after:

- A change which provides for an increase in the benefits payable by this Certificate; or
- A change in Your benefit election which increases the benefit payable by this Certificate.

In this case, Your benefit will be limited to the amount that would have been payable had the change not taken place. But, this limit does not apply if Your Disability starts after You complete at least one full day of Active Work after the date the change has been in force for 12 Months in a row.

We do not cover any Disability that starts before Your coverage under this Certificate.

B400.0206

All Options

Prior Coverage Credit: If this Certificate replaces a similar Disability income replacement plan the Employer had with another insurer, the Pre-Existing Condition provision may not apply to You, if coverage under this Certificate starts immediately after the termination of coverage under the prior Disability income replacement plan.

This Certificate must start right after the prior plan ends.

The Pre-Existing Condition provision will be waived for You if You:

- Are Actively Working on Your Eligibility Date for coverage under this Certificate; and
- Have fulfilled the requirements of any Pre-Existing Condition provision of the prior plan provided by the Employer.

You may have been covered under the prior plan when it ended, but have not met the requirements of any Pre-Existing Condition provision of the prior plan. In that case, We credit any time used to meet the prior plan's Pre-Existing Condition provision toward meeting this Certificate's Pre-Existing Condition provision. You must:

- Enroll for coverage under this Certificate on or before this Certificate's Effective Date; and
- Be Actively Working on Your Eligibility Date for coverage under this Certificate.

But, We limit Your maximum Weekly Benefit under this Certificate if:

- It is more than the maximum Weekly Benefit for which You were covered under the prior plan provided by the Employer;
- You become Disabled due to a Pre-Existing Condition; and

- This Certificate pays benefits for such Disability because We credit time as explained above.

In this case, We limit the maximum Weekly Benefit to the amount to which You would have been entitled under the prior plan.

We deduct all payments made by the prior plan under an extension provision.

Services

Rehabilitation And Case Management: We will review Your Disability to see if certain services are likely to help You return to Gainful Work. If needed, We may ask for more medical or vocational information.

When Our review is complete, We may offer You a Rehabilitation Program. We have the right to suspend or end Your Weekly Benefit if You do not accept it.

The Rehabilitation Program will start when a written Rehabilitation Agreement is signed by:

- You;
- Us; and
- Your Employer, if needed.

The program may include, but is not limited to:

- Vocational assessment of Your work potential;
- Coordination and transition planning with an Employer for Your return to work;
- Consulting with Your Doctor on Your return to work and need for accommodations;
- Training in job seeking skills and resume preparation; and
- Retraining.

We have the right to determine which services are appropriate.

If You accept the Rehabilitation Agreement, We will pay an enhanced benefit. The enhanced benefit will be 110% of the Weekly Benefit that would otherwise be paid. This enhanced benefit will be payable as of the first Weekly Benefit after the Rehabilitation Program starts.

We stop paying the enhanced benefit on the earliest of:

- The date Your benefits from this Certificate end;
- The date You violate the terms of the Rehabilitation Agreement;
- The date You end the Rehabilitation Program; or
- The date the Rehabilitation Agreement ends.

If You end a Rehabilitation Program without Our consent, You must repay any enhanced benefits paid.

Dependent Care Expenses: While You are participating in a Rehabilitation Program, We will pay a dependent care expense benefit, when all of the following conditions are met:

- You incur expense to provide care for a qualified dependent; and
- The care is provided by a licensed provider other than a family member by blood or marriage.

The dependent care expense benefit will be the lesser of:

- $100.00 per week per qualified dependent; not to exceed $300.00 per week for all qualified dependents combined; and
- The actual weekly day care expense incurred by You.

We will stop paying the dependent care expense benefit on the earlier of the date You are no longer:

- Incurring dependent care expenses for a qualified dependent;
- Participating in a Rehabilitation Program; or
- Entitled to receive a Weekly Benefit from this Certificate.

As used here, "qualified dependent" means a person who is:

- Dependent upon You for main support and maintenance; and
- Under the age of 14; and
- Your biological child, lawfully adopted child, stepchild or any other child who is living with You in a regular parent-child relationship.

The term also means a family member, related by blood or marriage, age 14 or over who is physically or mentally incapable of caring for him or herself and is dependent upon You for main support and maintenance.

B400.0210

Worksite Modification: In order to accommodate Your Disability, an Employer may incur a cost to modify his or her worksite. We may reimburse the Employer, up to $2,500.00 for the cost of the worksite modification. We make this payment if We agree that the modification will enable You to:

- Return to work; or
- Remain at work.

B400.0212

Authority: We have discretionary authority to:

- Interpret the terms of this Certificate; and
- Determine Your eligibility for coverage and benefits under this Certificate.

All such determinations are conclusive and binding, except that they may be modified or reversed by a court or regulatory agency with appropriate jurisdiction.

Notice: You must send Us written notice of Your intent to file a claim under this Certificate within 20 days of the date the Injury occurs or the Sickness starts. This notice should include Your name and the Policy number. For details, You can call Us at 1-800-268-2525.

Proof Of Loss: When We receive Your Notice, We will provide You with a claim form within 15 days for filing Proof of Loss. This form requires data from the Employer, You, and the Doctor(s) treating Your Sickness or Injury. Proof of Loss must be given to Us within 90 days of the loss. If You do not receive a claim form within 15 days of the date You sent Your Notice, You should send Us written Proof of Loss without waiting for the form. We will not void or reduce Your claim if You cannot send Us Notice of claim and Proof of Loss within the required time. In that case, You must send Us Notice of claim and Proof of Loss as soon as reasonably possible. However, under no circumstances will We pay benefits if written Proof of Loss is delayed for more than one year, unless your inability to provide Proof of Loss is because you are not legally competent or You lack legal capacity.

You are required to cooperate with Guardian in its evaluation of any claim for benefits. You must provide Proof of Loss at Your expense, consisting of the following listed below. Failure to provide this information may prevent, delay, suspend, reduce or terminate Your eligibility for benefits.

- The date Disability began.
- Your last day of Active Work.
- The cause of Disability.
- The extent of Disability, including limitations and restrictions preventing You from performing the major duties of Your Own Job.

Proof of Insured Earnings and Disability Earnings may consist of:

- Copies of Your W-2 forms;

We may agree to obtain such authorization by use of voice or other electronic means. You must provide Us with such authorizations as often as We may require, in order that they remain current. Failure to provide such authorizations may prevent, delay, suspend or terminate Your eligibility for benefits.

Right To Request Medical, Financial Or Vocational Assessment: We may ask You to take part in a medical, financial, vocational or other assessment that We feel is necessary to determine whether the terms of this Certificate are met.

Medical assessment may include, but not be limited to:

- Independent medical examination (IMEs),
- Functional capacity examinations (FCEs) or
- Neuropsychological evaluations.

We may require medical, financial or vocational assessment(s) as often as We feel is reasonably necessary. We will pay for all such assessments. But, if You postpone a scheduled assessment without Our approval, You will be responsible for any rescheduling fees. If You do not take part in or cooperate with the assessment, We have the right to stop or suspend Your payments under this Certificate.

Ongoing Proof Of Loss: To continue to receive payments from this Certificate, You must give Us current Proof of Loss as often as We may reasonably require. Ongoing Proof of Loss must be provided to Us within 30 days of the date We request it.

Payment Of Benefits: We pay benefits to You, if You are legally competent. If You are not, We pay benefits to your lawful guardian, conservator, legal representative, or any person or fiduciary with the lawful authority to act on Your behalf or handle Your affairs. Benefits are paid in United States currency.

We pay benefits biweekly at the end of the period for which they are payable.

No benefits are payable for this Certificate s Elimination Period.

Benefits to which You are entitled may remain unpaid at Your death. Such benefits may be paid at Our discretion to:

- Your estate; or
- Your Spouse, parents, children, or brothers and sisters.

Partial Week Payment: You may be Disabled for only part of a week. In this case, We compute Your payment as 1/7th of the benefit to which You would be entitled for the full week times the number of days You are Disabled.

Overpayment Recovery: If We overpaid You, You must repay Us in full. We have the right to reduce Your payment or apply any benefits payable, including the minimum payment, toward recovery of the overpayment. If the overpayment is due to Our error, this right to recovery will not be exercised after 18 months of the date the overpayment was made. Overpayments due to fraud, material misstatements, or retroactive awards of other income with which this Certificate integrates will not be subject to the 18 month recovery limit.

SUBROGATION AND RIGHT OF RECOVERY

Purpose: When You have the right to recover amounts paid by this Certificate, We also have certain rights. These are explained below.

Subrogation: When this Certificate pays a benefit, We will immediately be subrogated to Your rights of recovery from any third party to the full extent of benefits paid. But, Guardian's subrogation rights under this section will be valid only if You are fully compensated Your loss.

Recovery: If You receive a payment from any third party or insurance coverage due to an Injury, Sickness or condition, We have the right to recover from, and be repaid by, You for all amounts this Certificate has paid due to that Injury, Sickness or condition, up to and including the full amount You receive from any third party or insurance coverage after You have been fully compensated for Your loss.

Constructive Trust: You must serve as a constructive trustee over the funds that constitute payment from any third party or insurance coverage due to Your Injury, Sickness or condition after You have been fully compensated for Your loss. If You fail to hold such funds in trust, it will be deemed a breach of Your fiduciary duty to Us.

Lien Rights: We will have a lien to the extent of benefits We paid due to Your Injury, Sickness or condition for which the third party is liable. The lien will be imposed on any recovery, whether by settlement, judgment, or otherwise, including from any insurance coverage, that You receive due to Your Injury, Sickness or condition, after You have been fully compensated for Your loss. The lien may be enforced against any party who holds funds or proceeds which represent the amount of benefits paid by Us. This includes, but is not limited to:

- You;
- Your representative or agent;
- The third party;
- The third party's insurer, representative or agent; and
- Any other source who holds such funds.

This Certificate s recovery rights are a first priority claim against all third parties and are to be paid to Us before any other claim for Your damage, if We are the primary disability insurer and the awards are designated for loss of time or wages.

This Certificate is not required to participate in or pay court costs or attorney fees to the attorney hired by You to pursue Your damage claim.

Applicable To All Settlements And Judgments: We are entitled to full recovery, after You have been fully compensated for Your loss regardless of whether:

- Any liability for payment is admitted by a third party; or

- The settlement or judgment received by You identifies the benefits the plan paid.

Cooperation: You must fully cooperate with Our efforts to recover the benefits paid under this Certificate. You must notify Us within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of Your intention to pursue or investigate a claim to recover damages or obtain compensation due to Injury, Sickness or condition sustained by You. You and Your agents, must provide all information requested by Us or Our representative. This includes, but is not limited to, completing and submitting any applications or other forms or statements as We may reasonably request. Failure to do this may result in the termination of benefits or the instigation of legal action against You.

You must do nothing:

- To prejudice Our rights as described in this section; or
- To prejudice Our ability to enforce the terms of this section.

This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full amount of all benefits paid by this Certificate.

We have the right to conduct an investigation regarding the Injury, Sickness or condition to identify any third party. We reserve the right to notify the third party and his or her agents of Our lien. Agents include, but are not limited to:

- Insurance companies; and
- Attorneys.

Any legal action or proceeding with respect to this section may be brought in any court of competent jurisdiction.

Proof of Insurability Requirements

Depending on the coverage sought, You may be required to supply proof that the person applying for coverage is insurable for the type and amount of coverage selected. This requirement is called Proof of Insurability. For purposes of this section, any person applying for coverage requiring Proof of Insurability is referred to as an "applicant."

To determine if the applicant is required to submit Proof of Insurability for the type and amount of coverage sought, please see below.

Any applicant required to submit Proof of Insurability must complete and submit to Us an acceptable Enrollment/Change form. We may also require the completion of additional forms so that we may determine whether the applicant is insurable, according to Our underwriting standards for the type and amount of insurance for which the applicant applied. To determine if the applicant is insurable, We may also need to obtain and review the applicant's:

- Health and medical history;
- Prescription history;
- Records relating to treatment;
- Diagnostic testing;
- Hospitalization and the like; and
- Records pertaining to the applicant's driving and motor vehicle history.

