ELIGIBILITY

First of the month after 60 days of employment

OVERVIEW OF BENEFITS

CHANGES AND QUALIFYING EVENTS

WHEN COVERAGE BEGINS AND ENDS

As a full-time employee, you are eligible to enroll in the benefit plans effective the 1st of the month following 60 days of employment.

Your coverage under the benefits plans will end if you no longer meet the eligibility requirements, your contributions are discontinued, or the Group Insurance Policy is terminated.

QUALIFYING EVENTS

Eligible employees may enroll or make changes to their benefits elections during the annual open enrollment period. As with most benefits, once you elect an option you are bound to that choice for the entire plan year unless you experience a “Qualifying Event”.

These may include, but are not limited to:

- Changes in employment status
- Changes in legal marital status
- Changes in number of dependents
- Taking an unpaid leave of absence
- Dependent satisfies or ceases to satisfy eligibility requirement
- Family Medical Leave Act (FMLA) leave.
- A COBRA-qualifying event
- Entitlement to Medicare or Medicaid
- A change in the place of residence of the employee, resulting in the current carrier not being available

THE FOUR BASIC NEEDS

To make the most of your benefits, you must first understand yours and your family's needs and how your employee benefit package fits into those specific needs. Every consumer has four basic areas to cover:

Health Coverage, basically paying the healthcare expenses,

Earnings Protection (Disability), protecting your income in the event of an accident or illness.

Life Coverage, protecting your family or loved ones in the event of your premature death,

Planning (Retirement), having money for those golden years.

HEALTH (MEDICAL)

TERMS TO REMEMBER

ANNUAL DEDUCTIBLE

The amount you pay each year before the plan starts paying a portion of medical expenses. A single member of a family doesn't have to meet the full family deductible for after-deductible benefits to kick in.

COPAYS AND COINSURANCE

These expenses are your share of cost paid for covered health care services. Copays are a fixed dollar amount and are usually due at the time you receive care. Coinsurance is your share of the allowed amount charged for a service and is generally billed to you after the health insurance company reconciles the bill with the providers.

OUT-OF-POCKET MAXIMUM

This is the total amount you can pay out of pocket each calendar year before the plan pays 100 percent of covered expenses for the rest of the calendar year. Most expenses that meet provider network requirements count toward the annual out-of-pocket maximum, including expenses paid to the annual deductible, copays and coinsurance.

IN-NETWORK & OUT-OF-NETWORK

Your plan allows for both in and out-of-network coverage, and you can choose any provider you wish. However, if you choose to see a provider that is not currently in the network, you will pay a greater share of the cost. Determining whether a provider is in-network is your responsibility.

PREVENTIVE SERVICES

Understanding the full value of covered benefits allows you to take responsibility for maintaining good health and incorporating healthy habits into your lifestyle. Some examples include getting regular physical examinations, mammograms and immunizations. Through the plans offered by Easley Transportation, all covered individuals and family members are eligible to receive routine wellness services like the above, at no cost; all copays, coinsurance, and deductibles are waived.

WHICH PREVENTIVE CARE SERVICES ARE COVERED?

The US Preventive Services Task Force maintains a regular list of recommended services that all Affordable Care Act (aka Health Care Reform) compliant insurance plans should cover at 100% for in-network providers. Below is a list of common services that are included in the plans offered this year:

“AN OUNCE OF PREVENTION IS WORTH A POUND OF CURE”

- Routine Physical Exam
- Well Baby and Child Care
- Well Woman Visits
- Immunizations
- Routine Bone Density Test
- Routine Breast Exam
- Routine Gynecological Exam
- Screening for Gestational Diabetes
- Obesity Screening and Counseling
- Routine Digital Rectal Exam
- Routine Colonoscopy
- Routine Colorectal Cancer Screening
- Routine Prostate Test
- Routine Lab Procedures
- Routine Mammograms
- Routine Pap Smear
- Smoking Cessation Programs
- Health Education/Counseling Services
- Health Counseling for STDs and HIV
- Testing for HPV and HIV
- Screening and Counseling for Domestic Violence

MEDICAL PLAN

First Primary Care – Your medical provider

Easley Transportation offers you the option to participate in Medical Coverage through First Primary Care or FPC. You may receive medical services from any provider; however, you will have a higher benefit level at a participating provider.

You may find participating providers by visiting [MyEasleyBenefits.com](https://www.MyEasleyBenefits.com) and selecting Find a Doctor.