No coverage requiring Proof of Insurability will become effective unless and until it is approved by Us in writing. Our receipt of any premiums associated with coverage requiring Proof of Insurability does not waive or modify any requirement that must be satisfied for coverage to begin, including but not limited to the requirement that the applicant submit Proof of Insurability. In the event that any premiums are overpaid, Our only obligation is to return the amount of overpaid premiums.

The Employer, or its designee, must give Us complete and accurate information so that we may determine:

- Who is insured;
- The type and amount of coverage for which someone is insured; and
- Any other information required so that Guardian may meet its obligations under the Certificate.

We require Proof of Insurability as follows:

If You:

- Do not meet this Certificate's enrollment requirement within 30 days after You first become eligible; or
- Enroll after You previously had coverage which ended because You failed to make a required payment.

We will require Proof of Insurability. And, You will not be covered until We approve that proof in writing.

If Your active Full-Time work ends before You meet any Proof of Insurability requirements that apply, You will still have to meet those requirements if You are later re-employed by the Employer or an associated company within 30 days.

You must give US Proof of Insurability if You were previously declined or would have been considered a late enrollee under a group short term disability plan which this Certificate replaced.

You must give Us Proof of Insurability for any amount greater than the amount for which You were covered under the group short term disability plan which this Certificate replaced.

If You request to change Your plan election to a higher level of coverage, Proof of Insurability is required. You will not be covered for the higher level of coverage until We approve that proof in writing.

Any level of coverage that requires Proof of Insurability takes effect on the date We approve that proof in writing. But, You must be Actively At Work on a Full-Time basis on that date. If You are not, the new level of coverage will take effect on the date You return to Active Work on a Full- Time basis. In any case, the new level of coverage will not apply to a Recurring Disability.

Changes In Insurance Classification

If Your classification changes, coverage will not be changed to the new amount until the first day on which You are: (1) Actively At Work on a Full-Time basis; and (2) make a contribution, if required, for the new classification.

If a contribution is required for the new classification for which a larger amount of coverage is provided, You must make the required contribution for the new amount within 31 days of the change. If You do not make the required contribution within 31 days of the change or within 31 days of becoming Actively At Work on a Full-Time basis, if You are not Actively At Work on a Full-Time basis, when Your classification changes, no increase will be allowed due to such change or any later change. In that case, in order to become covered for the larger amount, You must:

- Make the required contribution for the new amount; and
- Furnish Proof of Insurability to Us, which We approve in writing.

If the coverage amount was previously reduced because of age or retirement, it will be retained at the reduced amount.

CERTIFICATE AMENDATORY RIDER

This Rider is effective on the Policy Date. If this Rider is added after the Policy Date, the Rider becomes effective on its issue date.

This Rider amends the Certificate by the replacement of the following Benefit Provisions:

Other Income Benefits: You may receive, or be entitled to receive, income shown in the list below. We will reduce Your Gross Weekly Benefit by such other income benefits to determine Your Weekly Benefit from this Certificate.

- Commissions or monies received, payable but not deferred, or paid after Disability benefits start.

  This includes:

  - Vested and nonvested renewal commissions;
  - Bonuses;
  - Royalties; and
  - Other distributions.

- Disability benefits from any mandated benefit act or law. This includes all temporary disability or state disability benefits required by law.

- Disability benefits from all group policies or plans of the Employer. This includes payments made by a group life insurance plan due to Your Disability. This does not include payments made from a group life insurance plan's:

  - Accelerated death benefit; or
  - Like provision that allows payment of such plan's proceeds due to terminal illness.

- Disability benefits from any other group policy or plan; but, if the other group plan was in force prior to this Certificate, and the other group plan also deducts for Disability benefits from any other group plan, or if the other group plan was from another plan sponsor or Employer and benefits received do not total 100% of Your previous income, We will not deduct these other group Disability benefits.

- Income received from partnership distributions but only to the extent that such income plus the amount of Your Gross Weekly Benefit is more than 100% of Your Insured Earnings.

- Benefits from: The United States Social Security Act; The Railroad Retirement Act; or any other like U.S. or Canadian plan or act.

  This includes:

  (a) All Disability benefits for which: (i) You are entitled; and (ii) Your Spouse and children are entitled due to Your Disability;

(b) All unreduced retirement benefits for which: (i) You are entitled and awarded; and (ii) Your Spouse and children are entitled and awarded due to Your entitlement; and

(c) All reduced retirement benefits paid to: (i) You; and (ii) Your Spouse and children due to Your receipt of such benefits.

We do not reduce Your Gross Weekly Benefit by the retirement benefits described in (b) and (c) above, to the extent that You and Your dependents were entitled and awarded to receive such income prior to the start of Disability. We will reduce the Gross Weekly Benefit by marginal increases in such income You and Your dependents were entitled and awarded after Disability begins.

We will reduce Your Gross Weekly Benefit by Your dependent s benefits described in (a), (b) and (c) above if: (i) the dependent s benefits are provided to You by the Social Security Administration; (ii) at the time that the Social Security Administration makes its first payment of the dependent benefits described in (a), (b), and (c) above, the dependent child remains a minor dependent or an adult Disabled dependent; and (iii) the dependent benefits You are entitled to are greater than any dependent benefit being received by another person. Under these circumstances, We will reduce Your Gross Weekly Benefit by the difference between the amount the dependent was awarded under the prior recipient and the amount awarded the dependent under Your benefits.

We do not reduce Your Gross Weekly Benefit by the benefits to which You are entitled, as described in (a), (b), and (c) above unless such benefits are greater than any widow/widower benefit You are receiving. And then We reduce Your Gross Weekly Benefit by the difference.

- Income of the type that is included in Your Insured Earnings for purposes of determining Your Gross Weekly Benefit under this Certificate.
- That portion of Retirement Plan retirement benefits which the Employer funds.
- That portion of Retirement Plan Disability benefits which the Employer funds.
- Retirement benefits or Retirement Plan disability benefits, due to Your Disability, from any Government Plan other than those shown above.
- Disability benefits from any:
  - No-Fault Motor Vehicle Coverage;
  - Motor vehicle financial responsibility act; or
  - Like law.
- Payment or settlement, with or without admission of liability, from: A Workers' Compensation law; an occupational disease law; or any other act or law of like intent.

  This includes:

  - The Jones' Act;

- The Longshoreman's and Harbor Workers' Compensation Act; or
- Any Maritime doctrine of Maintenance, Wages or Cure.

If You receive a payment net of attorney fees approved by the Workers' Compensation Board or similar authority, We reduce Our benefit by the net payment.

- Disability benefits from any third party when Your Disability is the result of the negligence or intentional tort liability of that third party.
- Unemployment compensation benefits.
- Payment from Your Employer as part of a termination or severance agreement.
- Payments from a paid leave, or a similar plan that pays for an approved leave, but only to the extent that such income plus the amount of Your Gross Weekly Benefit is more than 100% of Your Insured Earnings.

We reduce Your Gross Weekly Benefit with income shown above that You are entitled to receive without regard to the reason You are entitled to receive it.

Our right to reduce Your benefit by such income shall not be negated by a transfer of claim liability to a third party. Payment by such third party by law, settlement, judgment, waiver or otherwise shall not negate Our right.

STATEMENT OF ERISA RIGHTS

The Guardian Life Insurance Company of America
10 Hudson Yards
New York, New York 10001
(212) 598-8000

Your group Short Term and/or Long Term Disability Income benefits may be covered by the Employee Retirement Income Security Act of 1974 (ERISA). If so, you are entitled to certain rights and protections under ERISA.

ERISA provides that all plan participants shall be entitled to:

Receive Information about Your Plan and Benefits

(a) Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

(b) Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.

(c) Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforcement of Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules (see Claims Procedures below).

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a state or Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to $110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

Assistance with Questions

If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Disability Benefits Claims Procedure

If you seek benefits under the plan you should complete, execute and submit a claim form. Claim forms and instructions for filing claims may be obtained from The Guardian Life Insurance Company of America (hereinafter referenced as Guardian).

Guardian is the Claims Fiduciary with discretionary authority to interpret and construe the terms of the Policy, the Certificate, the Schedule of Benefits, and any riders, or other documents or forms that may be attached to the Certificate or the Policy, and any other plan documents. Guardian has discretionary authority to determine eligibility for benefits and coverage under those documents. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

In addition to the basic claim procedure explained in your certificate, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of ERISA.

Definitions

"Adverse determination" means any denial, reduction or termination of a benefit or failure to provide or make payment (in whole or in part) for a benefit.

Timing for Initial Benefit Determination

The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

Guardian will provide a benefit determination not later than 45 days from the date of receipt of a claim. This period may be extended by up to 30 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 45-day period. Such notification will include the reason for the extension and a date by which the determination will be made. If prior to the end of the 30-day period Guardian determines that an additional extension is necessary due to matters beyond the control of the plan, and so notifies the claimant, the time period for making a benefit determination may be extended for up to an additional period of up to 30 days. Such notification will include the special circumstances requiring the extension and a date by which the final determination will be made.

A notification of an extension to the time period in which a benefit determination will be made will include an explanation of the standards upon which entitlement to a benefit is based, any unresolved issues that prevent a decision of the claim, and the additional information needed to resolve those issues.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

B997.0232

Adverse Benefit Determination

If a claim is denied, Guardian will provide a notice that will set forth:

- The specific reason(s) for the adverse determination;
- References to the specific provisions in the Policy, Certificate, plan or other documents, on which the determination is based;
- A description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary;
- A description of the plan's claim review procedures which a claimant may follow to have a claim for benefits reviewed and the time limits applicable to such procedures;
- A statement disclosing any internal rule, guideline, protocol or similar criterion relied on in making the adverse benefit determination (or a statement that such information will be provided free of charge upon request); or a statement that no internal rule, guideline, protocol or similar criterion was relied upon in making the adverse benefit determination;
- If applicable, an explanation of the basis of disagreement with or not following the views presented by you, of health care professionals who treated you and vocational professionals who evaluated you;

- If applicable, an explanation of the basis for disagreeing with or not following the views of any medical or vocational expert whose advice was obtained on our behalf in connection with the adverse benefit determination, without regard to whether the advice was relied upon in making the determination;
- If applicable, an explanation of the basis for disagreeing with or not following a disability determination made by the Social Security Administration that you present to us;
- A description of the plan's review procedures and the time limits applicable to such procedures, including a statement of the claimant's right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination on appeal, and;
- In the case of an adverse benefit determination based on medical necessity or experimental treatment, notice will either include an explanation of the scientific or clinical basis for the determination, or a statement that such explanation will be provided free of charge upon request.

Appeal of Adverse Benefit Determinations

If a claim is wholly or partially denied, the claimant will have up to 180 days to make an appeal. Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- The opportunity to submit written comments, documents, records and other information relating to the claim;
- The opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relevant to the claim; and
- A review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- Provide for a review conducted by a named fiduciary who is neither the person who made the initial adverse determination nor that person's subordinate;
- In deciding an appeal based upon a medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- Identify medical or vocational experts whose advice was obtained in connection with an adverse benefit determination; and
- Ensure that a health care professional engaged for consultation regarding an appeal based upon a medical judgment shall be neither the person who was consulted in connection with the adverse benefit determination, nor that person's subordinate.

Guardian will notify the claimant of its decision not later than 45 days after receipt of the request for review of the adverse determination. This period may be extended by an additional period of up to 45 days if Guardian determines that special circumstances require an extension of the time period for processing and so notifies the claimant before the end of the initial 45-day period.

A notification with respect to an extension will indicate the special circumstances requiring an extension of the time period for review, and the date by which the final determination will be made.

In the event Guardian denies the appeal of an adverse benefit determination, it will:

- Provide the specific reason or reasons why the appeal was denied;
- Refer to the specific provisions in the Policy, Certificate, plan, or other documents on which the benefit determination is based;
- Provide a statement that the claimant is entitled to receive, upon request and free of charge, reasonably access to, and copies of all documents, records, and other information relevant to the claimant's claim for benefits;
- Provide a statement disclosing any internal rule, guideline, protocol or similar criterion relied on in making the adverse benefit determination (or a statement that such information will be provided free of charge upon request); or a statement that no internal rule, guideline, protocol or similar criterion was relied upon in making the adverse benefit determination;
- If applicable, provide an explanation of the basis of disagreement with or not following the views presented by you, of health care professionals who treated you, and vocational professionals who evaluated you;
- If applicable, provide an explanation of the basis for disagreeing with or not following the views of any medical or vocational expert whose advice was obtained on our behalf in connection with the adverse benefit determination, without regard to whether the advice was relied upon in making the determination;
- If applicable, provide an explanation of the basis for disagreeing with or not following a disability determination made by the Social Security Administration that you present to us;
- Provide a statement describing the claimant's right to bring a civil suit under Section 502(a) of the Employee Retirement Income Security Act of 1974 which shall also describe any applicable contractual limitations period that applies the claimant's right to bring such an action, including the calendar date on which the contractual limitations period expires for the claim, and;

- In the event the adverse benefit determination is based on a medical necessity or experimental treatment or similar exclusion or limit, provide either an explanation of the scientific or clinical judgment for the determination, applying the terms of the plan to the claimant's medical circumstances, or a statement that such explanation will be provided free of charge upon request.

Alternative Dispute Options

The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S Department of Labor Office and the State insurance regulatory agency.

In addition to any legal rights you may have under section 502(a), if you believe that we have violated ERISA's procedural requirements, you may request that we review any claimed violation(s) and we will respond to you within ten days.

When Coverage Starts

For coverage to start, You must be fully capable of performing the major duties of Your Own Occupation for the Employer and working the minimum required number of hours of an Employee in Your eligible class at 12:01 A.M. Standard Time for Your place of residence on Your scheduled Eligibility Date. And, for coverage to start, You must meet all of the Conditions of Eligibility described above and the conditions shown below which apply to You. If You are not fully capable of performing the major duties of Your Own Occupation on Your scheduled Eligibility Date, We will postpone the start of Your coverage until You are so capable and working the minimum required number of hours of an Employee in Your eligible class for one full day, with the capacity to do so for one full week.

Whether You must pay all or part of the cost of Your coverage, You must elect to enroll and agree to make the required payments before Your coverage starts. If You do this on or before Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You do this within 31 days after Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You elect to enroll and agree to make the required payments more than 31 days after Your Eligibility Date, Your coverage will not start until You send Us Proof of Insurability. Once We have approved such proof, Your coverage is scheduled to start on Your approved Eligibility Date.

B400.0359

Exception to When Coverage Starts

Sometimes a scheduled Eligibility Date is not a regularly scheduled work day. If the scheduled Eligibility Date falls on:

- A holiday;
- A vacation day;
- A non-scheduled work day;
- A day during an approved leave of absence not due to Sickness or Injury, of 90 days or less; or
- A day during a period of absence that is less than 7 days in duration;

and if:

- You are fully capable of performing the major duties of Your Own Occupation for the Employer for the minimum number of hours of an Employee in Your eligible class at 12:01 AM Standard Time for Your place of residence on the scheduled Eligibility Date; and
- You were performing the major duties of Your Own Occupation and working the minimum number of hours of an Employee in Your eligible class on Your last regularly scheduled work day.

Your coverage will start on the scheduled Eligibility Date. However, any coverage or part of coverage for which You must elect and pay all or part of the cost, will not start if You are on an approved leave, layoff or absence and such coverage or part of coverage was not previously in force for You under a prior plan which this Certificate replaced.

Any part of Your coverage which is subject to Proof of Insurability will not start unless You send such proof to Us, and We approve it in writing. Once We have approved it, that part of Your coverage is scheduled to start on Your approved Eligibility Date.

We will postpone such coverage until You complete one full day of Active Work, working the minimum required number of hours of an eligible class, with the capacity to do so for one full week without missing a work day due to the same condition(s). Coverage for an otherwise covered loss due to all other conditions will start on the date You return to Active Work working the minimum required number of hours of Your eligible class and performing the regular duties of Your Occupation.

See Disabilities With A Limited Maximum Payment Period and Pre-Existing Conditions.

Benefits payable during the Maximum Payment Period will not be affected by the termination of the Certificate, subject to all the terms and conditions of the Certificate that were in effect on the first date of Your Disability. Recurring Disability: Benefits from this Certificate end if You cease to be Disabled. But, a later Disability may be treated as a Recurring Disability, if all of the conditions listed below are met:

- You must return to Active Work right after Your benefits end.
- The Disability recurs less than six Months after You were last entitled to benefits.
- The later Disability must be due to the same or related cause of Your earlier Disability.
- This Certificate must not end during Your return to Active Work.

Calculation of Monthly Benefit: Your benefit is governed by the terms of this Certificate in effect on the date Disability starts. Any changes to this Certificate that take place as follows are inapplicable to, and will not affect, Your benefit:

- While You are Disabled; or
- During a period of Active Work that occurs between an initial period of Disability and a Recurring Disability.

We calculate Your Gross Monthly Benefit according to the Schedule of Benefits. This Certificate includes Proof of Insurability requirements that may affect the amount of Your Gross Monthly Benefit. The Schedule of Benefits explains these requirements.

From Your Gross Monthly Benefit, subtract the amount of any income listed in Other Income Benefits that You receive or are entitled to receive. The result is Your Monthly Benefit.

Redetermination: This Certificate redetermines Your Insured Earnings on each March 1st, the Employer must report current Insured Earnings for all Employees under this Certificate. Changes to Your Insured Earnings are subject to any Proof of Insurability requirements that may apply to this Certificate. As of this Certificate's redetermination date, We use Your Insured Earnings on record with Us to:

- set rates;

- project benefit amounts and limits; and
- calculate premium payable under this Certificate.

You must be actively-at-work on a Full-Time basis on that date. If You are not, We do not do this until the date You return to Active Work on a Full-Time basis. But, changes in earnings will not apply to a Recurring Disability.

Other Income Benefits: You may receive, or be entitled to receive, income shown in the list below.

We will reduce Your Gross Monthly Benefit by such other income benefits to determine Your Monthly Benefit from this Certificate.

- Commissions or monies received, payable but deferred, or paid after Disability benefits start.

  This includes:

  - Vested and nonvested renewal commissions;
  - Bonuses;
  - Royalties; and
  - Other distributions.

- Disability benefits from any mandated benefit act or law. This includes all temporary disability or state disability benefits required by law.
- Disability benefits from all group policies or plans of the Employer. This includes payments made by a group life insurance plan due to Your Disability. This does not include payments made from a group life insurance plan's:

  - Accelerated death benefit; or
  - Like provision that allows payment of such plan's proceeds due to terminal illness.

- Disability benefits from any other group policy or plan; but, if the other group plan was in force prior to this Certificate, and the other group plan also deducts for disability benefits from any other group plan, or if the other group plan sponsor or Employer and benefits received do not total 100% of Your previous income, We will not deduct these other group disability benefits.
- Income from sick leave, salary continuance or paid time off, exclusive of vacation time accrued prior to Disability, but only to the extent that such income plus the amount of Your Gross Monthly Benefit is more than 100% of Your Indexed Insured Earnings. This applies whether such benefits are sponsored on a formal or informal basis. This includes:

  - Donated;

- Lump sum; and
- Recurrent payments of accrued sick leave benefits.

  But, if You are working while Disabled, We will account for such income as described in Adjustment of Monthly Benefit for Disability Earnings.

- Income received from partnership distributions but only to the extent that such income plus the amount of Your Gross Monthly Benefit is more than 100% of Your Indexed Insured Earnings.
- Benefits from: The United States Social Security Act; The Railroad Retirement Act; or any other like U.S. or Canadian plan or act.

  This includes:

  (a) All disability benefits for which: (i) You are entitled; and (ii) Your spouse and children are entitled due to Your Disability;

  (b) All unreduced retirement benefits for which: (i) You are entitled and awarded; and (ii) Your spouse and children are entitled and awarded due to Your entitlement; and

  (c) All reduced retirement benefits paid to: (i) You; and (ii) Your spouse and children due to Your receipt of such benefits.

  We do not reduce Your Gross Monthly Benefit by the retirement benefits described in (b) and (c) above, to the extent that You and Your dependents were entitled and awarded such income prior to the start of Disability. We will reduce the Gross Monthly Benefit by marginal increases in such income You and Your dependents were entitled and awarded after Disability begins.

  We will reduce Your Gross Monthly Benefit by Your dependents' benefits described in (a), (b) and (c) above if: (i) the dependents' benefits are provided to You by the Social Security Administration; (ii) at the time that the Social Security Administration makes its first payment of the dependent benefits described in (a), (b), and (c) above, the dependent child remains a minor dependent or an adult Disabled dependent, and (iii) the dependent benefits You are entitled to are greater than any dependent benefit being received by another person. Under these circumstances, We will reduce Your Gross Monthly Benefit by the difference between the amount the dependent was awarded under the prior recipient and the amount awarded the dependent under Your benefits.

  We do not reduce Your Gross Monthly Benefit by the benefits to which You are entitled, as described in (a), (b), and (c) above unless such benefits are greater than any widow/widower benefit You are receiving. And then We reduce Your Gross Monthly Benefit by the difference.

- Income of the type that is included in Your Insured Earnings for purposes of determining Your Gross Monthly Benefit under this Certificate.
- That portion of Retirement Plan retirement benefits which the Employer funds.

- That portion of Retirement Plan disability benefits which the Employer funds.

  - Motor vehicle financial responsibility act; or
  - Like law.
- Payment or settlement, with or without admission of liability, from: A Workers' Compensation law; an occupational disease law; or any other act or law of like intent.

  This includes:
  - The Jones' Act;
  - The Longshoreman's and Harbor Workers' Compensation Act; or
  - Any Maritime doctrine of Maintenance, Wages or Cure.

  If You receive a payment net of attorney fees approved by the Workers' Compensation Board or similar authority, We reduce Our benefit by the net payment.
- Disability benefits from any third party when Your Disability is the result of the negligence or intentional tort liability of that third party.
- Unemployment compensation benefits.
- Payment from Your Employer as part of a termination or severance agreement.

We reduce Your Gross Monthly Benefit with income shown above that You are entitled to receive without regard to the reason You are entitled to receive it.

Our right to reduce Your benefit by such income shall not be negated by a transfer of claim liability to a third party. Payment by such third party by law, settlement, judgment, waiver or otherwise shall not negate Our right.

Lump Sum Payments of Other Income: Income with which We integrate may be paid in a lump sum. In this case, We take the equivalent Monthly rate stated in the award into account when We determine Your Monthly Benefit.

If no Monthly rate is given, We pro-rate the lump sum over the lesser of:

- 60 months; or
- The expected remaining number of Months for which You would be entitled to benefits from this Certificate based on the proof of loss submitted to Us.

B400.0486

Cost of Living Freeze: You may receive a cost of living increase in other income with which We integrate. In this case, We do not further reduce Your Monthly Benefit by the amount of such increase.

Application For Other Income: If We determine that You are entitled to receive such other income benefits, We will estimate the amount due to You and Your spouse and children. We will there is a reasonable expectation this estimated amount into account when We determine Your Monthly Benefit.

However, We will not reduce your Monthly benefit by the estimated amount if You:

- Apply for any benefits for which You may be eligible;
- Appeal any denial of such benefits until all reasonable appeals have been made.

But, We will not estimate the amount due to You if You and We agree in writing in an agreement provided to You by Us that You will:

- Apply for any benefits for which You may be eligible;
- Appeal any denial of such benefits until all reasonable appeals have been made; and
- Repay any amount We overpaid due to an award of such benefits.

If We do reduce Your Gross Monthly Benefit by an estimated amount, We will adjust Your Monthly Benefit when We receive written proof:

- Of the amount awarded; or
- That the other income benefits have been denied; and no further appeals are possible.