Reminders/Updates

- Your routine, preventive visits and screenings are covered at no cost to you.
- You may cover your adult children under your medical plan until they reach their 26th birthday, regardless of their student, financial or marital status.

How Can You Get The Most Out of Your Health Coverage?

It is all about educating yourself on the options available. Balancing cost and coverage is the key. Find out the plan coverage levels, applicable deductibles and copays. Know what your money is buying.

Every year the cost of healthcare increases faster than just about every other product or service you buy. For most of us, the ways to go about saving money on healthcare expenses are not always obvious. It is a lot like the ways you save money on other things - by learning everything you can about the product and taking advantage of discounts wherever you can find them.

Do you always check to see if you doctor is part of the network?

Please be advised, our medical plans cover much less when an out-of-network provider is used. The only exception is when there is a life-threatening emergency. So, check the provider directory online at [MyEasleyBenefits.com](https://www.MyEasleyBenefits.com) to see if your physician, hospital and pharmacy are in the network in order to receive the highest level of benefits.

MEDICAL PLAN ABOUT WOOP PLAN

Waived Out of Pocket

Same Plan

You have one plan and two ways to use it:
Coordinated and Uncoordinated.

Your Coordinated care is through Direct Primary Care (DPC) provided by First Primary Care (FPC).

Direct Primary Care cuts out the middleman—insurance—so you can connect directly with your doctor. This means more personal, hands-on care, longer appointments, and quick access to your doctor, all without surprise costs.

DPC is designed to make healthcare simpler and better for you and your family—more accessible, affordable, and effective

Personalized Care

You get more time with your doctor during each visit, and we're here when you need us—whether it's same-day or next-day appointments or even 24/7 access for urgent concerns. Your care is tailored to you, with the attention and support you deserve.

Hands-On Care Coordination

Our team works behind the scenes to ensure that every step of your healthcare journey is smooth. From scheduling specialist appointments to handling referrals and follow-ups, we're fighting for you so you can focus on your health.

Affordable and Simple

Included in your plan is a flat monthly fee that covers most of your care—no surprise bills, no copays, and no deductibles. Predictable, transparent pricing makes it easy to budget for your healthcare without the stress of unexpected medical costs.

The Uncoordinated care is paid based on RBP

You have the option to seek care without the guidance of your direct primary care doctor with higher out of pocket costs.

The pathway you choose determines the benefits level.

Your Medical Plan Cost

Below are your new medical premiums that will take effect 2/1/2025.

DISABILITY PLAN

If you become disabled, you could be out of work for a period of time. Without your income, how would you pay for your everyday living expenses? Fortunately, Disability Insurance offers financial protection options that can help you.

What can cause a disability?

Regardless of your age or health, a disability could keep you out of work for weeks or months. Some of the most common conditions associated with short-term disability claims are arthritis, pregnancy, back problems, dislocations/sprains and fractures.

How reliable is your safety net?

While many with disabilities look to workers' compensation for on-the-job accidents, what resources are available for income replacement due to an illness or off-the-job injuries. In these instances, Disability Insurance can help you meet your financial obligations

Here's How It Works

You choose the maximum monthly benefit level that meets your needs. Then, if you are faced with a period of unexpected sickness or off-the-job injury, you will receive cash benefits to use as you see fit. This could include medical treatments, daily living expenses and more.

Meeting Your Needs

- You choose the monthly benefit level that meets your needs
- Benefits start the first day after the elimination (waiting) period, when you are totally disabled and cannot work
- Premiums are affordable and conveniently payroll deducted

3 Month Benefit Period – SAMPLE Weekly Rates

Elimination Period	Issue Age	\$1,000 Benefit	\$2,000 Benefit	\$3,000 Benefit
14 days	18-49	5.72	11.45	17.17
	50-59	7.34	14.68	22.02
	60-64	9.79	19.57	29.36

Pre-Existing Condition Limitation - Benefits are not paid for a disability that starts within 12 months of your effective date from a preexisting condition. You have a pre-existing condition if the disability began during the 12 months after the effective date; and you received medical treatment, consultation, care or services, diagnostic measures, or took medications or followed treatment recommendations in the 12 months prior to the effective date of coverage, or the date an increase in benefits was effective; or symptoms existed in the 12 months prior to the effective date or the date an increase in benefits was effective.

DID YOU KNOW?

More than 40% of Americans cannot afford to pay an unexpected \$500 medical bill.¹

Just over 1 in 4 of today's 20-year-olds will become disabled before they retire.²

How much life insurance do you need?

The real question is:

How much will your loved ones need for short- and long-term expenses?

According to the American Council of Life Insurers (ACLI), a guideline is a life insurance amount equal to 10 times your annual income. No rule applies to everyone, however, because financial situations and goals vary from person to person and family to family. Use our simple online life insurance calculator at HumanaLife.com to help determine your life insurance needs.

Remember! Your current cost may have increased as you've aged. Be sure to check all your coverage and costs during open enrollment.

If a covered person is eligible for any amount in excess of the guaranteed issue amount shown above, the employee must furnish evidence of insurability, which is subject to HUMANA approval.

401K PLAN

Easley Transportation 401(K) Plan has adopted to provide you (the employee) with the opportunity to save for retirement on a tax advantaged basis. This Plan is a type of qualified retirement plan.

Premium Assistance Under Medicaid and the Children’s Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you’re eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren’t eligible for Medicaid or CHIP, you won’t be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877- KIDS NOW** or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren’t already enrolled. This is called a “special enrollment” opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call **1-866-444-EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 1, 2022. Contact your State for more information on eligibility –

Important Notice from EASLEY TRANSPORTATION About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with EASLEY TRANSPORTATION and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. The plan has determined that the prescription drug coverage offered by Easley is, on average for all plan participants, not mandatory or expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Non-Creditable Coverage. Because your existing coverage is Non-Creditable Coverage, you may have to pay a higher premium (a penalty) if you later decide to join a Medicare drug plan after your eligibility period.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current EASLEY TRANSPORTATION coverage may be affected. If you do decide to join a Medicare drug plan and drop your current EASLEY TRANSPORTATION coverage, be aware that you and your dependents may not be able to get this coverage back until open enrollment.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop, lose, or keep your current coverage with EASLEY TRANSPORTATION and don't join a Medicare drug plan within 63 continuous days after your Medicare coverage eligibility period coverage period ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

NOTE: You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through EASLEY TRANSPORTATION changes. You also may request a copy of this notice at any time.

New Health Insurance Marketplace Coverage Options and Your Health Coverage

Form Approved
OMB No. 1210-0149
(expires 6-30-2023)

PART A: General Information

When key parts of the healthcare law take effect in 2014, there will be a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment-based health coverage offered by your employer.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins in October 2013 for coverage starting as early as January 1, 2014.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income..

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit.

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution, as well as your employee contribution to employer-offered coverage, is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

How Can I Get More Information?

For more information about your coverage offered by your employer, please check your summary plan description or visit MyEasleyBenefits.com

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

PART B: Information About Health Coverage Offered by Your Employer

This section contains information about any health coverage offered by your employer. If you decide to complete an application for coverage in the Marketplace, you will be asked to provide this information. This information is numbered to correspond to the Marketplace application.

3. Employer name EASLEY TRANSPORTATION		4. Employer Identification Number (EIN) 62-1764823	
5. Employer address 4300 Air Trans Rd		6. Employer phone number 901-362-5152

10. Who can we contact about employee health coverage at this job? Segue HR			
11. Phone number (if different from above) 901-284-3700		12. Email address Pkhan@SegueHR.com	

Here is some basic information about health coverage offered by this employer:

- As your employer, we offer a health plan to:
 - Eligible employees who work full time who more than 30 hours per week.

With respect to dependents:

We do offer coverage. Eligible dependents are your spouse, children under age 26 that are classified as natural, adopted, step, foster, court ordered, under full time employees. A handicapped child, age 26 years or over, who was insured under the medical plan before reaching age 26, is also eligible.

- This coverage meets the minimum value standard, and the cost of this coverage to you is intended to be affordable, based on employee wages.
- ^^ Even if your employer intends your coverage to be affordable, you may still be eligible for a premium discount through the Marketplace. The Marketplace will use your household income, along with other factors, to determine whether you may be eligible for a premium discount. If, for example, your wages vary from week to week (perhaps you are an hourly employee or you work on a commission basis), if you are newly employed mid-year, or if you have other income losses, you may still qualify for a premium discount.

If you decide to shop for coverage in the Marketplace, [HealthCare.gov](https://www.healthcare.gov) will guide you through the process. Here's the employer information you'll enter when you visit [HealthCare.gov](https://www.healthcare.gov) to find out if you can get a tax credit to lower your monthly premiums.