If We underpay You, We will pay the full amount of the underpayment in a lump sum.

We will assist You in applying for other income benefits.

Adjustment of Monthly Benefit For Disability Earnings: We adjust the Monthly Benefit for Disability Earnings as follows:

For each of the first 12 Months after the date You first have Disability Earnings, add Your Gross Monthly Benefit and Your Disability Earnings.

- If the sum is not more than 100% of Your Indexed Insured Earnings, We do not reduce Your Monthly Benefit.
- If the sum is more than 100% of Your Indexed Insured Earnings, We reduce Your Monthly Benefit by the amount over 100% of Your Indexed Insured Earnings.

For each Month after that, We pay the greater of the amount calculated under Method 1 or Method 2.

Method 1:

- If Your Disability Earnings are less than 20% of Your Indexed Insured Earnings, We do not reduce Your Monthly Benefit.
- If Your Disability Earnings are 20% or more of Your Indexed Insured Earnings, We reduce Your Monthly Benefit by 50% of Your Disability Earnings.

Method 2:

(1) Subtract Your Disability Earnings from Your Indexed Insured Earnings.

(2) Divide the result in (1) above by Your Indexed Insured Earnings.

(3) Multiply the result in (2) above by Your Monthly Benefit. This is the amount We pay.

If Your Disability Earnings fluctuate widely from Month to Month, We may adjust Your Monthly Benefit using an average Disability Earnings amount. The average Disability Earnings amount will be computed using Your most current Month's Disability Earnings and the prior two Months Disability Earnings.

Maximum Allowable Disability Earnings: This Certificate limits the amount of income You may earn, or may be able to earn, and still be considered Disabled.

If Your Disability Earnings are more than the limit shown below, payments from this Certificate will end. Payments from this Certificate will also end if You are able to earn more than the limit shown below:

- During the Own Occupation period, the limit is 80% of Your Indexed Insured Earnings.
- After this Certificate has paid benefits for 24 Months in a row, the limit is 80% of Your Indexed Insured Earnings if You are Working While Disabled, or 60% of Your Indexed Insured Earnings if You are not Working While Disabled.

B400.0495

All Options

Indexing: We apply an indexing factor to Your Insured Earnings on the date You have received 12 Monthly payments in a row and each anniversary after that. This factor increases the amount of income You may earn and still be considered Disabled. This adjustment does not increase Your Gross Monthly Benefit, Monthly Benefit, or any other benefit under this Certificate.

To make the first adjustment, We multiply Your Insured Earnings by the indexing factor for that year. To make adjustments in each later year, We multiply the amount of Your last indexed Insured Earnings by the indexing factor.

The indexing factor is the lesser of:

- 10%; or
- One-half of the average CPI-W from the prior calendar year.

Minimum Payment: The minimum Monthly payment for Disability under this Certificate is the larger of: (1) 10% of Your Gross Monthly Benefit; or (b) $100.00.

Limitations And Exclusions

Disabilities With A Limited Maximum Payment Period: We limit the Maximum Payment Period, if You are Disabled due to: a Mental Illness; drug or alcohol abuse. If You have a coexistent condition(s), which is not subject to the limits in this section, and constitutes a Disability in and of itself, We will not limit benefits as described below.

The Maximum Payment Period for all periods of Disability due to: a Mental Illness; drug or alcohol abuse; is 24 Months. This is a combined lifetime maximum for all such conditions and all periods of Disability.

No benefits will be paid for Disability due to a Mental Illness or drug or alcohol abuse if You are not receiving treatment for the cause of the Disability from a provider, or a facility that is:

- Licensed by the state to provide treatment for such condition; and
- Accredited or approved by the Joint Commission on the Accreditation of Health Care Facilities or Medicare.

If payments under this Certificate would otherwise end due to the limits in this section, We may extend such payments if You meet all of the following conditions:

- You must be Disabled due to a condition named above;
- You must be an inpatient in a qualified institution because of Your Disability; and
- You must have been treated as an inpatient for at least 14 days in a row.

In such case, We will extend payments, if You are Disabled and otherwise remain entitled to payments under the Certificate, until the earliest of:

- 90 days from the date of Your discharge, following the date benefits would otherwise have ended;
- The end of this Certificate's Maximum Payment Period; or
- The date Your Disability ends.

As used here, "qualified institution" means a legally operated hospital or other public or private facility licensed to provide inpatient medical care and treatment for the cause of Your Disability.

B400.0512

Pre-Existing Conditions: A Pre-Existing Condition is an Injury or Sickness, whether diagnosed or misdiagnosed, and any symptoms of it, for which, in the "look back period", You:

- Receive advice or treatment from a Doctor;

- Underwent diagnostic procedures other than routine screening in the absence of symptoms or suspicion of disease process by a Doctor;
- Were prescribed or took prescription drugs; or
- Received other medical care or treatment, including consulting with a Doctor.

The "look back period" is the six Months before the latest of:

- Your Eligibility Date for coverage under this Certificate;
- The Effective Date of a change that increases the benefits payable by this Certificate; or
- The Eligibility Date of a change in Your benefit election that increases the benefit payable by this Certificate.

No benefits are payable for Disability caused by, contributed to, by, or resulting from a Pre-Existing Condition; unless the Disability starts after You complete at least one full day of Active Work after the date You have been covered under this Certificate for 24 Months in a row.

Your Disability caused by, contributed to by or resulting from; a Pre- Existing Condition may begin after:

- A change which provides for an increase in the benefits payable by this Certificate; or
- A change in Your benefit election which increases the benefit payable by this Certificate.

In this case, Your benefit will be limited to the amount that would have been payable had the change not taken place. But, this limit does not apply if Your Disability starts after You complete at least one full day of Active Work after the date the change has been in force for 24 Months in a row.

We do not cover any Disability that starts before Your Eligibility Date for coverage under this Certificate.

B400.0518

All Options

Prior Coverage Credit: If this Certificate replaces a similar disability income replacement plan the Employer had with another insurer, the Pre-Existing Condition provision may not apply to You, if coverage under this Certificate starts immediately after the termination of coverage under the prior disability income replacement plan. This Certificate must start right after the prior plan ends.

The Pre-Existing Condition provision will be waived for You if You:

- Are Actively Working on the Your Eligibility Date for coverage under this Certificate; and
- Have fulfilled the requirements of any Pre-Existing Condition provision of the prior plan provided by the Employer.

You may have been covered under the prior plan when it ended, but have not met the requirements of any Pre-Existing Condition provision of the prior plan. In that case, We credit any time used to meet the prior plan's Pre-Existing Condition provision toward meeting this Certificate's Pre-Existing Conditions provision. You must:

- Enroll for coverage under this Certificate on or before this Certificate's Effective Date; and
- Be Actively Working on Your Eligibility Date for coverage under this Certificate.

But, We limit Your maximum Monthly Benefit under this Certificate if:

- It is more than the maximum Monthly Benefit for which You were covered under the prior plan provided by the Employer;
- You become Disabled due to a Pre-Existing Condition; and
- This Certificate pays benefits for such Disability because We credit time as explained above.

In this case, We limit the maximum Monthly Benefit to the amount to which You would have been entitled under the prior plan.

We deduct all payments made by the prior plan under an extension provision.

- The intentional or voluntary inhalation or ingestion of gas, chemical, solvent, poison or other substances not intended for internal consumption, irrespective of any pre-existing or co-morbid condition;

- During which You are confined to a jail, prison or other facility as a result of Your conviction of a crime;
- During which You are receiving medical treatment or care outside the United States or Canada unless expressly authorized by Us;
- Which starts before You are covered by this Certificate;
- After the date You have been outside the United States and/or Canada and/or a country or region approved by Us for more than 2 Months in a 12 Month period. If You return to the United States and/or a country or region approved by Us within 6 Months of the end of payments, payments may be resumed, provided You have remained continuously Disabled, subject to all the terms and conditions of this Certificate; or
- During which Your loss of earnings is not solely due to Your Disability.

This Certificate does not pay benefits due solely to a risk of relapse or exacerbation of a prior injury or illness in the absence of a current impairment and Disability.

Services

Social Security Assistance: If You are Disabled, We require You to apply for Social Security benefits. See Application for Other Income. If We believe You are eligible for such benefits, We may offer to assist You in applying for them. Services We can provide include:

- Help in completing Your application for such benefits, and any related forms;
- Assistance finding suitable legal counsel; and
- Copies of medical and vocational data needed to file Your claim.

We may also provide these and other services if Your benefits are under review for possible termination by the Social Security Administration.

Rehabilitation And Case Management: We will review Your Disability to see if certain services are likely to help You return to Gainful Work. If needed, We may ask for more medical or vocational information.

When Our review is complete, We may offer You a Rehabilitation Program. We have the right to suspend or end Your Monthly Benefit if You do not accept it.

The Rehabilitation Program will start when a written Rehabilitation Agreement is signed by:

The program may include, but is not limited to:

- Vocational assessment of Your work potential;
- Coordination and transition planning with an Employer for Your return to work;
- Consulting with Your Doctor on Your return to work and need for accommodations;

- Retraining.

We have the right to determine which services are appropriate.

If You accept the Rehabilitation Agreement, We will pay an enhanced benefit. The enhanced benefit will be 110% of the Monthly Benefit that would otherwise be paid. This enhanced benefit will be payable as of the first Monthly Benefit after the Rehabilitation Program starts.

We stop paying the enhanced benefit on the earliest of:

- The date Your benefits from this Certificate end;
- The date You violate the terms of the Rehabilitation Agreement;
- The date You end the Rehabilitation Program; or
- The date the Rehabilitation Agreement ends.

If You end a Rehabilitation Program without Our consent, You must repay any enhanced benefits paid.

Dependent Care Expenses: While You are participating in a Rehabilitation Program, We will pay a dependent care expense benefit, when all of the following conditions are met:

- You incur expense to provide care for a qualified dependent; and
- The care is provided by a licensed provider other than a family member by blood or marriage.

The dependent care expense benefit will be the lesser of:

- $350.00 per Month per qualified dependent; not to exceed $1,000.00 per Month for all qualified dependents combined; and
- The actual Monthly day care expense incurred by You.

We will stop paying the dependent care expense benefit on the earlier of the date You are no longer:

- Incurring dependent care expenses for a qualified dependent;
- Participating in a Rehabilitation Program; or
- Entitled to receive a Monthly Benefit from this Certificate.

As used here, "qualified dependent" means a person who is:

- Dependent upon You for main support and maintenance; and
- Under the age of 14; and
- Your biological child, lawfully adopted child, stepchild or any other child who is living with You in a regular parent-child relationship.

The term also means a family member, related by blood or marriage, age 14 or over who is physically or mentally incapable of caring for him or herself and is dependent upon You for main support and maintenance.

- Return to work; or
- Remain at work.

In that case, You must send Us Notice of claim and Proof of Loss as soon as reasonably possible. SUBROGATION AND RIGHT OF RECOVERY

Purpose: When You have the right to recover amounts paid by this Certificate, We also have certain rights. These are explained below.

Subrogation: When this Certificate pays a benefit, We will immediately be subrogated to Your rights of recovery from any third party to the full extent of benefits paid. But Guardian's subrogation rights under this section will be valid only if You are fully compensated for Your loss.

Recovery: If You receive a payment from any third party or insurance coverage due to an Injury, Sickness or condition, We have the right to recover from, and be repaid by, You for all amounts this Certificate has paid due to that Injury, Sickness or condition, up to and including the full amount You receive from any third party or insurance coverage after You have been fully compensated for Your loss.

Constructive Trust: You must serve as a constructive trustee over the funds that constitute payment from any third party or insurance coverage due to Your Injury, Sickness or condition. If You fail to hold such funds in trust, it will be deemed a breach of Your fiduciary duty to Us.

Lien Rights: We will have a lien to the extent of benefits We paid due to Your Injury, Sickness or condition for which the third party is liable. The lien will be imposed on any recovery, whether by settlement, judgment, or otherwise, including from any insurance coverage, that You receive due to Your Injury, Sickness or condition after You have been fully compensated for Your loss. The lien may be enforced against any party who holds funds or proceeds which represent the amount of benefits paid by Us. This includes, but is not limited to:

- You;
- Your representative or agent;
- The third party;
- The third party's insurer, representative or agent; and
- Any other source who holds such funds.

First Priority Claim: This Certificate's recovery rights are a first priority claim against all third parties and are to be paid to Us before any other claim for Your damages if We are the primary disability insurer and the awards are designated for loss of time or wages.

This Certificate is not required to participate in or pay court costs or attorney fees to the attorney hired by You to pursue Your damage claim.

Applicable To All Settlements And Judgments: We are entitled to full recovery after You have been fully compensated for your loss regardless of whether:

- Any liability for payment is admitted by a third party; or

- The settlement or judgment received by You identifies the benefits the Certificate paid.

Cooperation: You must fully cooperate with Our efforts to recover the benefits paid under this Certificate. You must notify Us within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of Your intention to pursue or investigate a claim to recover damages or obtain compensation due to Injury, Sickness or condition sustained by You. You and Your agents, must provide all information requested by Us or Our representative. This includes, but is not limited to, completing and submitting any applications or other forms or statements as We may reasonably request. Failure to do this may result in the termination of benefits or the instigation of legal action against You.

You must do nothing:

- To prejudice Our rights as described in this section; or
- To prejudice Our ability to enforce the terms of this section.

This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full amount of all benefits paid by this Certificate.

We have the right to conduct an investigation regarding the Injury, Sickness or condition to identify any third party. We reserve the right to notify the third party and his or her agents of Our lien. Agents include, but are not limited to:

The Employer, or its designee, must give Us complete and accurate information so that we may determine:

- Who is insured;
- The type and amount of coverage for which someone is insured; and
- Any other information required so that Guardian may meet its obligations under the Certificate.

We require proof as follows:

If You:

- Do not meet this Certificate's enrollment requirement within 30 days after You first become eligible; or

  Enroll after You previously had coverage which ended because You failed to make a required payment, We will ask for Proof Of Insurability.

And, You will not be covered until We approve that proof in writing.

If Your active Full-Time work ends before You meet any Proof Of Insurability requirements that apply You will still have to meet those requirements if You are later re-employed by the Employer or an associated company within 30 days.

You must give Us Proof of Insurability for any amount greater than the amount for which You were covered under the group long term disability plan which this Certificate replaced.

Any level of coverage that requires Proof of Insurability takes effect on the date We approve that proof in writing. But, You must be Actively At Work on a Full-Time basis on that date. If You are not, the new level of coverage will take effect on the date You return to Active Work on a Full- Time basis. In any case, the new level of coverage will not apply to a Recurring Disability.

Changes To Coverage

Changes In Coverage Amounts

If You are not Actively At Work on a Full-Time basis, any change in Your amount of coverage will not become effective prior to the date You return to Active Work on a Full-Time basis.

Changes In Insurance Classification

If Your classification changes, coverage will not be changed to the new amount until the first day on which You are: (1) Actively At Work on a Full-Time basis; and (2) make a contribution, if required, for the new classification.

If a contribution is required for the new classification for which a larger amount of coverage is provided, You must make the required contribution for the new amount within 31 days of the change. If You do not make the required contribution within 31 days of the change or within 31 days of becoming Actively At Work on a Full-Time basis, if You are not Actively At Work on a Full-Time basis, when Your classification changes, no increase will be allowed due to such change or any later change. In that case, in order to become covered for the larger amount, You must:

- Make the required contribution for the new amount; and
- Furnish Proof of Insurability to Us, which We approve in writing.

If the coverage amount was previously reduced because of age or retirement, it will be retained at the reduced amount.

CERTIFICATE RIDER

This Rider is effective as of the effective date of the Employee's Certificate. If this Rider is added to an inforce Certificate, the Rider becomes effective on its issue date. This Rider amends the Certificate by the addition of the following:

Income Recovery Benefit Rider

This Rider may pay an Income Recovery Benefit, if Monthly Benefits cease because You are no longer Disabled.

To be eligible for the Income Recovery Benefit, You must be:

- Able to perform the major duties of Your Own Occupation or, if the Certificate has paid all benefits for the Own Occupation period, able to perform the major duties of any Gainful Occupation;
- Working in Your Own Occupation or, if the Certificate has paid all benefits for the Own Occupation period, Your Gainful Occupation, the same number of hours as You did prior to Disability;
- Unable to earn the Certificate's maximum allowable Disability Earnings, due to the Sickness or Injury which caused the prior Disability.

We pay this benefit Monthly, in arrears. We determine the amount We pay in two steps.

In step one, We compute the following: (1) Your Gross Monthly Benefit as of the last month You were Disabled under the terms of the Certificate; less (2) Other Income Benefits.

In step two, We make a current earnings adjustment.

We add:

- Your Gross Monthly Benefit as of the last month You were Disabled under the terms of the Certificate; and
- Your current Disability Earnings.

If such sum exceeds 100% of Your Insured Earnings, We pay the amount in step one less the excess over 100%. If such sum does not exceed 100%, We pay the amount in step one.

We stop paying this benefit on the earliest of:

- The date You are able to earn the Certificate's maximum allowable Disability Earnings;
- The date You become Disabled;
- The date You stop working;
- The date 12 months in a row after the first Income Recovery Benefit is paid; or

- The end of the Maximum Payment Period.

We will not pay more than 12 monthly Income Recovery Benefit payments following any one period of Disability, including any Recurring Disability.

This Rider is a part of the Certificate. Except as stated in this Rider, nothing contained in this Rider changes or affects any other terms of the Certificate.

CERTIFICATE RIDER

This Rider is effective as of the effective date of the Employee's Certificate. If this Rider is added to an inforce Certificate, the Rider becomes effective on its issue date. This Rider amends the Certificate by the addition of the following:

Survivor Benefit Rider

This Rider may pay a Survivor Benefit, according to the terms below.

What We Pay: We may pay a Survivor Benefit if You die after You:

- Had been Disabled for at least six months in a row; and
- Entitled to receive at least one full Monthly Benefit prior to Your death.

When We receive proof of Your death, We pay Your Eligible Survivor a lump sum benefit.

But, We first apply such benefit to reduce any overpayment You may owe Us.

Accelerated Survivor Benefit

If You have a terminal illness, We may accelerate payment of this Rider's Survivor Benefit.

For purposes of the accelerated Survivor Benefit, a terminal illness means a medical condition that is expected to result in Your death within 6 months.

To receive an accelerated Survivor Benefit, You must:

- Be entitled to receive a Monthly Benefit from the Certificate;
- Request this benefit in writing; and
- Provide written proof of terminal illness from a Doctor.

But, We will not pay an accelerated Survivor Benefit if there are less than 6 months remaining in the maximum benefit period.

If You choose to receive an accelerated Survivor Benefit, no Survivor Benefit is payable on Your death.

CERTIFICATE AMENDATORY RIDER

This Rider is effective on the Policy Date. If this Rider is added after the Policy Date, the Rider becomes effective on its issue date.

This Rider amends the Certificate by the replacement of the following Benefit Provisions:

Other Income Benefits: You may receive, or be entitled to receive, income shown in the list below.

We will reduce Your Gross Monthly Benefit by such other income benefits to determine Your Monthly Benefit from this Certificate.

- Commissions or monies received, payable but deferred, or paid after Disability benefits start.

  This includes:

  - Vested and nonvested renewal commissions;
  - Bonuses;
  - Royalties; and
  - Other distributions.

- Disability benefits from any mandated benefit act or law. This includes all temporary disability or state disability benefits required by law.

- Disability benefits from all group policies or plans of the Employer. This includes payments made by a group life insurance plan due to Your Disability. This does not include payments made from a group life insurance plan's:

  - Accelerated death benefit; or
  - Like provision that allows payment of such plan's proceeds due to terminal illness.

- Disability benefits from any other group policy or plan; but, if the other group plan was in force prior to this Certificate, and the other group plan also deducts for disability benefits from any other group plan, or if the other group plan sponsor or Employer and benefits received do not total 100% of Your previous income, We will not deduct these other group disability benefits.

- Income from sick leave, salary continuance or paid time off, exclusive of vacation time accrued prior to Disability, but only to the extent that such income plus the amount of Your Gross Monthly Benefit is more than 100% of Your Indexed Insured Earnings. This applies whether such benefits are sponsored on a formal or informal basis. This includes:

  - Donated;
  - Lump sum; and

- Recurrent payments of accrued sick leave benefits.

  But, if You are working while Disabled, We will account for such income as described in Adjustment of Monthly Benefit for Disability Earnings.

- Income received from partnership distributions but only to the extent that such income plus the amount of Your Gross Monthly Benefit is more than 100% of Your Indexed Insured Earnings.

- Benefits from: The United States Social Security Act; The Railroad Retirement Act; or any other like U.S. or Canadian plan or act.

  This includes:

  (a) All disability benefits for which: (i) You are entitled; and (ii) Your spouse and children are entitled due to Your Disability;

  (b) All unreduced retirement benefits for which: (i) You are entitled and awarded; and (ii) Your spouse and children are entitled and awarded due to Your entitlement; and

  (c) All reduced retirement benefits paid to: (i) You; and (ii) Your spouse and children due to Your receipt of such benefits.

  We do not reduce Your Gross Monthly Benefit by the retirement benefits described in (b) and (c) above, to the extent that You and Your dependents were entitled and awarded such income prior to the start of Disability. We will reduce the Gross Monthly Benefit by marginal increases in such income You and Your dependents were entitled and awarded after Disability begins.

  We will reduce Your Gross Monthly Benefit by Your dependents' benefits described in (a), (b) and (c) above if: (i) the dependents' benefits are provided to You by the Social Security Administration; (ii) at the time that the Social Security Administration makes its first payment of the dependent benefits described in (a), (b), and (c) above, the dependent child remains a minor dependent or an adult Disabled dependent, and (iii) the dependent benefits You are entitled to are greater than any dependent benefit being received by another person. Under these circumstances, We will reduce Your Gross Monthly Benefit by the difference between the amount the dependent was awarded under the prior recipient and the amount awarded the dependent under Your benefits.

  We do not reduce Your Gross Monthly Benefit by the benefits to which You are entitled, as described in (a), (b), and (c) above unless such benefits are greater than any widow/widower benefit You are receiving. And then We reduce Your Gross Monthly Benefit by the difference.

- Income of the type that is included in Your Insured Earnings for purposes of determining Your Gross Monthly Benefit under this Certificate.

- That portion of Retirement Plan retirement benefits which the Employer funds.

- That portion of Retirement Plan disability benefits which the Employer funds.

- Retirement benefits or Retirement Plan disability benefits, due to Your Disability, from any Government Plan other than those shown above.
- Disability benefits from any:
  - No-Fault Motor Vehicle Coverage;
  - Motor vehicle financial responsibility act; or
  - Like law.
- Payment or settlement, with or without admission of liability, from: A Workers' Compensation law; an occupational disease law; or any other act or law of like intent.

  This includes:
  - The Jones' Act;
  - The Longshoreman's and Harbor Workers' Compensation Act; or
  - Any Maritime doctrine of Maintenance, Wages or Cure.

  If You receive a payment net of attorney fees approved by the Workers' Compensation Board or similar authority, We reduce Our benefit by the net payment.
- Disability benefits from any third party when Your Disability is the result of the negligence or intentional tort liability of that third party.
- Unemployment compensation benefits.
- Payment from Your Employer as part of a termination or severance agreement.
- Payments from a paid leave, or a similar plan that pays for an approved leave, but only to the extent that such income plus the amount of Your Gross Monthly Benefit is more than 100% of Your Insured Earnings.

We reduce Your Gross Monthly Benefit with income shown above that You are entitled to receive without regard to the reason You are entitled to receive it.

Our right to reduce Your benefit by such income shall not be negated by a transfer of claim liability to a third party. Payment by such third party by law, settlement, judgment, waiver or otherwise shall not negate Our right.

Other Income Not Subject To Deduction: We will not reduce Your Gross Monthly Benefit by any income You receive or are entitled to receive from the list below.

STATEMENT OF ERISA RIGHTS

The Guardian Life Insurance Company of America
10 Hudson Yards
New York, New York 10001
(212) 598-8000

Your group Short Term and/or Long Term Disability Income benefits may be covered by the Employee Retirement Income Security Act of 1974 (ERISA). If so, you are entitled to certain rights and protections under ERISA.

ERISA provides that all plan participants shall be entitled to:

Receive Information about Your Plan and Benefits

(a) Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

(b) Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.

(c) Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforcement of Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules (see Claims Procedures below).

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a state or Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to $110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

Assistance with Questions

If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Disability Benefits Claims Procedure

If you seek benefits under the plan you should complete, execute and submit a claim form. Claim forms and instructions for filing claims may be obtained from The Guardian Life Insurance Company of America (hereinafter referenced as Guardian).

Guardian is the Claims Fiduciary with discretionary authority to interpret and construe the terms of the Policy, the Certificate, the Schedule of Benefits, and any riders, or other documents or forms that may be attached to the Certificate or the Policy, and any other plan documents. Guardian has discretionary authority to determine eligibility for benefits and coverage under those documents. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

In addition to the basic claim procedure explained in your certificate, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of ERISA.

Definitions

"Adverse determination" means any denial, reduction or termination of a benefit or failure to provide or make payment (in whole or in part) for a benefit.

Timing for Initial Benefit Determination

The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

Guardian will provide a benefit determination not later than 45 days from the date of receipt of a claim. This period may be extended by up to 30 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 45-day period. Such notification will include the reason for the extension and a date by which the determination will be made. If prior to the end of the 30-day period Guardian determines that an additional extension is necessary due to matters beyond the control of the plan, and so notifies the claimant, the time period for making a benefit determination may be extended for up to an additional period of up to 30 days. Such notification will include the special circumstances requiring the extension and a date by which the final determination will be made.

A notification of an extension to the time period in which a benefit determination will be made will include an explanation of the standards upon which entitlement to a benefit is based, any unresolved issues that prevent a decision of the claim, and the additional information needed to resolve those issues.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

B997.0232

Adverse Benefit Determination

If a claim is denied, Guardian will provide a notice that will set forth:

- The specific reason(s) for the adverse determination;
- References to the specific provisions in the Policy, Certificate, plan or other documents, on which the determination is based;
- A description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary;
- A description of the plan's claim review procedures which a claimant may follow to have a claim for benefits reviewed and the time limits applicable to such procedures;
- A statement disclosing any internal rule, guideline, protocol or similar criterion relied on in making the adverse benefit determination (or a statement that such information will be provided free of charge upon request); or a statement that no internal rule, guideline, protocol or similar criterion was relied upon in making the adverse benefit determination;
- If applicable, an explanation of the basis of disagreement with or not following the views presented by you, of health care professionals who treated you and vocational professionals who evaluated you;

- If applicable, an explanation of the basis for disagreeing with or not following the views of any medical or vocational expert whose advice was obtained on our behalf in connection with the adverse benefit determination, without regard to whether the advice was relied upon in making the determination;
- If applicable, an explanation of the basis for disagreeing with or not following a disability determination made by the Social Security Administration that you present to us;
- A description of the plan's review procedures and the time limits applicable to such procedures, including a statement of the claimant's right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination on appeal, and;
- In the case of an adverse benefit determination based on medical necessity or experimental treatment, notice will either include an explanation of the scientific or clinical basis for the determination, or a statement that such explanation will be provided free of charge upon request.

Appeal of Adverse Benefit Determinations

If a claim is wholly or partially denied, the claimant will have up to 180 days to make an appeal. Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- The opportunity to submit written comments, documents, records and other information relating to the claim;
- The opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relevant to the claim; and
- A review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- Provide for a review conducted by a named fiduciary who is neither the person who made the initial adverse determination nor that person's subordinate;
- In deciding an appeal based upon a medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- Identify medical or vocational experts whose advice was obtained in connection with an adverse benefit determination; and
- Ensure that a health care professional engaged for consultation regarding an appeal based upon a medical judgment shall be neither the person who was consulted in connection with the adverse benefit determination, nor that person's subordinate.

Guardian will notify the claimant of its decision not later than 45 days after receipt of the request for review of the adverse determination. This period may be extended by an additional period of up to 45 days if Guardian determines that special circumstances require an extension of the time period for processing and so notifies the claimant before the end of the initial 45-day period.

A notification with respect to an extension will indicate the special circumstances requiring an extension of the time period for review, and the date by which the final determination will be made.

In the event Guardian denies the appeal of an adverse benefit determination, it will:

- Provide the specific reason or reasons why the appeal was denied;
- Refer to the specific provisions in the Policy, Certificate, plan, or other documents on which the benefit determination is based;
- Provide a statement that the claimant is entitled to receive, upon request and free of charge, reasonably access to, and copies of all documents, records, and other information relevant to the claimant's claim for benefits;
- Provide a statement disclosing any internal rule, guideline, protocol or similar criterion relied on in making the adverse benefit determination (or a statement that such information will be provided free of charge upon request); or a statement that no internal rule, guideline, protocol or similar criterion was relied upon in making the adverse benefit determination;
- If applicable, provide an explanation of the basis of disagreement with or not following the views presented by you, of health care professionals who treated you, and vocational professionals who evaluated you;
- If applicable, provide an explanation of the basis for disagreeing with or not following the views of any medical or vocational expert whose advice was obtained on our behalf in connection with the adverse benefit determination, without regard to whether the advice was relied upon in making the determination;
- If applicable, provide an explanation of the basis for disagreeing with or not following a disability determination made by the Social Security Administration that you present to us;
- Provide a statement describing the claimant's right to bring a civil suit under Section 502(a) of the Employee Retirement Income Security Act of 1974 which shall also describe any applicable contractual limitations period that applies the claimant's right to bring such an action, including the calendar date on which the contractual limitations period expires for the claim, and;

- In the event the adverse benefit determination is based on a medical necessity or experimental treatment or similar exclusion or limit, provide either an explanation of the scientific or clinical judgment for the determination, applying the terms of the plan to the claimant's medical circumstances, or a statement that such explanation will be provided free of charge upon request.

Alternative Dispute Options

The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S Department of Labor Office and the State insurance regulatory agency.

In addition to any legal rights you may have under section 502(a), if you believe that we have violated ERISA's procedural requirements, you may request that we review any claimed violation(s) and we will respond to you within ten days.

ELIGIBILITY FOR CRITICAL ILLNESS - EMPLOYEE COVERAGE

Eligible Employees

Subject to the conditions of eligibility set forth below, and to all of the other conditions of the Plan, You are eligible if You are in an eligible class of Employees and are an active Full-Time Employee.

If You are a partner or proprietor, We will treat You like an Employee if You meet the Plan's conditions of eligibility.

Conditions of Eligibility

You are eligible for Critical Illness coverage if You are;

- Legally working in the United States, or working outside of the United States for a United States based employer in a country or region approved by Us; and
- Regularly working at least the number of hours in the normal work week set by the Employer (but not less than 30 hours per week) at: (1) the Employer's place of business; (2) some place where the Employer's business requires You to travel; or (3) any other place You and the Employer have agreed upon for the performance of occupational duties.

You are **not** eligible for Critical Illness coverage if You are a temporary or seasonal Employee.

Enrollment Requirement: If You must pay all or part of the cost of Your coverage, We will not cover You until You enroll and agree to make the required payments.

Proof of Insurability: If You: (1) do not meet this Plan's enrollment requirement within 31 days after You first become eligible; or (2) enroll after You previously had coverage which ended because You failed to make a required payment, We will ask for Proof of Insurability. And, You will not be covered until We approve that Proof of Insurability in writing.

Part or all of Your insurance amounts may be subject to Proof of Insurability. The Schedule of Benefits explains if and when We require Proof of Insurability. You will not be covered for any amount that requires such Proof of Insurability until You give the Proof of Insurability to Us and We approve that Proof of Insurability in writing.

If Your active Full-Time service ends before You meet any Proof of Insurability requirements that apply You will still have to meet those requirements if You are later re-employed by the Employer or an associated company.

When Employee Coverage Starts

Your eligibility date is the date You have met all of the conditions of eligibility.

Whether You must pay all or part of the cost of Your coverage, You must elect to enroll and agree to make the required payments before Your coverage will start. If You do this on or before Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You do this within 31 days after Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You elect to enroll and agree to make the required payments more than 31 days after Your Eligibility Date, Your coverage will not be scheduled to start until You send Us Proof of Insurability. Once We have approved such Proof of Insurability, Your coverage is scheduled to start on the effective date shown in the endorsement section of Your evidence of insurability form.

Any part of Your coverage which is subject to Proof of Insurability will not start unless You send such Proof of Insurability to Us, and We approve it in writing. Once We have approved it, that part of Your coverage is scheduled to start on the effective date shown in the endorsement section of Your evidence of insurability form. If Your active service ends before You meet any Proof of Insurability requirements that apply You will still have to meet those requirements if You are later re-employed by the Employer or an associated company.

On the date all or part of Your coverage is scheduled to start, You must be: (1) Actively At Work; (2) fully capable of performing the major duties of Your regular occupation; and (3) working Your regular number of hours. In that case, Your coverage will start at 12:01 A.M. Standard Time for Your place of residence on that date. In any other case, We will postpone the start of Your coverage until the date You: (a) return to Active Work; (b) are working Your regular number of hours; and (c) are fully capable of performing the major duties of Your regular occupation. Sometimes, a scheduled effective date is not a regularly scheduled work day. If the scheduled effective date falls: on a holiday; on a vacation day; on a non-scheduled work day; during a layoff of less than 180 days in duration; during an approved leave of absence not due to sickness or injury, of 90 days or less; or on a day during a period of absence that is less than 7 days in duration; and if: (a) You were fully capable of performing the major duties of Your regular occupation for the Employer on a full-time basis at 12:01 AM Standard Time for Your place of residence on the scheduled effective date; and (b) You were performing the major duties of Your regular occupation and working Your regular number of hours on Your last regularly scheduled work day; Your coverage will start on the scheduled effective date.

Delayed Effective Date For Voluntary Critical Illness Coverage: If You are not Actively At Work on the date Your Voluntary Critical Illness coverage is scheduled to start due to Sickness or Injury, We will postpone coverage for an otherwise covered loss due to that Sickness or Injury. We will postpone such coverage until You complete ten days in a row without missing a work day due to that Sickness or Injury in which You are: (1) Actively At Work; (2) fully capable of performing the major duties of Your regular occupation; and (3) working Your regular number of hours. Coverage for an otherwise covered loss due to all other conditions will start on the date You are: (a) Actively At Work; (b) fully capable of performing the major duties of Your regular occupation; and (c) working Your regular number of hours.

Exception to When Employee Coverage Starts: If You are not capable of performing the major duties of Your regular occupation for Your Employer on a full-time basis on the date Your coverage is scheduled to start, You will be insured for Critical Illness insurance if:

1. You were insured under the prior insurer's group critical illness policy at the time of the transfer;
2. You are a member of an eligible class; and
3. premiums for You were paid up to date; and
4. You are not receiving or eligible to receive benefits under the prior insurer's group critical illness policy.

Any Critical Illness benefit payable will be the lesser of:

1. the Critical Illness benefit payable under the Group Policy; or
2. the critical illness benefit payable under the prior insurer's group critical illness policy had it remained in force.

The Critical Illness benefit payable will be reduced by any amount paid by the prior insurer's group critical illness policy.

All other provisions under this Policy will apply under the Exception to When Employee Coverage Starts.

You will remain insured under this provision until the first to occur of:

1. the date You are fully capable of performing the major duties of Your regular occupation for Your Employer on a full-time basis;
2. the date insurance terminates for one of the reasons stated in When Employee Coverage Ends;
3. the last day of a period of 12 consecutive months which begins on the Policy effective date; or
4. the last day You would have been covered under the prior insurer's group critical illness policy, had the prior plan not terminated.

Your Right to Continue Critical Illness Coverage During a Family Leave of Absence

Important Notice: This section may not apply to Your Employer's Plan. You must contact Your Employer to find out if he or she must allow for a family leave of absence under federal law. If he or she must allow for such leave, this section applies.

If Your Coverage Would End: Your Critical Illness coverage would normally end because You cease work due to an approved leave of absence. But, You may continue Your coverage if the leave has been granted: (1) to allow You to care for a seriously injured or ill spouse, child or parent; (2) after the birth or adoption of a child; (3) due to Your own serious health condition; or (4) because of a serious Injury or illness arising out of the fact that Your spouse, child, parent or next of kin who is a covered service member is on active duty, or has been notified of an impending call or order to active duty, in the Armed Forces in support of a contingency operation. To continue Your coverage, You will be required to pay the same share of the premium as You paid before the leave of absence.

When Continuation Ends: Continued coverage will end on the earliest of the following:

- The date You return to Active Work.
- In the case of a leave granted to You to care for a covered service member, the end of a total leave period of 26 weeks in one 12 month period. This 26 weeks total leave period applies to all leaves granted to You under this section for all reasons. If You take an additional leave of absence in a subsequent 12 month period, continued coverage will cease at the end of a total leave period of 12 weeks.
- In any other case, the end of a total leave period of 12 weeks in any 12 month period.
- The date on which Your Employer's Plan is terminated or You are no longer eligible for coverage under this Plan.
- The end of the period for which premium has been paid.

Adopted Children and Step-Children

Your "unmarried dependent children" include Your legally adopted children, and Your step-children. But, Your step-children must depend on You for most of their support and maintenance. Dependents Not Eligible

We exclude any dependent who is on active duty in any armed force. And, We exclude any dependent who is covered by this Plan as an Employee.

A child may be an eligible dependent of more than one Employee who is insured under this Plan. In that case, the child may be insured for dependent Critical Illness benefits by only one Employee at a time.

B005.0066

All Options

Disabled Children

You may have an unmarried child who is: (a) incapable of self-sustaining employment by reason of a mental, intellectual or physical disability or developmental disability; and (b) chiefly dependent upon You for support and maintenance. In that case such a child may remain eligible for dependent benefits past the age limit subject to the conditions shown below.

- He or she became covered for dependent Critical Illness benefits before he or she reached the age limit.
- He or she stays unmarried and remains: (i) incapable of self-sustaining employment; and (ii) dependent upon You for most of his or her support and maintenance.
- You send Us written proof, and We approve such proof, of the child's disability and dependence within 31 days from the date he or she reaches the age limit. After the two year period following the child's attainment of the age limit, We can ask for periodic proof that the child's condition continues, but We cannot ask for this proof more than once a year. The child's coverage ends when Your coverage ends.

Proof of Insurability

We require Proof of Insurability that a dependent is insurable if You: (1) enroll a dependent who was previously declined or would have been considered a late enrollee under a group critical illness coverage plan providing dependent coverage which this Plan replaced; (2) enroll a dependent and agree to make the required payments after the end of the Enrollment Period.

A dependent is not covered by any part of this Plan that requires such Proof of Insurability until You give Us this Proof of Insurability and We approve it in writing.

If Your dependent coverage ends for any reason, including failure to make the required payments, Your dependent will not be covered by this Plan again until You give Us new Proof of Insurability that they are insurable and We approve that Proof of Insurability in writing.

B005.0069

All Options

When Dependent Coverage Starts

In order for Your dependent coverage to start, You must already be covered for Employee coverage, or enroll for Employee and dependent coverage at the same time.

Subject to the Exception below and to all of the other terms of this Plan, the date Your dependent coverage starts depends on when You elect to enroll Your Initial Dependents and agree to make any required payments. If You do this on or before Your Eligibility Date, the dependent's coverage is scheduled to start on the later of Your eligibility date and the date you become covered for Employee coverage.

If You do this within the Enrollment Period, the coverage is scheduled to start on the date You become covered for Employee coverage.

If You do this after the Enrollment Period ends, Your dependent coverage is subject to Proof of Insurability and will not start until We approve that Proof of Insurability in writing.

Once You have dependent child coverage for Your Initial Dependent child(ren) any Newly Acquired Dependent children will be covered as of the date he or she is first eligible.

If Proof of Insurability is required for dependent benefits as explained above, those benefits will not be scheduled to start until You give Us Proof of Insurability that the dependent is insurable. Once We have approved that Proof of Insurability, those benefits will be scheduled to start on the effective date shown in the endorsement section of Your application.

B005.0070

Exception We will postpone the effective date of a dependent's, other than a newborn child's, coverage if, on that date, he or she is: (1) confined to a hospital or other health care facility; (2) home confined; or (3) unable to perform two or more Activities of Daily Living. In that case, We will postpone the effective date of his or her coverage until the day after the date: (a) of his or her discharge from such facility; (b) his or her home confinement ends; or (c) he or she is no longer requires assistance with two or more Activities of Daily Living. If a dependent was covered under a prior plan at transfer, this language will not apply to the amount of coverage that was in force with the prior plan. This exception does not apply to adopted children and step-children.

B044.0010

When Dependent Coverage Ends

Dependent coverage ends for all of Your dependents when Your Employee coverage ends. Dependent coverage also ends for all of Your dependents when You stop being a member of a class of Employees eligible for such coverage. And, it ends when this Plan ends, or when dependent coverage is dropped from this Plan for all Employees or for Your class.

If You are required to pay all or part of the cost of dependent coverage, and You fail to do so, Your dependent coverage ends. It ends on the last day of the period for which You made the required payments, unless coverage ends earlier for other reasons.

Your dependent's coverage ends when he or she stops being an eligible dependent. This happens to a child at 12:01 A.M. on the date the child attains this Plan's age limit, when he or she marries, or when a step-child is no longer dependent on You for support and maintenance. It happens to a spouse: (1) when a marriage ends in legal divorce or annulment; and (2) at 12:01 A.M. on the date the spouse reaches the limiting age, if applicable.

This Plan only pays benefits for the occurrence of the Critical Illnesses listed and defined in the Covered Critical Illnesses section below.

Each Critical Illness must occur while the Covered Person is covered by this Plan. This Plan deems each Critical Illness to occur on the date described for each Critical Illness in the Covered Critical Illnesses section below.

Where one Critical Illness is caused by or contributes to another Critical Illness, only one benefit is payable. We will pay the greater of the benefits payable. If the amount payable for each Critical Illness is the same, You may choose which benefit to receive.

We deem Major Organ Failure to occur on the date the Covered Person is accepted onto the transplant waiting list of a recognized transplant program in the United States. We pay the benefit whether or not the transplant is ever performed. If the Covered Person is too ill for a transplant, but otherwise meets the criteria for being on the waiting list of a recognized transplant program, the waiting list requirement will be waived. In this instance We deem Major Organ Failure to occur on the date a Doctor of appropriate specialty deems the Covered Person is too ill for a transplant, but otherwise meets the criteria for being on a waiting list of a recognized transplant program in the United States.

We don’t pay a benefit under both this provision and the Heart Failure provision at the same time.

We pay no benefits for autologous bone marrow transplants.

Pre-Existing Conditions A pre-existing condition is a Injury or Sickness, whether diagnosed or misdiagnosed, and any symptoms of it, for which in the 3 months before a person becomes covered by this Plan he or she: (1) receives advice or treatment from a Doctor; (2) undergoes diagnostic procedures, other than routine screening in the absence of symptoms or suspicion of disease process by a Doctor; (3) is prescribed or has taken prescription drugs; or (4) receives other medical care or treatment, including consultation with a Doctor. This Plan will not pay benefits for a Critical Illness that is caused by, or results from, a Pre-Existing Condition if the Critical Illness occurs during the first 12 months the person is covered by this Plan.

This Plan also limits the Covered Person's benefits under this Plan if a Critical Illness that is caused by, or results from, a Pre-Existing Condition occurs after: (a) a change which provides for an increase in the benefits payable by this Plan; or (b) a change in Your benefit election which increased the benefit payable by this Plan, In this case, Your benefit will be limited to the amount that would have been payable had the change not taken place. This limit does not apply if the Critical Illness occurs after the Covered Person completes at least one full day of active work after the change has been in force for 12 months in a row.

B005.0137

If This Plan Replaces Another Plan

This Plan may be replacing a similar plan that the Employer had with some other carrier. In that case, the Pre-Existing Condition limitation will not apply to any Covered Person who: (1) was covered under the Employer's old plan on the day before this Plan started; and (2) has met the requirements of any Pre-Existing Condition or limitation of the old plan; and (3) in Your case, are Actively At Work on a Full-Time basis on the effective date of this Plan.

This Plan will credit any time used to meet the old plan's Pre-Existing Condition provision toward meeting this Plan's Pre-Existing Condition provision, if the Covered Person: (1) was covered under the old plan when it ended; (2) enrolls for coverage under this Plan on or before this Plan's effective date; and (3) is Actively Working on the effective date of this Plan; but (4) has not fulfilled the requirements of any Pre-Existing Condition provision of the old plan.

But, this Plan limits a Covered Person's benefit under this Plan if: (1) it is more than the Critical Illness benefit for which he or she was covered under the old plan; (2) the illness is due to a Pre-Existing Condition; and (3) this Plan pays benefits because this Plan credits time as explained above. In this case, this Plan limits the benefit to the amount the Covered Person to which he or she would have been entitled under the old plan.

This Plan deducts all payments made by the old plan under an extension provision.

PORTABILITY PRIVILEGE

Definition: As used in this provision, the terms "port" and "to port" mean to choose a portable certificate of coverage which provides group Critical Illness coverage.

Portability Conditions: Portability is subject to all of the Conditions described below.

- You may port if Your coverage under this Plan ends because: (1) You have terminated employment; (2) You stop being a member of an eligible class of Employees; or (3) this Plan ends.
- You may **not** port Your coverage if You have reached Your 70th birthday on the date coverage under this Plan ends.

You may port: (1) Your coverage only; (2) Your coverage and coverage of Your covered Spouse; (3) Your coverage and the coverage of all of Your covered dependents; or (4) if You are a single parent, Your coverage and the coverage of all of Your covered dependent children. No other combinations will be allowed.

A dependent must be covered as of the date Your coverage under this Plan ends in order to be eligible for portability.

If You die while covered for dependent Critical Illness coverage, Your Spouse may port Your dependent Critical Illness coverage as described above. Your Spouse and dependent children must be covered under this Plan on the date of Your death. But, this option is not available if: (1) there is no surviving Spouse; or (2) Your surviving Spouse has reached his or her 70th birthday on the date of Your death.

The Portable Certificate of Coverage: The portable certificate of coverage provides group Critical Illness. Benefit limits, maximums and timeframes do not reset when someone becomes covered under the portable certificate. The premium for the portable certificate of coverage will be based on: (1) the Covered Person's rate class under this Plan; and (2) Your surviving Spouse's age bracket as shown in the Critical Illness Portability Coverage Premium Notice.

How to Port: You or Your surviving Spouse must: (1) apply to Us in writing; and (2) pay the required premium. You or Your surviving Spouse must do this within 31 days from the date Your coverage under this Plan ends. We will not ask for proof that You or Your surviving Spouse are in good health.

VAP-18-TN

The following notice applies if your plan is governed by the Employee Retirement Income Security Act of 1974 and its amendments. This notice is not part of the Guardian plan of insurance or any employer funded benefits, not insured by Guardian.

STATEMENT OF ERISA RIGHTS

As a participant, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all plan participants shall be entitled to:

Receive Information About Your Plan and Benefits

(a) Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

(b) Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.

(c) Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

Prudent Actions By Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforcement Of Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a state or Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to $110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

Assistance with Questions

If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Group Health Benefits Claims Procedure

If you seek benefits under the plan you should complete, execute and submit a claim form. Claim forms and instructions for filing claims may be obtained from the Plan Administrator.

Guardian is the Claims Fiduciary with discretionary authority to determine eligibility for benefits and to construe the terms of the plan with respect to claims. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

In addition to the basic claim procedure explained in your certificate, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of the Employee Retirement Income Security Act of 1974 ("ERISA").

Definitions

"Adverse Benefit Determination" means any denial, reduction or termination of a benefit or failure to provide or make payment (in whole or in part) for a benefit.

"Group Health Benefits" means any accident, cancer, critical illness, specified disease or hospital indemnity coverages which are a part of this plan.

Timing For Initial Benefit Determination

The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

Claims. Guardian will provide a benefit determination not later than 30 days after receipt of a claim. If a claimant fails to provide all information needed to make a benefit determination, Guardian will notify the claimant of the specific information that is needed as soon as possible but no later than 30 days after receipt of the claim.

The time period for completing a benefit determination may be extended by up to 15 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 30-day period.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

Adverse Benefit Determination

If a claim is denied, Guardian will provide a notice that will set forth:

- the specific reason(s) for the adverse determination;
- reference to the specific plan provision(s) on which the determination is based;

- a description of any additional material or information necessary to make the claim valid and an explanation of why such material or information is needed;
- a description of the plan's claim review procedures and the time limits applicable to such procedures, including a statement indicating that the claimant has the right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination;
- identification and description of any specific internal rule, guideline or protocol that was relied upon in making an adverse benefit determination, or a statement that a copy of such information will be provided to the claimant free of charge upon request.

Appeal of Adverse Benefit Determinations

If a claim is wholly or partially denied, the claimant will have up to 180 days to make an appeal.

Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- the opportunity to submit written comments, documents, records and other information relating to the claim;
- the opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relating to the claim; and
- a review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- provide for a review conducted by a named fiduciary who is neither the person who made the initial adverse determination nor that person's subordinate;
- in deciding an appeal based upon a medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- identify medical or vocational experts whose advice was obtained in connection with an adverse benefit determination; and
- ensure that a health care professional engaged for consultation regarding an appeal based upon a medical judgment shall be neither the person who was consulted in connection with the adverse benefit determination, nor that person's subordinate.

Guardian will notify the claimant of its decision regarding review of an appeal as follows:

Claims. Guardian will notify the claimant of its decision not later than 60 days after receipt of the request for review of the adverse benefit determination.

Alternative Dispute Options

The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S Department of Labor Office and the State insurance regulatory agency.

The Wellness Benefit is $100.00.

The Covered Person must submit proof of the test, procedure or registration.

We limit what We pay to 1 Wellness Benefit(s) per Covered Person per calendar year.

The Wellness Benefit does not qualify for additional limits or payments under this Certificate's Rainy Day Fund, if this Rider is also included with this Certificate.

A Covered Person is an Employee or any of his or her covered dependents.

If You port Your Accident coverage, and the Wellness Benefit was already paid in the same calendar year under this Rider, the Wellness Benefit will not be paid again in that calendar year under the ported certificate.

This Rider is a part of this Certificate. Except as stated in this Rider, nothing contained in this Rider changes or affects any other terms of this Certificate.

CERTIFICATE RIDER - Injury-Free Benefit

This Rider is effective as of the effective date of the Employee's Certificate. If this Rider is added to an inforce Certificate, the Rider becomes effective on its issue date. This Rider amends the Certificate by the addition of the following:

Injury-Free Benefit

If during a Claim Period, all Covered Persons incur no claims for which this Certificate, or any Rider, pays a benefit, other than a Wellness claim or a Concussion Baseline Study claim (if applicable to this Certificate), We will pay $200.00.

A Claim Period is a 5 year period that starts:

- On the Employee's effective date of coverage under this Rider; or
- On the day after a 5 year claim-free period for which this Rider has paid an Injury-Free Benefit payment; or
- On the day after a Covered Person incurs a claim for which this Certificate or any Rider pays a benefit, other than a Wellness claim or Concussion Baseline Study claim (if applicable to this Certificate); or
- On the first day of reinstatement after the Employee has a Break in Coverage.

Once an Injury-Free Benefit or a claim payment is made to any Covered Person, a new Claim Period will start.

A Covered Person is the Employee or any of his or her covered dependents.

A Break in Coverage is any length of time during which the Employee loses coverage under the Certificate or this Rider and then is covered again.

Overpayment Recovery

If We paid the Injury-Free Benefit, and then receive a claim that was incurred during the 5 year period, the Injury-Free Benefit must be repaid in full. We have the right to reduce future benefits payable under this Certificate and any applicable Riders toward recovery of any overpayment.

If a Covered Person ports Accident coverage, any time accumulated toward the Claim Period under this Rider will be credited to the ported certificate when determining if an Injury-Free Benefit payment is to be made under the ported certificate.

This Rider is a part of this Certificate. Except as stated in this Rider, nothing contained in this Rider changes or affects any other terms of this Certificate.

CERTIFICATE RIDER - Rainy Day Fund

This Rider is effective as of the effective date of the Employee's Certificate. If this Rider is added to an inforce Certificate, the Rider becomes effective on its issue date. This Rider amends the Certificate by the addition of the following:

Rainy Day Fund

The "Rainy Day Fund" provides a Covered Person with additional benefits when he or she has exhausted a benefit frequency limitation, which applies to a particular benefit, as shown in the Certificate s Schedule of Benefits and/or the Accident Benefits section of the Certificate.

Each Benefit Year, the Rainy Day Fund is available to extend a benefit which the Covered Person has exhausted due to a frequency limitation in that Benefit Year.

We will pay from the Rainy Day Fund, the amounts shown in the Certificate's Schedule of Benefits, for each covered benefit or service. However, We limit what We pay to the amount remaining in the Covered Person s Rainy Day Fund.

Benefit Amounts

Initial Rainy Day Fund Amount: $400.00

Rainy Day Rollover Maximum: $200.00

Rainy Day Fund Maximum: $800.00

Each Covered Person starts each Benefit Year with at least the Initial Rainy Day Fund Amount in their Rainy Day Fund. Each Benefit Year, we will use the fund to pay claims until it's exhausted.

If, at the end of a Benefit Year, all available funds are not used to pay claims, the remaining amount is rolled over to the next Benefit Year, subject to the Rainy Day Rollover Maximum. The amount rolled over is added to the greater of the next Benefit Year's Initial Rainy Day Fund Amount or the remaining amount at the end of the Benefit Year. However, we limit the amount in each Covered Person's Rainy Day Fund to the Rainy Day Fund Maximum.

By Covered Person, We mean You, as an Employee covered under this Rider or Your covered dependent Spouse or child.

Benefit Year means a 12 month calendar year.

The Rainy Day Fund does not apply to the following benefits, if these benefits are shown in this Certificate, including any Riders:

- Burn;
- Burn Skin Graft;
- Coma;

- Concussion;
- Concussion Baseline Study;
- Disability;
- Dislocations;
- Emergency Room Treatment;
- Hospital Admission/Hospital ICU Admission;
- Initial Doctor's Office/Urgent Care visit;
- Laceration;
- Medical Appliance;
- Post-Traumatic Stress Disorder;
- Prosthetic Device;
- Tendon/Ligament/Rotator Cuff;
- Traumatic Brain Injury;
- Wellness.

If a Covered Person ports Accident coverage, his or her Rainy Day Fund balance under this Rider is transferred to the ported certificate.

This Rider is a part of this Certificate. Except as stated in this Rider, nothing contained in this Rider changes or affects any other terms of this Certificate.

The Spouse and dependent child(ren) must be covered under this Policy and Certificate on the date of Your death. This option is not available if there is no surviving Spouse.

How to Port Coverage

You or Your surviving Spouse or dependent child(ren) must:

- Apply to Us in writing; and
- Pay the required premium.

You or Your surviving Spouse or dependent child(ren) must do this within 31 days from the date Your coverage under this Policy and Certificate ends.

We will not ask for proof that You or Your surviving Spouse or dependent child(ren) are in good health.

Your coverage will end on the first of the following dates:

- The date We discontinue all Portability Coverage for a class of insureds to which You belong.
- The last day of the period for which required Premium payments are made by You.
- The date You die.

The Portable Certificate of Coverage

The Portable Certificate of Coverage provides Group Accident coverage. The premium for the Portable Certificate of Coverage will be based on Your rate class under this Policy and Certificate or Your surviving Spouse's rate shown in the Accident Portability Coverage Premium Notice.

STATEMENT OF ERISA RIGHTS

The Guardian Life Insurance Company of America
10 Hudson Yards
New York, New York 10001
(212) 598-8000

Your group accident insurance benefits may be covered by the Employee Retirement Income Security Act of 1974 (ERISA). If so, you are entitled to certain rights and protections under ERISA.

ERISA provides that all plan participants shall be entitled to:

Receive Information about Your Plan and Benefits

(a) Examine, without charge, at the plan administrators office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

(b) Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.

(c) Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforcement of Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules (see Claims Procedures below).

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to $110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court. If it should happen that plan fiduciaries misuse the plans money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

Assistance with Questions

If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Accident Insurance Claims Procedure

If you seek benefits under the plan you should complete, execute and submit a request for claim. Instructions for filing claims may be obtained from The Guardian Life Insurance Company of America (hereinafter referenced as Guardian.)

Guardian is the Claims Fiduciary with the authority to interpret and construe the terms of the Policy, the Certificate, the Schedule of Benefits, and any riders, or other documents or forms that may be attached to the Certificate or the Policy, and any other plan documents. Guardian has the authority to determine eligibility for benefits and coverage under those documents. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

In addition to the basic claim procedure explained in your Certificate, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of ERISA.

Definitions

"Adverse determination" means a denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit, including any such denial, reduction, termination, or failure to provide or make payment that is based on a determination of a participants or beneficiarys eligibility to participate in a plan.

Timing for Initial Benefit Determination of Accident Insurance Claims

The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

Guardian will provide a benefit determination not later than 90 days from the date of receipt of a claim. This period may be extended by up to 90 days if Guardian determines that an extension is necessary due to special circumstances, and so notifies the claimant before the end of the initial 90-day period. Such notification will include the reason for the special circumstances requiring the extension and a date by which the determination is expected to be made.

A notification of an extension to the time period in which a benefit determination will be made will include an explanation of the standards upon which entitlement to a benefit is based, any unresolved issues that prevent a decision of the claim, and the additional information needed to resolve those issues.

Adverse Benefit Determination of Accident Insurance Claims

If a claim is denied, Guardian will provide notice that will set forth:

- The specific reason(s) for the adverse determination;
- References to the specific provisions in the Policy, Certificate, plan or other documents, on which the determination is based;
- A description of any additional material or information needed to perfect the claim, and an explanation of why such material or information is necessary;
- A description of the plan's claim review procedures which a claimant may follow to have a claim for benefits reviewed and the time limits applicable to such procedures; and
- A description of the plan's review procedures and the time limits applicable to such procedures, including a statement of the claimant's right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination on review.

B442.0582

Appeals of Adverse Determinations of Accident Insurance Claims

If a claim is wholly or partially denied, you will have up to 60 days to make an appeal. Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- The opportunity to submit written comments, documents, records and other information relating to the claim;
- The opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relevant to the claim; and
- A review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will notify the claimant of its decision not later than 60 days after receipt of the request for review of the adverse determination. This period may be extended by an additional period of up to 60 days if Guardian determines that special circumstances require an extension of the time period for processing and so notifies the claimant before the end of the initial 60-day period.

A notification with respect to an extension will indicate the special circumstances requiring an extension of the time period for review, and the date by which the final determination will be made. In the event Guardian denies the appeal of an adverse benefit determination, it will:

- Provide the specific reason or reasons why the appeal was denied;
- Refer to the specific provisions in the Policy, Certificate, plan, or other documents on which the benefit determination is based;
- Provide a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of all documents, records, and other information relevant to the claimants claim for benefits.

Alternative Dispute Options

The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S Department of Labor Office and the State insurance regulatory agency.
